FOREWORD

The Constitution requires each house of the General Assembly to keep a Journal of its proceedings. The Journal is intended to assure a public account of legislative activity and constitutes the final official record of action by the General Assembly.

Under the provisions of Sections 6.161, 6.162 and 57.151 of the *Kentucky Revised Statutes*, the Legislative Research Commission is responsible for comparing, editing, correcting, and publishing the Journals as approved by each house of the General Assembly. This Journal represents the fulfillment of this obligation for the Regular Session of the House of Representatives of 1992.

The text of a bill is spread in full when it receives a first reading. The vote on passage of a bill is indicated upon its receipt of a third reading, or upon concurrence by the originating house in amendments by the second house. Simple and concurrent resolutions are printed on first reading when applicable or when adopted, and joint resolutions are treated as bills. A table of actions on bills and resolutions is appended. Roll calls on motions to pass legislation have been compiled in an Appendix.

Mrs. Jean Wallace and Mrs. Wilda Bond prepared House Journal for the Regular Session of 1992. The edited copy and index in this Journal reflect the cooperative efforts of the Commission's staff.

(1) Whenever it is determined that a taxpayer, who holds a license to mine coal in Kentucky under KRS 351.175, is a "delinquent taxpayer" as defined in subsection ***(3)***[~~(2)~~] of this section, the Revenue Cabinet shall, after giving notice as provided in subsection ***(4)***[~~(3)~~] of this section, submit the name of ***the*** [~~such~~] taxpayer to the Department of Mines and Minerals for revocation of the license issued under KRS 351.175.

(2) If it is determined that a person who is an agent, contract miner, or delegate of a delinquent taxpayer as defined in subsection (3) holds a license to mine coal for the delinquent taxpayer in Kentucky under KRS 351.175, the Revenue Cabinet shall, after giving notice as provided in subsection (4) of this section, submit the name of the agent, contract miner or delegate to the Department of Mines and Minerals for revocation of the license issued under KRS 351.175 to mine coal for the delinquent taxpayer.

(3)[~~(2)~~] ***Any*** [~~Either~~] of the following situations is sufficient to cause a taxpayer to be classified as a "delinquent taxpayer" for purposes of this section:

(a) When a taxpayer [~~holding a license under KRS 351.175~~] has an overdue state tax liability arising directly or indirectly from the mining, transportation or processing of coal, for which all protest and appeal rights granted by law have expired and has been contacted by the cabinet concerning the overdue tax liability. This does not include a taxpayer who is making current timely installment payments on ***the*** [~~such~~] overdue tax liability under agreement with the cabinet.

(b) When a taxpayer [~~holding a license under KRS 351.175~~] has not filed a required tax return as of thirty (30) days after the due date or after the extended due date, and has been contacted by the cabinet concerning the delinquent return. The notice shall state the reason for ***the*** [~~such~~] action and shall set out the amount of any tax liability including any applicable penalties and ***interest*** [~~interests~~] and any other area of noncompliance which must be satisfied in order to prevent the submission of his name to the Department of Mines and Minerals as a "delinquent taxpayer."

The commissioner or his accredited agents shall have the authority to extend the time for filing of the map not to exceed an additional forty-five (45) days. Upon receipt of

withdrawal of the certification of the commissioner of the Department of Workers' Claims, or upon receipt of notice from the secretary of revenue that the licensee is a "delinquent taxpayer," as defined in KRS Chapter 131, the department shall forthwith revoke any license hereunder issued. Revocation of said license shall be an administrative function of the department. Appeal of said administrative function shall lie in the Fayette Circuit Court.

(4) The mine inspector shall have the authority to stop production at the mine of any operator who fails to procure a license or fails to furnish a certification of workers' compensation coverage as required under this section.

(5) The department shall be authorized to seek injunctive relief for any violation of this section.

(6) The application for a license shall be accompanied by a transportation plan. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge.

Section 2. The provisions of this Act shall be effective beginning August 1, 1992.

HB 772, AN ACT relating to school funding and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the program to support education excellence in Kentucky, the statewide guaranteed base funding level, as defined in KRS 157.320, shall be computed by dividing the amount appropriated for this purpose by the prior year's statewide average daily attendance.

(2) Each district shall receive an amount equal to the base funding level for each pupil in average daily attendance in the district in the previous year. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by a factor to be established by the General Assembly;

(b) The number and types of exceptional children in the district as defined by KRS 157.200. No later than October 1, 1991, specific weights for each category of exceptionality shall be developed by the Department of Education and shall be used in the calculation of the add-on factor for exceptional children. Prior to the development of the necessary weights, the General Assembly shall determine the costs associated with the education of exceptional children based on the count of pupils with different exceptionalities, an appropriate pupil-teacher ratio, and total per-pupil costs; and

(c) Transportation costs. The per pupil cost of transportation shall be calculated as provided by KRS 157.370. No later than October 1, 1991, the Office of Education Accountability's Division of School Finance shall examine the components of the current system for allocating transportation funds, and recommend any needed changes to the General Assembly, the Governor, and the State Board for Elementary and Secondary Education. Districts which contract to furnish transportation to students attending nonpublic schools may adopt any payment formula which assures that no public school funds are used for the transportation of nonpublic students.

(3) The program to support education excellence in Kentucky shall be fully implemented by the 1994-95 school year. No district shall receive an annual increase in state funds of less than eight percent (8%) for 1990-91 and five percent (5%) in 1991-92 or more than twenty-five percent (25%) in either year.

(4) Except for those schools which have implemented school-based decision making, the chief state school officer shall enforce maximum class sizes for every academic course requirement in all grades except in vocal and instrumental music, art, physical education, and special education classes. Except in classes combining pupils from two (2) or more grade levels, the maximum number of pupils enrolled in a class shall be as follows:

(a) Twenty-four (24) in primary grades (kindergarten through third grade);

(b) Twenty-eight (28) in grade four (4);

(c) Twenty-nine (29) in grades five (5) and six (6);

(d) Thirty-one (31) in grades seven (7) to twelve (12);

(e) Except for those schools which have implemented school-based decision making, class size loads for middle and secondary school classroom teachers shall not exceed the equivalent of one hundred fifty (150) pupil hours per day.

The chief state school officer, upon approval of the State Board for Elementary and Secondary Education, shall adopt administrative regulations for enforcing this provision. These administrative regulations shall include procedures for a superintendent to request an exemption from the State Board for Elementary and Secondary Education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive in any one (1) year exemptions for more classes than enroll twenty percent (20%) of the pupils in the primary grades and grades four (4) through eight (8).

(5) In grades four (4) through six (6) with combined grades, the maximum class size shall be the average daily attendance upon which funding is appropriated for the lowest assigned grade in the class. There shall be no exceptions to the maximum class size for combined classes. In combined classes other than the primary grades, no ungraded students shall be placed in a combined class with graded students. In addition, there shall be no more than two (2) consecutive grade levels combined in any one (1) class in grades four (4) through six (6). However, this shall not apply to schools which have implemented school-based decision making.

(6) If a local school district, through its admission and release committee, determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, the school district shall count as average daily attendance in a public school the time that the child is in attendance at the school or agency, contingent upon approval by the chief state school officer.

(7) Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 to 65.300 shall, for the purpose of calculating average daily attendance, be considered as in

attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of subsection (1) of this section, teachers who are actually employees of the joint or cooperative action shall be considered as employees of each school district which is a party to the agreement.

(8) Program funding shall be increased when the average daily attendance in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district for the first two (2) months of the previous school year. The program funds allotted the district shall be increased by the percent of increase. The average daily attendance in kindergarten is the kindergarten full-time equivalent pupils in average daily attendance.

(9) ***If the average daily attendance for the first two (2) months of the current school year in any district is ten percent (10%) less than the average daily attendance for which the district received funding the previous year, the average daily attendance for calculating program funding shall be increased by two-thirds (2/3) the percent of decrease. If the same percentage decrease exists the succeeding year, the average daily attendance for calculating program funding shall be increased by one-third (1/3) the percent of decrease.***

(10) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the program funding allotted the district for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(11)[~~(10)~~] (a) Instructional salaries for vocational agriculture classes shall be allotted for twelve (12) months per year. Vocational agriculture teachers shall be responsible for the following program of instruction during the time period beyond the regular school term established by the local board of education: supervision and instruction of students in agriculture experience programs; group and individual instruction of farmers and agribusinessmen; supervision of student members of agricultural organizations who are involved in leadership training or other activity required by state or federal law; or any program of vocational agriculture established by the Office of Vocational Education in the Department of Education. Salary allotments for vocational agriculture units shall be computed by proportionately increasing the salary schedule allocation based on the regular one hundred eighty-five (185) day school year for teachers with comparable qualifications and experience. During extended employment, no vocational agriculture teacher shall receive salary on a day that the teacher is scheduled to attend an institution of higher education class which could be credited toward meeting any certification requirement.

(b) Each teacher of agriculture employed twelve (12) months per year shall submit an annual plan for summer program to the local school superintendent for approval. The summer plan shall include a list of tasks to be performed, purposes for each task, and time to be spent on each task. Approval by the local school superintendent shall be in compliance with the guidelines developed by the State Department of Education. The supervision and accountability of teachers of vocational agriculture's summer programs shall be the responsibility of the local school superintendent. The local school superintendent shall submit to the chief state school officer a completed report of summer tasks for each vocational agriculture teacher employed for twelve (12) months. Twenty percent (20%) of the approved twelve (12) month vocational agriculture programs shall be audited annually by the State Department of Education to determine that the summer plan has been properly executed.

(c) For the 1990-91 and the 1991-92 school years, an add-on appropriation shall be made to local school districts which are operating secondary vocational education programs. The amount provided in the budget shall be allocated on a per pupil basis and shall be used to meet the higher per student cost of operating vocational education programs.

(12)[~~(11)~~] (a) In allotting program funds for home and hospital instruction, statewide guaranteed base funding excluding the capital outlay, shall be allotted for each child in average daily attendance in the current school year who has been properly identified according to State Board for Elementary and Secondary Education administrative regulations. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education; and

(b) Pursuant to administrative regulations of the Department of Education, local school districts shall be reimbursed for home and hospital instruction for pupils unable to attend regular school sessions because of short term health impairments. A reimbursement formula shall be established by administrative regulations to include such factors as a reasonable per hour, per child allotment for teacher instructional time, with a maximum number of funded hours per week, a reasonable allotment for teaching supplies and equipment, and a reasonable allotment for travel expenses to and from instructional assignments, but the formula shall not include an allotment for capital outlay. Attendance shall be calculated pursuant to KRS 157.270 and shall be reported monthly on forms provided by the Department of Education.

(13)[~~(12)~~] Except for those schools which have implemented school-based decision making, kindergarten aides shall be provided for each twenty-five (25) full-time equivalent kindergarten students enrolled.

Section 2. Whereas, local school districts need accurate financial information to plan for the 1992-1993 school year, an emergency is declared to exist, and this Act shall become effective upon its passage and approval by the Governor.

HB 483, AN ACT relating to payment for the care and maintenance of prisoners.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 441.206 is amended to read as follows:

(1) For the care and maintenance of prisoners charged with or convicted of violations of state law, each county shall receive a contribution from the State Treasury in an amount equal to that paid to the county pursuant to this section in fiscal year 1983-84 ***or the amount that should have been paid to the county in fiscal year 1983-84 under the conditions set forth in subsection (5) of this section***. Any additional moneys appropriated for county jails shall be allocated on the basis of a formula comprised of the following factors:

(a) Sixty percent (60%) of the allocation shall be based on the amount of the 1983-84 funding formula each county received***, or should have received under the conditions set forth in subsection (5) of this section***;

(b) Ten percent (10%) of the allocation shall be based on each county's comparative ranking of median household income in inverse order, as determined by the 1980 federal census of population; and

(c) Thirty percent (30%) of the allocation shall be based on the proportion of each county's age at risk population (18-34) to the state total, as determined by the 1980 federal census of population.

(2) Payments of the state contribution for jail operating expenses shall be made monthly by the Corrections Cabinet to the county treasurer. The election by a county to close its jail and to contract with another county for the incarceration of prisoners, as permitted by KRS 441.025, shall not affect the state contribution provided for in subsection (1) of this section.

(3) All state funds paid to a county under this section, any funds paid to a county by the United States government, a city, or another county for the incarceration of prisoners and any interest earned on such funds shall be expended on the incarceration of prisoners, as provided in KRS 441.025. Any funds paid under subsection (1) of this section and any interest earned on such funds shall be expended on the incarceration of prisoners, in accordance with regulations promulgated pursuant to KRS 441.055, within twelve (12) months of the close of the fiscal year in which such funds were received. Any funds received by a county under subsection (1) of this section that are not expended for this purpose shall be returned to the State Treasury.

(4) In no event shall a county receive less than twenty-four thousand dollars ($24,000) pursuant to this section from the State Treasury for the care and maintenance of prisoners charged with or convicted of violations of state law.

(5) If the capacity of a jail was substantially increased during the years 1980 through 1982 due to construction or renovation, and if, a result, the amount paid to the county in fiscal year 1983-84 pursuant to this section and to 1982 Kentucky Acts, Chapter 285, Section 3, was not representative of the true jail population, then the secretary of corrections may, upon proper documentation by the county, permit an estimate of the current capacity of the jail to be used as a basis for calculating the amount that should have been paid to the county in fiscal year 1983-84.

HB 582, AN ACT relating to planning and zoning.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

(2) A planning commission shall consist of at least five (5), but not more than twenty (20) members.

(3) The Governor shall have the privilege of appointing a member to the commission to which the capital city belongs in addition to the number of members specified for that planning commission.

(4) Where extraterritorial jurisdiction is exercised for subdivision regulations or other regulations, the county judge/executive of each affected county may appoint a member to the planning commission of the planning unit exercising such jurisdiction in addition to the number of members specified for that planning commission.

(5) At least two-thirds (2/3) of the members of every planning commission shall be citizen members.

(6) A regional planning commission shall include at least one (1) citizen member from each joint planning unit who is also a member of the joint planning commission.

(7) If one (1) city only joins with one (1) county, then each shall have equal representation.

(8) Except as provided in KRS 100.137, county representatives of the planning commission of a joint planning unit containing a county with an unincorporated area population exceeding one thousand (1,000) persons shall be residents of the unincorporated area of that county.

(9) Whenever this chapter requires a city without its consent to belong to a joint planning unit, then KRS 100.137 shall apply.

(2) The governing body of the district shall consist of a board of seven (7) supervisors. Should a fiscal court fail to approve a requested budget, it shall present a specific list of objections and suggested corrections to the board in writing and within a reasonable time. The tax shall be collected in the same manner as other county taxes, and shall be credited to the board. HB 674, AN ACT relating to statutory liens.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 376 IS CREATED TO READ AS FOLLOWS:

(1) Any owner of real property who rents space on which a house trailer or mobile home is parked shall have a lien for rent due on any house trailer or mobile home, its contents, and other personalty abandoned by the occupant on the landowner's property for rent due, reasonable storage, cleanup costs, and utilities furnished to the unit and paid for by the landowner.

(2) If, after a period of sixty (60) days, the rent, reasonable storage, cleanup costs, and utilities have not been paid, the house trailer or mobile home, its contents, and other personalty abandoned by the occupant may be sold to pay the rent, reasonable storage, cleanup costs, and utilities after the unit owner has been notified of the time and place of the sale, at the unit owner's last known address. Notice shall be made by registered mail at least ten (10) days prior to the time of the sale. If the proceeds of the sale are insufficient to pay the debt and costs of sale, the sale and collection of proceeds shall not constitute a waiver or release of responsibility for payment of the debt owed by the unit owner. This lien shall be subject to prior recorded liens and property taxes.

(3) Any money obtained in excess of the sale costs, taxes, and liens shall be paid by the seller to the unit owner; and if the unit owner cannot be located, the excess money shall escheat to the state pursuant to the provisions of KRS Chapter 393.

HB 186, AN ACT relating to the Workforce Development Cabinet.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 151B IS CREATED TO READ AS FOLLOWS:

(1) All certified and equivalent staff working in the state correctional institutions, in the regional offices, and in the Frankfort central office shall be employed twelve (12) months and shall earn annual leave in accordance with administrative regulations adopted by the State Board for Adult and Technical Education. Employees shall receive the paid holidays granted to state employees pursuant to KRS 18A.190.

(2) Postsecondary school-based certified and equivalent staff and area center principals shall be employed two hundred twenty-five (225) days between August 1 and June 30 and shall not earn annual leave. The twenty-fifth day of December plus one (1) extra day and the first day of January plus one (1) extra day shall be included in the two hundred twenty-five (225) days as paid holidays.

(3) Secondary certified and equivalent staff, except area center principals, shall be employed two hundred five (205) days between August 1 and June 15 and shall not earn annual leave. The twenty-fifth day of December plus one (1) extra day and the first day of January plus one (1) extra day shall be included in the two hundred five (205) days as paid holidays.

(4) All certified and equivalent staff shall receive annually two (2) days for personal leave.

(5) All secondary and postsecondary certified and equivalent staff who have earned annual leave prior to the effective date of this Act shall be reimbursed annually for ten (10) days of earned annual leave or the balance of earned annual leave, whichever is the lesser amount, at the employee's current daily rate. An employee shall be reimbursed for all earned annual leave if his employment ends before he has been reimbursed in full.

(6) The State Board for Adult and Technical Education shall adopt annually a compensation plan which is based upon the estimated statewide average daily rate paid to local district teachers of comparable experience and educational qualifications. The estimated statewide average daily rate shall be based on the average amount paid to local district teachers the previous school year increased by the percentage increase in the base funding level guaranteed per pupil pursuant to KRS 157.360 and set in the biennial budget for the current fiscal year. Indexes may be incorporated in the compensation plan for administrative responsibilities. Certified and equivalent staff working in correctional institutions, regional offices, and in the Frankfort central office shall have their annual salary reduced by the value of the annual leave accrued during the work year. The value of accrued annual leave is calculated by multiplying the number of annual leave days the employee earns during the year times the estimated statewide average daily rate paid local school district teachers of comparable experience and educational qualifications.

(2) The School Facilities Construction Commission is empowered to act on behalf of local public school districts to issue bonds in the name of the commission and to enter into lease agreements with local boards of education to finance the purchase or lease of technological equipment and related software or major renovation of existing school facilities to allow the use of educational technology.

SECTION 2. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:

(1) To participate in the education technology funding program, a local public school district shall have an unmet technology need described in its local district technology plan and approved by the State Board for Elementary and Secondary Education pursuant to its technology master plan, and shall match equally the amount of debt service offered by the School Facilities Construction Commission for this purpose each biennium, except as provided in subsection (2) of this section. Equipment, approved for the Kentucky Education Technology System and included in the local district technology plan, which was acquired prior to the effective date of this Act and for which the district has an outstanding financial obligation shall qualify for commission funding. This provision shall not apply to any purchases or contracts made between the effective date of this Act and the first offers of assistance recommended by the Education Technology Steering Committee to the State Board for Elementary and Secondary Education.

(2) For fiscal year 1992-93, funding shall be allotted to districts without an approved plan upon the recommendation of the Education Technology Steering Committee to the State Board for Elementary and Secondary Education.

(3) If a local board of education determines that for any reason the district's approved technology plan is grossly inconsistent with the administrative regulations governing the development of the plan, the local board may certify, by official action, the reason for the inconsistency and may request that the Department

of Education reevaluate the technology plan of the district. After review of the data, the chief state school officer may require a reevaluation and the approval of a new technology plan certified prior to an official offer from the School Facilities Construction Commission. If the chief state school officer elects to recommend the new technology plan to the State Board for Elementary and Secondary Education, the board shall notify the School Facilities Construction Commission of any change required in the offer of assistance for the district.

SECTION 3. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:

The School Facilities Construction Commission shall be governed by the following procedures in making an offer of assistance to local public school districts for providing education technology:

(1) The base level of assistance to each eligible district shall be determined by dividing the total amount available for education technology by the total of the prior year's statewide average daily attendance of the eligible districts times the district's prior year's average daily attendance. Each district's base funding level shall be adjusted by the following factors:

(a) The number of at-risk students in the district. At-risk students shall be identified as those approved for the free lunch program under state and federal guidelines. The number of at-risk students shall be multiplied by the factor to be established by the General Assembly pursuant to KRS 157.360; and

(b) The number and types of exceptional children in the district as defined by KRS 157.200. The costs associated with the education of exceptional children based on the count of pupils with different exceptionalities, an appropriate pupil-teacher ratio, and total per-pupil costs shall be established pursuant to KRS 157.360.

(2) Any school district which receives an offer of assistance may sell bonds or execute a lease/purchase agreement up to sixty (60) days before receiving the offer of assistance for approved purchases.

(3) The funds shall be applied to the projects listed in the district's technology plan, and the funds shall be applied to projects in the priority order listed on the plan except as provided in subsection (2) of Section 2 of this Act.

(4) The commission shall establish administrative regulations by which a district that receives an offer of assistance but does not have the local match shall be able to accumulate a credit for the state offer of assistance for a period not to exceed three (3) years.

(5) All unused state funds allocated according to the provisions of subsection (1) of this section shall be reallocated by the commission. The reallocation shall follow the process and intent as set forth in this section with eligible districts being those districts which have the available local matching funds and have not completely implemented the Kentucky Education Technology System.

SECTION 4. A NEW SECTION OF KRS CHAPTER 157 IS CREATED TO READ AS FOLLOWS:

(1) To carry out the purpose of providing educational technology for the public system of education pursuant to KRS Chapter 156, the Kentucky education technology trust fund is hereby established in the Finance and Administration Cabinet. Funds appropriated by the General Assembly in each biennial budget for the purchase or lease of education technology for the public system of education shall be credited to the fund and invested until needed. All interest earned on money in the fund shall be retained in the fund for reinvestment.

(2) All funds appropriated for these purposes by the 1990 and 1992 Regular Sessions of the General Assembly and thereafter, and any interest generated by these funds, shall be transferred to the account on the effective date of the Act. All money credited to the fund, including interest, shall be used only for education technology purposes as defined by the State Board for Elementary and Secondary Education's technology master plan and shall not lapse, but shall be carried forward in the next biennial budget. The purposes expressed in this section shall be deemed to be the purposes for which any budgetary appropriation for educational technology shall have been made.

(3) Fund shall be transferred to the local school districts upon certification of the School Facilities Construction Commission that the district has met the criteria for assistance. All other expenditures shall require the approval of the State Board for Elementary and Secondary Education.

Section 5. KRS 157.611 is amended to read as follows:

The Committee on Judiciary reported **HB 241**, with Committee Substitute attached thereto, **HB 256**, with Committee Substitute attached thereto, **HB 601** and **HB 646**, with Committee Substitute attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 241, AN ACT relating to the Kentucky Rules of Evidence and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 422A.0103 is amended to read as follows:

(1) Effect of erroneous ruling. Error may not be predicated upon a ruling which admits or excludes evidence unless a substantial right of the party is affected; and

(a) Objection. In case the ruling is one admitting evidence, a timely objection or motion to strike appears of record, ***and upon request of the court*** stating the specific ground of objection, if the specific ground was not apparent from the context; or

(b) Offer of proof. In case the ruling is one excluding evidence, ***upon request of the examining attorney, the witness may make a specific offer of his answer to the question*** [~~the substance of the evidence was made known to the court by offer or was apparent from the context within which questions were asked~~].

(2) Record of offer and ruling. The court may add any other or further statement which shows the character of the evidence, the form in which it was offered, the objection made, and the ruling thereon. It may direct the making of an offer in question and answer form.

(3) Hearing of jury. In jury cases, proceedings shall be conducted, to the extent practicable, so as to prevent inadmissible evidence from being suggested to the jury by any means, such as making statements or offers of proof or asking questions in the hearing of the jury.

(4) Motions in limine. A party may move the court for a ruling in advance of trial on the admission or exclusion of evidence. The court may rule on such a motion in advance of trial or may defer a decision on admissibility until the evidence is offered at trial. A motion in limine resolved by order of record is sufficient to preserve error for appellate review. Nothing in this rule precludes the court from reconsidering at trial any ruling made on a motion in limine.

(5) Palpable error. A palpable error in applying the Kentucky Rules of Evidence which affects the substantial rights of a party may be considered by a trial court on motion for a new trial or by an appellate court on appeal, even though insufficiently raised or preserved for review, and appropriate relief may be granted upon a determination that manifest injustice has resulted from the error.

Section 2. KRS 422A.0104 is amended to read as follows:

(1) Questions of admissibility generally. Preliminary questions concerning the qualification of a person to be a witness, the existence of a privilege, or the admissibility of evidence shall be determined by the court, subject to the provisions of subsection (2) of this rule. In making its determination it is not bound by the rules of evidence except those with respect to privileges.

(2) Relevancy conditioned on fact. When the relevancy of evidence depends upon the fulfillment of a condition of fact, the court shall admit it upon, or subject to, the introduction of evidence sufficient to support a finding of the fulfillment of the condition.

(3) Hearing of jury. Hearings on the admissibility of confessions or the fruits of searches conducted under color of law shall in all cases be conducted out of the hearing of the jury. Hearings on other preliminary matters shall be so conducted when the interests of justice require, or when an accused is a witness and so requests.

(4) Testimony by accused. The accused does not, by testifying upon a preliminary matter, become subject to cross-examination as to other issues in the case.

(5) Weight and credibility. This rule does not limit the right of a party to introduce before the jury evidence relevant to weight or credibility***, including evidence of bias, interest, or prejudice***.

Section 3. KRS 422A.0403 is amended to read as follows:

Although relevant, evidence may be excluded if its probative value is substantially outweighed by the danger of ***undue*** [~~unfair~~] prejudice, confusion of the issues, or misleading the jury, or by considerations of undue delay, [~~waste of time,~~] or needless presentation of cumulative evidence.

Section 4. KRS 422A.0404 is amended to read as follows:

(1) Character evidence generally. Evidence of a ***person's*** [~~persons~~] character or a trait of character is not admissible for the purpose of proving action in conformity therewith on a particular occasion, except:

(a) Character of accused. Evidence of a pertinent trait of character or of general moral character offered by an accused, or by the prosecution to rebut the same;

(b) Character of victim generally. Evidence of a pertinent trait of character of the victim of the crime offered by an accused, other than in a prosecution for criminal sexual conduct, or by the prosecution to rebut the same, or evidence of a character trait of peacefulness of the victim offered by the prosecution in a homicide case to rebut evidence that the victim was the first aggressor;

(c) Character of witnesses. Evidence of the character of witnesses, as provided in KRS 422A.0607 (KRE 607), 422A.0608 (KRE 608), and 422A.0609 (KRE 609).

(2) Other crimes, wrongs, or acts. Evidence of other crimes, wrongs, or acts is not admissible to prove the character of a person in order to show action in conformity therewith. It may, however, be admissible:

(a) If offered for some other purpose, such as proof of motive, opportunity, intent, preparation, plan, knowledge, identity, or absence of mistake or accident; or

(b) If so inextricably intertwined with other evidence essential to the case that separation of the two (2) could not be accomplished without serious adverse effect on the offering party.

(3) Notice requirement. In a criminal case, if the prosecution intends to introduce evidence pursuant to subsection (2) of this rule as a part of its case in chief, it shall give reasonable pre-trial notice to the defendant of its intention to offer such evidence. Upon failure of the prosecution to give such notice the court may exclude the evidence offered under subsection (2) or for good cause shown may excuse the failure to give such notice and grant the defendant a continuance or such other remedy as is necessary to avoid unfair prejudice caused by such failure.

Section 5. KRS 422A.0405 is amended to read as follows:

(1) Reputation or opinion. In all cases in which evidence of character or a trait of character of a person is admissible, proof may be made by testimony as to general reputation in the community or by testimony in the form of [~~personal~~] opinion.

(2) Inquiry on cross-examination. On cross examination of a character witness, it is proper to inquire if the witness has heard of or knows about relevant specific instances of conduct. However, no specific instance of conduct may be the subject of inquiry under this provision unless the cross-examiner has a factual basis for the subject matter of the inquiry.

(3) Specific instances of conduct. In cases in which character or a trait of character of a person is an essential element of a charge, claim, or defense, proof may also be made of specific instances of that person's conduct.

Section 6. KRS 422A.0407 is amended to read as follows:

When, after an event, measures are taken which, if taken previously, would have made an injury or harm allegedly caused by the event less likely to occur, evidence of the subsequent measures is not admissible to prove negligence [~~or culpable conduct~~] in connection with the event. This rule does not require the exclusion of evidence of subsequent measures when offered for another purpose, such as proving ownership, control, or feasibility of precautionary measures, if controverted, or impeachment.

Section 7. KRS 422A.0410 is amended to read as follows:

Except as otherwise provided in this rule, evidence of the following is not, in any civil or criminal proceeding, admissible against the defendant who made the plea or was a participant in the plea discussions:

(1) A plea of guilty which was later withdrawn;

(2) A plea of nolo contendere ***in a jurisdiction accepting such pleas, and a plea under Alford v. North Carolina, 394 U.S. 956 (1969)***;

(3) Any statement made in the course of formal plea proceedings, under either state procedures or Rule 11 of the Federal Rules of Criminal Procedure, regarding either of the foregoing pleas; or

(4) Any statement made in the course of plea discussions with an attorney for the prosecuting authority which do not result in a plea of guilty or which result in a plea of guilty later withdrawn. However, such a statement is admissible:

(a) In any proceeding wherein another statement made in the course of the same plea or plea discussions has been introduced and the statement ought in fairness be considered contemporaneously with it; or

(b) In a criminal proceeding for perjury or false statement if the statement was made by the defendant under oath, on the record and in the presence of counsel.

(2) General rule of privilege. A client has a privilege to refuse to disclose and to prevent any other person from disclosing a confidential communication made for the purpose of facilitating the rendition of professional legal services to the client:

(3) Who may claim the privilege. The privilege may be claimed by the client, the client's guardian or conservator, the personal representative of a deceased client, or the successor, trustee, or similar representative of a corporation, association, or other organization, whether or not in existence. The person who was the lawyer or the lawyer's representative at the time of the communication is presumed to have authority to claim the privilege but only on behalf of the client.

(e) Joint clients. As to a communication relevant to a matter of common interest between or among two (2) or more clients if the communication was made by any of them to a lawyer retained or consulted in common, when offered in an action between or among any of the clients.

Section 9. KRS 422A.0504 is amended to read as follows:

A communication is confidential if it is made privately by an individual to his or her spouse and is not intended for disclosure to any other person.

(3) Exceptions. There is no privilege under this rule:

(a) In any criminal proceeding in which sufficient evidence is introduced to support a finding that the spouses conspired or acted jointly in the commission of the crime charged;

(b) In any proceeding in which one (1) spouse is charged with wrongful conduct against the person or property of:

1. The other;

2. A minor child of either;

3. An individual residing in the household of either; or

4. A third person if the wrongful conduct is committed in the course of wrongful conduct against any of the individuals previously named in this sentence. The court may refuse to allow the privilege in any other proceeding if the interests of a minor child of either spouse may be adversely affected; or

(c) In any proceeding in which the spouses are adverse parties.

[~~(1) Spousal testimony in criminal proceedings. The spouse of an accused in a criminal proceeding has a privilege to refuse to testify against the accused spouse as to events occurring after the date of their marriage.~~

2. That there are no available alternate means to obtain the substantial equivalent of the communication; and

3. That the need for the information outweighs the interest protected by the privilege. The court may receive evidence in camera to make findings under this rule.

Section 12. KRS 422A.0507 is amended to read as follows:

(1) Definitions. As used in this rule:

(a) A "patient" is a person who, for the purpose of securing diagnosis or treatment of his or her mental condition, consults a psychotherapist.

2. A person licensed or certified by the state of Kentucky, or by the laws of another state, as a psychologist, or a person reasonably believed by the patient to be a licensed or certified psychologist.

(c) A communication is "confidential" if not intended to be disclosed to third persons other than those present to further the interest of the patient in the consultation, examination or interview, or persons reasonably necessary for the transmission of the communication, or persons who are present during the communication at the direction of the psychotherapist, including members of the patient's family.

(d) "Authorized representative" means a person empowered by the patient to assert the privilege granted by this rule and, until given permission by the patient to make disclosure, any person whose communications are made privileged by this rule.

(c) If the patient is asserting his mental condition as an element of a claim or defense, or, after the patient's death, in any proceeding in which any party relies upon the condition as an element of a claim or defense.

Section 13. KRS 422A.0508 is amended to read as follows:

(1) General rule of privilege. The Commonwealth of Kentucky and its sister states and the United States have a privilege to refuse to disclose the identity of a person who has furnished information relating to or assisting in an investigation of a possible violation of a law to a law enforcement officer or member of a legislative committee or its staff conducting an investigation.

(2) Who may claim. The privilege may be claimed by an appropriate representative of the public entity to which the information was furnished.

(3) Exceptions:

(a) Voluntary disclosure; informer as a witness. No privilege exists under this rule if the identity of the informer or his interest in the subject matter of his communication has been disclosed by the holder of the privilege or by the informer's own action, or if the informer appears as a witness for the state. Disclosure within a law enforcement agency or legislative committee for a proper purpose does not waive the privilege.

(b) Testimony on relevant issue. If it appears that an informer may be able to give relevant testimony and the public entity invokes the privilege, the court shall give the public entity an opportunity to make an in camera showing in support of the claim of privilege. The showing will ordinarily be in the form of affidavits, but the court may direct that testimony be taken if it finds that the matter cannot be resolved satisfactorily upon affidavits. If the court finds that there is a reasonable probability that the informer can give relevant testimony, and the public entity elects not to disclose this identity, in criminal cases the court on motion of the defendant or on its own motion shall grant appropriate relief, which may include one (1) or more of the following:

1. Requiring the prosecuting attorney to comply;

2. Granting the defendant additional time or a continuance;

3. Relieving the defendant from making disclosures otherwise required of him;

4. Prohibiting the prosecuting attorney from introducing specified evidence; and

5. Dismissing charges.

(4) In civil cases, the court may make any order the interests of justice require ***if the informer has pertinent information***. Evidence presented to the court shall be sealed and preserved to be made available to the appellate court in the event of an appeal, and the contents shall not otherwise be revealed without consent of the informed public entity.

Section 14. KRS 422A.0608 is amended to read as follows:

(1) Opinion and reputation evidence of character. The credibility of a witness may be attacked or supported by evidence in the form of opinion or reputation, but subject to these limitations:

(a) The evidence may refer only to character for truthfulness or untruthfulness; and

(b) Evidence of truthful character is admissible only after the character of the witness for truthfulness has been attacked by opinion or reputation evidence***, by specific instances of conduct under subsection (2) of this rule, or by evidence of conviction of crime under KRS 422A.0609 (KRE 609)*** [~~or otherwise~~].

(2) Specific instances of conduct. Specific instances of the conduct of a witness, for the purpose of attacking or supporting the witness' credibility, other than conviction of crime as provided in KRS 422A.0609 (KRE 609), may not be proved by extrinsic evidence. They may, however, in the discretion of the court, if probative of truthfulness or untruthfulness, be inquired into on cross-examination of the witness:

(a) Concerning the witness' character for truthfulness or untruthfulness; or

(b) Concerning the character for truthfulness or untruthfulness of another witness as to which character the witness being cross-examined has testified. No specific instance of conduct of a witness may be the subject of inquiry under this provision unless the cross-examiner has a factual basis for the subject matter of his inquiry.

Section 15. KRS 422A.0609 is amended to read as follows:

(1) General rule. For the purpose of reflecting upon the credibility of a witness, evidence that the witness has been convicted of a crime shall be admitted if elicited from the witness or established by public record if denied by the witness, but only if:

(a) The crime was punishable by death or imprisonment for one (1) year or more under the law under which the witness was convicted, or the crime involved dishonesty or false statement, regardless of the punishment; and

(b) The court determines that the probative value of admitting this evidence on the issue of credibility outweighs its prejudicial effect on the opposing party.

The identity of the crime upon which conviction was based may not be disclosed upon cross-examination unless the witness has denied the existence of the conviction. However, a witness against whom a conviction is admitted under this provision may choose to disclose the identity of the crime upon which the conviction is based.

(2) Time limit. Evidence of a conviction under this rule is not admissible if a period of more than ten (10) years has elapsed since the date of the conviction unless the court determines that the probative value of the conviction substantially outweighs its prejudicial effect.

(3) Effect of pardon, annulment, or certificate of rehabilitation. Evidence of a conviction is not admissible under this rule if:

(a) The conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted, and that person has not been convicted of a subsequent crime which was punishable by death or imprisonment of one (1) year or more; or

(b) The conviction has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence.

[~~(4) Juvenile adjudications. Evidence of juvenile adjudications is generally not admissible under this rule. The court may, however, in a criminal case allow evidence of a juvenile adjudication of a witness other than the accused if conviction of the offense would be admissible to attack the credibility of an adult and the court is satisfied that admission in evidence is necessary for a fair determination of the issue of guilt or innocence.~~

~~(5) Pendency of appeal. The pendency of an appeal therefrom does not render evidence of a conviction inadmissible. Evidence of the pendency of an appeal is admissible.~~]

Section 16. KRS 422A.0613 is amended to read as follows:

(1) Examining witness concerning prior statement. ***Before other evidence can be offered of the witness having made at another time a different statement, he must be inquired of concerning it, with the circumstances of time, place, and persons present, as correctly as the examining party can present them; and, if it be in writing, it must be shown to the witness, with opportunity to explain it. The court may allow such evidence to be introduced when it is impossible to comply with this rule because of the absence at the trial or hearing of the witness sought to be contradicted, and when the court finds that the impeaching party has acted in good faith.*** [~~In examining a witness concerning a prior statement made by the witness, whether written or not, the statement need not be shown nor its contents disclosed to the witness at that time, but on request the same shall be shown or disclosed to opposing counsel.~~]

(2) Extrinsic evidence of prior inconsistent statement of witness. Extrinsic evidence of a prior inconsistent statement by a witness is not admissible unless the witness is afforded an opportunity to explain or deny the same and the opposite party is afforded an opportunity to interrogate the witness thereon, or the interests of justice otherwise require. This provision does not apply to admissions of a party-opponent as defined in KRS 422A.0801A (KRE 801-A).

Section 17. KRS 422A.0614 is amended to read as follows:

(1) Calling by court. The court may, on its own motion or at the suggestion of a party, call witnesses, and all parties are entitled to cross-examine witnesses thus called.

(2) Interrogation by court. The court may interrogate witnesses, whether called by itself or by a party.

(3) Interrogation by juror. A juror may be permitted to address questions to a witness by submitting them in writing to the judge who will decide at his discretion whether or not to submit the questions to the witness for answer.

(4) Objections. Objections to the calling of witnesses by the court, to interrogation by the court, or to interrogation by a juror may be made out of the hearing of the jury at the earliest available opportunity.

Section 18. KRS 422A.0705 is amended to read as follows:

[~~(1) General.~~] The expert may testify in terms of opinion or inference and give reasons therefor without prior disclosure of the underlying facts or data, unless the court requires otherwise. The expert may in any event be required to disclose the underlying facts or data on cross-examination.

[~~(2) Voir dire examination. Prior to the expert giving his opinion or inference, a party against whom the opinion or inference is offered may conduct outside the presence of the jury a voir dire examination of the witness directed to the underlying facts or data for the opinion or inference. If this examination produces evidence indicating that the expert lacks a sufficient basis for the opinion or inference, the trial judge shall exclude the expert's testimony unless the offering party establishes sufficient underlying facts or data for the opinion or inference.~~]

Section 19. KRS 422A.0706 is amended to read as follows:

(1) Appointment. The court may on its own motion or on the motion of any party enter an order to show cause why expert witnesses should not be appointed, and may require the parties to submit nominations. The court may appoint any expert witnesses agreed upon by the parties, and may appoint expert witnesses of its own selection. An expert witness shall not be appointed by the court unless the witness consents to act. A witness so appointed shall be informed of the witness, duties by the court in writing, a copy of which shall be filed with the clerk, or at a conference in which the parties shall have opportunity to participate. A witness so appointed shall advise the parties of the witness' findings, if any; the witness' deposition may be taken by any party; and the witness may be called to testify by the court or any party. The witness shall be subject to cross-examination by each party, including a party calling the witness.

(2) Compensation. Expert witnesses so appointed are entitled to reasonable compensation in whatever sum the court may allow. Except as otherwise provided by law, the compensation shall be paid by the parties in such proportions and at such time as the court directs, and thereafter charged in like manner as other costs.

[~~(3) Disclosure of appointment. In the exercise of its discretion, the court may authorize disclosure to the jury of the fact that the court appointed the expert witness.~~

~~(4) Parties' expert of own selection. Nothing in this rule limits the parties in calling expert witnesses of their own selection.~~]

Section 20. KRS 422A.0801A is amended to read as follows:

(1) Prior statements of witnesses. A statement is not excluded by the hearsay rule, even though the declarant is available as a witness, if the declarant testifies at the trial or hearing and is ***examined*** [~~subject to cross-examination~~] concerning the statement, ***with a foundation laid as required by KRS 422A.0613*** and the statement is:

(a) Inconsistent with the declarant's testimony[~~, and was given under oath subject to the penalty of perjury at a trial, hearing, or other proceeding, or in a deposition~~];

(b) Consistent with the declarant's testimony and is offered to rebut an express or implied charge against the declarant of recent fabrication or improper influence or motive; or

(c) One of identification of a person made after perceiving the person.

(2) Admissions of parties. A statement is not excluded by the hearsay rule, even though the declarant is available as a witness, if the statement is offered against a party and is:

(a) The party's own statement, in either an individual or a representative capacity;

(b) A statement of which the party has manifested an adoption or belief in its truth;

(c) A statement by a person authorized by the party to make a statement concerning the subject;

(d) A statement by the party's agent or servant concerning a matter within the scope of the agency or employment, made during the existence of the relationship; or

(e) A statement by a coconspirator of a party during the course and in furtherance of the conspiracy.

(3) Admission by privity:

(a) Wrongful death. A statement by the deceased is not excluded by the hearsay rule when offered as evidence against the plaintiff in an action for wrongful death of the deceased.

(b) Predecessors in interest. Even though the declarant is available as a witness, when a right, title or interest in any property or claim asserted by a party to a civil action requires a determination that a right, title, or interest existed in the declarant, evidence of a statement made by the declarant during the time the party now claims the declarant was the holder of the right, title, or interest is not excluded by the hearsay rule when offered against the party if the evidence would be admissible if offered against the declarant in an action involving that right, title, or interest.

(c) Predecessors in litigation. Even though the declarant is available as a witness, when the liability, obligation, or duty of a party to a civil action is based in whole or in part upon the liability, obligation or duty of the declarant, or when the claim or right asserted by a party to a civil action is barred or diminished by a breach of duty by the declarant, evidence of a statement made by the declarant is not excluded by the hearsay rule when offered against the party if the evidence would be admissible against the declarant in an action involving that liability, obligation, duty or breach of duty.

Section 21. KRS 422A.0802 is amended to read as follows:

Hearsay is not admissible except as provided by these rules or by [~~other~~] rules of the Supreme Court of Kentucky [~~or by Acts of the General Assembly~~].

Section 22. KRS 422A.0803 is amended to read as follows:

The following are not excluded by the hearsay rules, even though the declarant is available as a witness:

(1) Present sense impression. A statement describing or explaining an event or condition made while the declarant was perceiving the event or condition, or immediately thereafter.

(2) Excited Utterance. A statement relating to a startling event or condition made while the declarant was under the stress of excitement caused by the event or condition.

(3) Then existing mental, emotional, or physical condition. A statement of the declarant's then existing state of mind, emotion, sensation, or physical condition (such as intent, plan, motive, design, mental feeling, pain, and bodily health), but not including a statement of memory or belief to prove the fact remembered or believed unless it relates to the execution, revocation, identification, or terms of declarant's will.

(4) Statements for purposes of medical treatment or diagnosis [~~in connection with treatment~~]. Statements made for purposes of ***medical*** treatment or diagnosis [~~in connection with treatment~~] and describing medical history, or past or present symptoms, pain, or sensations, or the inception or general character of the cause or external source thereof insofar as reasonably pertinent to treatment or diagnosis [~~in connection with treatment~~].

(5) Recorded recollection. A memorandum or record concerning a matter about which a witness once had knowledge but now has insufficient recollection to enable the witness to testify fully and accurately, shown to have been made or adopted by the witness when the matter was fresh in the witness' memory and to reflect that knowledge correctly. If admitted, the memorandum or record may be read into evidence but may not be received as an exhibit unless offered by an adverse party.

(6) Records of regularly conducted activity. A memorandum, report, record, or data compilation, in any form, of acts, events, conditions, opinions, or diagnoses, made at or near the time by, or from information transmitted by, a person with knowledge, if kept in the course of a regularly conducted business activity, and if it was the regular practice of that business activity to make the memorandum, report, record, or data compilation, all as shown by the testimony of the custodian or other qualified witness, unless the source of information or the method or circumstances of preparation indicate lack of trustworthiness. The term "business" as used in this paragraph includes business, institution, association, profession, occupation, and calling of every kind, whether or not conducted for profit.

(a) Foundation exemptions. A custodian or other qualified witness, as required above, is unnecessary when the evidence offered under this provision consists of medical charts or records of a hospital that has elected to proceed under the provisions of KRS 422.300 to 422.330, business records which satisfy the requirements of KRS 422A.0902(11) (KRE 902(11)), or some other record which is subject to a statutory exemption from normal foundation requirements.

(b) Opinion [~~or diagnosis~~]. No evidence in the form of an opinion [~~or diagnosis~~] is admissible under this subsection unless such opinion [~~or diagnosis~~] would be admissible under Article VII of these rules if the person whose opinion or diagnosis is recorded were to testify to the opinion [~~or diagnosis~~] directly.

(7) Absence of entry in records kept in accordance with the provisions of subsection (6). Evidence that a matter is not included in the memoranda, reports, records, or data compilations, in any form, kept in accordance with the provisions of subsection (6), to prove the nonoccurrence or nonexistence of the matter, if the matter was of a kind of which a memorandum, report, record, or other data compilation was regularly made and preserved, unless the sources of information or other circumstances indicate lack of trustworthiness.

(8) Public records and reports. Unless the sources of information or other circumstances indicate lack of trustworthiness, records, reports, statements, or other data compilations in any form of a public office or agency setting forth its regularly conducted and regularly recorded activities, or matters observed pursuant to duty imposed by law and as to which there was a duty to report, or factual findings resulting from an investigation made pursuant to authority granted by law. The following are not within this exception to the hearsay rule:

(a) Investigative reports by police and other law enforcement personnel[~~, except when offered by an accused in a criminal case~~];

(b) Investigative reports prepared by or for a government, a public office, or an agency when offered by it in a case in which it is a party; and

(c) Factual findings offered by the government in criminal cases.

(9) Records of vital statistics. Records or data compilations, in any form, of births, fetal deaths, deaths, or marriages, if the report thereof was made to a public office pursuant to requirements or law.

(10) Absence of public record or entry. To prove the absence of a record, report, statement, or data compilation, in any form, or the nonoccurrence or nonexistence of a matter of which a record, report, statement, or data complication, in any form, was regularly made and preserved by a public office or agency, evidence in the form of a certification in accordance with KRS 422A.0902 (KRE 902), or testimony, that diligent search failed to disclose the record, report, statement, or data compilation, or entry.

(11) Records of religious organizations. Statements of births, marriages, divorces, deaths, legitimacy, ancestry, relationships by blood or marriage, or other similar facts of personal or family history, contained in a regularly kept record of a religious organization.

(12) Marriage, baptismal, and similar certificates. Statements of fact contained in a certificate that the maker performed a marriage or other ceremony or administered a sacrament, made by a clergyman, public official, or other person authorized by the rules or practices or a religious organization or by law to perform the act certified, and purporting to have been issued at the time of the act or within a reasonable time thereafter.

(13) Family records. Statements of births, marriages, divorces, deaths, legitimacy, ancestry, relationship by blood or marriage, or other similar facts of personal or family history contained in family Bibles, genealogies, charts, engravings on rings, inscriptions on family portraits, engravings on urns, crypts, or tombstones, or the like.

(14) Records of documents affecting an interest in property. The record of a document purporting to establish or affect an interest in property, as proof of the content of the original recorded document and its execution and delivery by each person by whom it purports to have been executed, if the record is a record of a public office and an applicable statute authorizes the recording of documents of that kind in that office.

(15) Statements in documents affecting an interest in property. A statement contained in a document purporting to establish or affect an interest in property if the matter stated was relevant to the purpose of the document, unless dealings with the property since the document was made have been inconsistent with the truth of the statement or the purport of the document.

(16) Statements in ancient documents. Statements in a document in existence twenty (20) years or more the authenticity of which is established.

(17) Market reports, commercial publications. Market quotations, tabulations, lists, directories, or other published compilations, generally used and relied upon by the public or by persons in particular occupations.

(18) Learned treatises. To the extent called to the attention of an expert witness upon cross-examination or relied upon by the expert witness in direct examination, statements contained in or pamphlets on a subject of history, medicine, or other science or art, established as a reliable authority by the testimony or admission of the witness or by other expert testimony or by judicial notice. If admitted, the statements may be read into evidence but may not be received as exhibits.

(19) Reputation concerning personal or family history. Reputation among members of a person's family by blood, adoption, or marriage, or among a person's associates, or in the community, concerning a person's birth, adoption, marriage, divorce, death, legitimacy, relationship by blood, adoption, or marriage, ancestry, or other similar fact of his personal or family history.

(20) Reputation concerning boundaries or general history. Reputation in a community, arising before the controversy, as to boundaries of or customs affecting lands in the community, and reputation as to events of general history important to the community or state or nation in which located.

(21) Reputation as to character. Reputation of a person's character among associates or in the community.

(22) Judgment of previous conviction. Evidence of a final judgment, entered after a trial or upon a plea of guilty (but not upon a plea of nolo contendere), adjudging a person guilty of a crime punishable by death or imprisonment under the law defining the crime, to prove any fact essential to sustain the judgment, but not including, when offered by the prosecution in a criminal case for purposes other than impeachment, judgments against persons other than the accused. [~~The pendency of an appeal may be shown but does not affect admissibility.~~]

(23) Judgment as to personal, family, or general history, or boundaries. Judgments as proof of matters of personal, family, or general history, or boundaries, essential to the judgment, if the same would be provable by evidence of reputation.

Section 23. KRS 422A.0804 is amended to read as follows:

(1) Definition of unavailability. "Unavailability as a witness" includes situations in which the declarant:

(a) Is exempted by ruling of the court on the ground of privilege from testifying concerning the subject matter of the declarant's statement;

(b) Persists in refusing to testify concerning the subject matter of the declarant's statement despite an order of the court to do so;

(c) Testifies to a lack of memory of the subject matter of the declarant's statement;

(d) Is unable to be present or to testify at the hearing because of death or then existing physical or mental illness or infirmity; or

(e) Is absent from the hearing and the proponent of ***the*** [~~his~~] statement has been unable to procure the declarant's attendance by process or other reasonable means.

A declarant is not unavailable as a witness if his exemption, refusal, claim of lack of memory, inability, or absence is due to the procurement or wrongdoing of the proponent of a statement for the purpose of preventing the witness from attending or testifying.

(2) Hearsay exceptions. The following are not excluded by the hearsay rule if the declarant is unavailable as a witness:

(a) Former testimony. Testimony given as a witness at another hearing of the same or a different proceeding, or in a deposition taken in compliance with law in the course of the same or another proceeding, if the party against whom the testimony is now offered, or, in a civil action or proceeding, a predecessor in interest, had an opportunity and similar motive to develop the testimony by direct, cross, or redirect examination.

(b) Statement under belief of impending death. In a criminal prosecution or in a civil action or proceeding, a statement made by a declarant while believing that the declarant's death was imminent, concerning the cause or circumstances of what the declarant believed to be his impending death.

(c) Statement against interest. A statement which was at the time of its making so far contrary to the declarant's pecuniary or proprietary interest, or so far tended to subject the declarant to civil or criminal liability, or to render invalid a claim by the declarant against another, that a reasonable person in the declarant's position would not have made the statement unless believing it to be true. A statement tending to expose the declarant to criminal liability is not admissible unless corroborating circumstances clearly indicate the trustworthiness of the statement.

(d) Statements of personal or family history.

1. A statement concerning the declarant's own birth, adoption, marriage, divorce, legitimacy, relationship by blood, adoption, or marriage, ancestry, or other similar fact of personal or family history, even though declarant had no means of acquiring personal knowledge of the matter stated; or

2. A statement concerning the foregoing matters, and death also, of another person, if the declarant was related to the other by blood, adoption or marriage or was so intimately associated with the other's family as to be likely to have accurate information concerning the matter declared.

[~~(e) Residual exception. A statement not specifically covered by any of the foregoing exceptions or any of the exceptions contained in KRS 422A.0803 (KRE 803) but having equivalent circumstantial guarantees of trustworthiness, if the court determines that:~~

~~1. The statement is offered as evidence of a material fact;~~

~~2. The statement is more probative on the point for which it is offered than any other evidence which the proponent can procure through reasonable efforts; and~~

~~3. The general purposes of these rules and the interests of justice will best be served by admission of the statement into evidence. However, a statement may not be admitted under this exception unless the proponent of it makes known to the adverse party sufficiently in advance of the trial or hearing to provide the adverse party with a fair opportunity to prepare to meet it, the proponent's intention to offer the statement and the particulars of it, including the name and address of the declarant.~~]

Section 24. KRS 422A.0902 is amended to read as follows:

Extrinsic evidence of authenticity as a condition precedent to admissibility is not required with respect to the following:

(1) Domestic public documents under seal. A document bearing a seal purporting to be that of the United States, or of any state, district, Commonwealth, territory or insular possession thereof, or the Panama Canal Zone, or the Trust Territory of the Pacific Islands, or of a political subdivision, department, officer, or agency thereof, and a signature purporting to be an attestation or execution.

(2) Domestic public documents not under seal. A document purporting to bear the signature in the official capacity of an officer or employee of any entity included in subsection (1) of this section, having no seal, if a public officer having a seal and having official duties in the district or political subdivision of the officer or employee certifies under seal that the signer has the official capacity and that the signature is genuine.

(3) Foreign public documents. A document purporting to be executed, or attested in an official capacity by a person authorized by the laws of a foreign country to make the execution or attestation, and accompanied by a final certification as to the genuineness of the signature of official position:

(a) Of the executing or attesting person; or

(b) Of any foreign official whose certificate of genuineness of signature and official position relates to the execution or attestation.

A final certification may be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent of the United States, or a diplomatic or consular official of the foreign country assigned or accredited to the United States, If reasonable opportunity has been given to all parties to investigate the authenticity and accuracy of official documents, the court may, for good cause shown, order that they be treated as presumptively authentic without final certification or permit them to be evidenced by an attested summary with or without final certification.

(4) Official records. An official record or an entry therein, when admissible for any purpose, may be evidenced by an official publication thereof or by a copy attested by an official having the legal custody of the record. If the office in which the record is kept is outside the Commonwealth of Kentucky, the attested copy shall be accompanied by a certificate that the official attesting to the accuracy of the copy has the authority to do so. The certificate accompanying domestic records (those from offices within the territorial jurisdiction of the United States) may be made by a judge of a court of record of the district or political subdivision in which the record is kept, authenticated by the seal of the court, or may be made by any public officer having a seal of office and having official duties in the district or political subdivision in which the record is kept, authenticated by the seal of office. The certificate accompanying foreign records (those from offices outside the territorial jurisdiction of the United States) may be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent or by any officer in the foreign service of the United States stationed in the foreign state or country in which the record is kept, and authenticated by the seal of office. A written statement prepared by an official having the custody of a record that after diligent search no record or entry of a specified tenor is found to exist in the records of the office, complying with the requirements set out above, is admissible as evidence that the records of the office contain no such record of entry.

(5) Official publications. Books, pamphlets, or other publications purporting to be issued by public authority.

(6) Books, newspapers and periodicals. Printed materials purporting to be books, newspapers or periodicals.

(7) Trade inscriptions and the like. Inscriptions, signs, tags or labels purporting to have been affixed in the course of business and indicating ownership, control or origin.

(8) Acknowledged documents. Documents accompanied by a certificate of acknowledgement executed in the manner provided by law before a notary public or other officer authorized by law to take acknowledgements.

(9) Commercial paper and related documents. Commercial paper, signatures thereon, and documents relating thereto to the extent provided by the general commercial law.

(10) Documents which self-authenticate by the provisions of statutes or other rules of evidence. Any signature, document, or other matter which is declared to be presumptively genuine by Act of Congress or the General Assembly of Kentucky or by rule of the Supreme Court of Kentucky.

(11) Business records. (a) Unless the sources of information or other circumstances indicate lack of trustworthiness, the original or a duplicate of a record of regularly conducted activity within the scope of KRS 422A.0803(6) (KRE 803(6)) or 422A.0803(7) (KRE 803(7)), which the custodian thereof certifies:

1. Was made, at or near the time of the occurrence of the matters set forth, by (or from information transmitted by) a person with knowledge of those matters;

2. Is kept in the ***course*** [~~court~~] of the regularly conducted activity; and

3. Was made by the regularly conducted activity as a regular practice.

(b) A record so certified is not self-authenticating under this subsection unless the proponent makes an intention to offer it known to the adverse party and makes it available for inspection sufficiently in advance of its offer in evidence to provide the adverse party with a fair opportunity to challenge it.

(c) As used in this subsection, "certifies" means, with respect to a domestic record, a written declaration under oath subject to the penalty of perjury, and, with respect to a foreign record, a written declaration which, if falsely made, would subject the maker to criminal penalty under the laws of that country. The certificate relating to a foreign record must be accompanied by a final certification as to the genuineness of the signature and official position:

1. Of the individual executing the certificate; or

2. Of any foreign official who certifies the genuineness of signature and official position of the executing individual or is the last in a chain of certificates that collectively certify the genuineness of signature and official position of the executing individual.

A final certification must be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent or by an officer in the foreign service of the United States stationed in the foreign state or country in which the record is kept, and authenticated by the seal of office.

Section 25. KRS 422A.1004 is amended to read as follows:

The original is not required, and other evidence of the contents of a writing, recording, or photograph is admissible if:

(1) Originals lost or destroyed. All originals are lost or have been destroyed, unless the proponent lost or destroyed them in bad faith;

(2) Original not obtainable. No original can be obtained by any available judicial process or procedure; ***or***

(3) Original in possession of opponent. At a time when an original was under the control of the party against whom offered, that party was put on notice, by the pleadings or otherwise, that the contents would be a subject of proof at the hearing, and that party does not produce the original at the hearing[~~; or~~

~~(4) Collateral matters. The writing, recording, or photograph is not closely related to a controlling issue~~].

Section 26. KRS 422A.1102 is amended to read as follows:

(1) Supreme Court. The Supreme Court of Kentucky shall have the power to prescribe amendments or additions to the Kentucky Rules of Evidence. [~~Such~~] Amendments or additions shall not take effect until they have been reported to the Kentucky General Assembly by the Chief Justice of the Supreme Court at or after the beginning of a regular session of the General Assembly but not later than the first day of March, and until the adjournment of that regular session of the General Assembly; but if the General Assembly within that time shall by resolution disapprove any amendment or addition so reported it shall not take effect. The effective date of any amendment or addition so reported may be deferred by the General Assembly to a later date or until approved by the General Assembly. ***However, the General Assembly may not disapprove any amendment or addition or defer the effective date of any amendment or addition that constitutes rules of practice and procedure under Section 116 of the Kentucky Constitution.***

(2) General Assembly. The General Assembly may amend any proposal reported by the Supreme Court pursuant to subsection (1) of this section and may adopt amendments or additions to the Kentucky Rules of Evidence not reported to the General Assembly by the Supreme Court. ***However,*** the General Assembly may not ***amend any proposals reported by the Supreme Court and may not*** adopt amendments or additions ***to the Kentucky Rules of Evidence*** that constitute rules of practice and procedure under Section 116 of the Constitution of Kentucky.

(3) Review of proposals for change. Neither the Supreme Court nor the General Assembly should undertake to amend or add to the Kentucky Rules of Evidence without first obtaining a review of proposed amendments or additions from the Evidence Rules Review Commission described in KRS 422A.1103 (KRE 1103).

Section 27. KRS 422A.1103 is amended to read as follows:

(1) The Chief Justice of the Supreme Court ***or a designated justice*** shall serve as chairman of a permanent Evidence Rules Review Commission which shall consist of the Chief Justice ***or a designated justice***, one (1) additional member of the judiciary appointed by the Chief Justice, the chairman of the Senate Judiciary Committee, the chairman of the House Judiciary Committee, and five (5) members of the Kentucky bar appointed to four (4) year terms by the ***Chief Justice*** [~~President of the Kentucky Bar Association~~].

(2) The Evidence Rules Review Commission shall meet at the call of the Chief Justice ***or a designated justice*** for the purpose of reviewing proposals for amendment or addition to the Kentucky Rules of Evidence, as requested by the Supreme Court or General Assembly pursuant to KRS 422A.1102 (KRE 1102). The Commission shall act promptly to assist the Supreme Court or General Assembly and shall perform its review function in furtherance of the ideals and objectives described in KRS 422A.0102 (KRE 102).

Section 28. KRS 422A.1104 is amended to read as follows:

The commentary accompanying the Kentucky Rules of Evidence may be used as an aid in construing the provisions of the Rules***, but shall not be binding upon the Court of Justice***.

(a) Objection. In case the ruling is one admitting evidence, a timely objection or motion to strike appears of record, ***and upon request of the court*** stating the specific ground of objection, if the specific ground was not apparent from the context; or

(b) Offer of proof. In case the ruling is one excluding evidence, ***upon request of the examining attorney, the witness may make a specific offer of his answer to the question*** [~~the substance of the evidence was made known to the court by offer or was apparent from the context within which questions were asked~~].

(2) Record of offer and ruling. The court may add any other or further statement which shows the character of the evidence, the form in which it was offered, the objection made, and the ruling thereon. It may direct the making of an offer in question and answer form.

(3) Hearing of jury. In jury cases, proceedings shall be conducted, to the extent practicable, so as to prevent inadmissible evidence from being suggested to the jury by any means, such as making statements or offers of proof or asking questions in the hearing of the jury.

(4) Motions in limine. A party may move the court for a ruling in advance of trial on the admission or exclusion of evidence. The court may rule on such a motion in advance of trial or may defer a decision on admissibility until the evidence is offered at trial. A motion in limine resolved by order of record is sufficient to preserve error for appellate review. Nothing in this rule precludes the court from reconsidering at trial any ruling made on a motion in limine.

(5) Palpable error. A palpable error in applying the Kentucky Rules of Evidence which affects the substantial rights of a party may be considered by a trial court on motion for a new trial or by an appellate court on appeal, even though insufficiently raised or preserved for review, and appropriate relief may be granted upon a determination that manifest injustice has resulted from the error.

Section 2. KRS 422A.0104 is amended to read as follows:

(1) Questions of admissibility generally. Preliminary questions concerning the qualification of a person to be a witness, the existence of a privilege, or the admissibility of evidence shall be determined by the court, subject to the provisions of subsection (2) of this rule. In making its determination it is not bound by the rules of evidence except those with respect to privileges.

(2) Relevancy conditioned on fact. When the relevancy of evidence depends upon the fulfillment of a condition of fact, the court shall admit it upon, or subject to, the introduction of evidence sufficient to support a finding of the fulfillment of the condition.

(3) Hearing of jury. Hearings on the admissibility of confessions or the fruits of searches conducted under color of law shall in all cases be conducted out of the hearing of the jury. Hearings on other preliminary matters shall be so conducted when the interests of justice require, or when an accused is a witness and so requests.

(4) Testimony by accused. The accused does not, by testifying upon a preliminary matter, become subject to cross-examination as to other issues in the case.

(5) Weight and credibility. This rule does not limit the right of a party to introduce before the jury evidence relevant to weight or credibility***, including evidence of bias, interest, or prejudice***.

Section 3. KRS 422A.0403 is amended to read as follows:

Although relevant, evidence may be excluded if its probative value is substantially outweighed by the danger of ***undue*** [~~unfair~~] prejudice, confusion of the issues, or misleading the jury, or by considerations of undue delay, [~~waste of time,~~] or needless presentation of cumulative evidence.

Section 4. KRS 422A.0404 is amended to read as follows:

(1) Character evidence generally. Evidence of a ***person's*** [~~persons~~] character or a trait of character is not admissible for the purpose of proving action in conformity therewith on a particular occasion, except:

(a) Character of accused. Evidence of a pertinent trait of character or of general moral character offered by an accused, or by the prosecution to rebut the same;

(b) Character of victim generally. Evidence of a pertinent trait of character of the victim of the crime offered by an accused, other than in a prosecution for criminal sexual conduct, or by the prosecution to rebut the same, or evidence of a character trait of peacefulness of the victim offered by the prosecution in a homicide case to rebut evidence that the victim was the first aggressor;

(c) Character of witnesses. Evidence of the character of witnesses, as provided in KRS 422A.0607 (KRE 607), 422A.0608 (KRE 608), and 422A.0609 (KRE 609).

(2) Other crimes, wrongs, or acts. Evidence of other crimes, wrongs, or acts is not admissible to prove the character of a person in order to show action in conformity therewith. It may, however, be admissible:

(a) If offered for some other purpose, such as proof of motive, opportunity, intent, preparation, plan, knowledge, identity, or absence of mistake or accident; or

(b) If so inextricably intertwined with other evidence essential to the case that separation of the two (2) could not be accomplished without serious adverse effect on the offering party.

(3) Notice requirement. In a criminal case, if the prosecution intends to introduce evidence pursuant to subsection (2) of this rule as a part of its case in chief, it shall give reasonable pre-trial notice to the defendant of its intention to offer such evidence. Upon failure of the prosecution to give such notice the court may exclude the evidence offered under subsection (2) or for good cause shown may excuse the failure to give such notice and grant the defendant a continuance or such other remedy as is necessary to avoid unfair prejudice caused by such failure.

Section 5. KRS 422A.0405 is amended to read as follows:

(1) Reputation or opinion. In all cases in which evidence of character or a trait of character of a person is admissible, proof may be made by testimony as to general reputation in the community or by testimony in the form of [~~personal~~] opinion.

(2) Inquiry on cross-examination. On cross examination of a character witness, it is proper to inquire if the witness has heard of or knows about relevant specific instances of conduct. However, no specific instance of conduct may be the subject of inquiry under this provision unless the cross-examiner has a factual basis for the subject matter of the inquiry.

(3) Specific instances of conduct. In cases in which character or a trait of character of a person is an essential element of a charge, claim, or defense, proof may also be made of specific instances of that person's conduct.

Section 6. KRS 422A.0407 is amended to read as follows:

When, after an event, measures are taken which, if taken previously, would have made an injury or harm allegedly caused by the event less likely to occur, evidence of the subsequent measures is not admissible to prove negligence [~~or culpable conduct~~] in connection with the event. This rule does not require the exclusion of evidence of subsequent measures ***in products liability cases or*** when offered for another purpose, such as proving ownership, control, or feasibility of precautionary measures, if controverted, or impeachment.

Section 7. KRS 422A.0410 is amended to read as follows:

Except as otherwise provided in this rule, evidence of the following is not, in any civil or criminal proceeding, admissible against the defendant who made the plea or was a participant in the plea discussions:

(1) A plea of guilty which was later withdrawn;

(2) A plea of nolo contendere ***in a jurisdiction accepting such pleas, and a plea under Alford v. North Carolina, 394 U.S. 956 (1969)***;

(3) Any statement made in the course of formal plea proceedings, under either state procedures or Rule 11 of the Federal Rules of Criminal Procedure, regarding either of the foregoing pleas; or

(4) Any statement made in the course of plea discussions with an attorney for the prosecuting authority which do not result in a plea of guilty or which result in a plea of guilty later withdrawn. However, such a statement is admissible:

(a) In any proceeding wherein another statement made in the course of the same plea or plea discussions has been introduced and the statement ought in fairness be considered contemporaneously with it; or

(b) In a criminal proceeding for perjury or false statement if the statement was made by the defendant under oath, on the record and in the presence of counsel.

Section 8. KRS 422A.0503 is amended to read as follows:

(1) Definitions. As used in this rule:

(a) "Client" means a person, including a public officer, corporation, association, or other organization or entity, either public or private, who is rendered professional legal services by a lawyer, or who consults a lawyer with a view to obtaining professional legal services from the lawyer.

(b) "Representative of the client" means:

1. A person having authority to obtain professional legal services, or to act on advice thereby rendered on behalf of the client; or

2. Any employee or representative of the client who makes or receives a confidential communication:

(i) In the course and scope of his or her employment;

(ii) Concerning the subject matter of his or her employment; and

(iii) To effectuate legal representation for the client.

(c) "Lawyer" means a person authorized, or reasonably believed by the client to be authorized to engage in the practice of law in any state or nation.

(d) "Representative of the lawyer" means a person employed by the lawyer to assist the lawyer in rendering professional legal services.

(e) A communication is "confidential" if not intended to be disclosed to third persons other than those to whom disclosure is made in furtherance of the rendition of professional legal services to the client or those reasonably necessary for the transmission of the communication.

(2) General rule of privilege. A client has a privilege to refuse to disclose and to prevent any other person from disclosing a confidential communication made for the purpose of facilitating the rendition of professional legal services to the client:

(a) Between the client or a representative of the client and the client's lawyer or a representative of the lawyer;

(b) Between the lawyer and a representative of the lawyer;

(c) By the client or a representative of the client or the client's lawyer or a representative of the lawyer representing another party in a pending action and concerning a matter of common interest therein;

(d) Between representatives of the client or between the client and a representative of the client; or

(e) Among lawyers and their representatives representing the same client. [~~This rule is subject to the provisions of KRS 422A.0502 (KRE 502).~~]

(3) Who may claim the privilege. The privilege may be claimed by the client, the client's guardian or conservator, the personal representative of a deceased client, or the successor, trustee, or similar representative of a corporation, association, or other organization, whether or not in existence. The person who was the lawyer or the lawyer's representative at the time of the communication is presumed to have authority to claim the privilege but only on behalf of the client.

(4) Exceptions. There is no privilege under this rule:

(a) Furtherance of crime or fraud. If the services of the lawyer were sought or obtained to enable or aid anyone to commit or plan to commit what the client knew or reasonably should have known to be a crime or fraud;

(b) Claimants through same deceased client. As to a communication relevant to an issue between parties who claim through the same deceased client, regardless of whether the claims are by testate or intestate succession or by transaction inter vivos;

(c) Breach of duty by a lawyer or client. As to a communication relevant to an issue of breach of duty by a lawyer to the client or by a client to the lawyer;

(d) Document attested by a lawyer. As to a communication relevant to an issue concerning an attested document to which the lawyer is an attesting witness; and

(e) Joint clients. As to a communication relevant to a matter of common interest between or among two (2) or more clients if the communication was made by any of them to a lawyer retained or consulted in common, when offered in an action between or among any of the clients.

Section 9. KRS 422A.0504 is amended to read as follows:

(1) Spousal testimony. The spouse of a party has a privilege to refuse to testify against the party as to events occurring after the date of their marriage. A party has a privilege to prevent his or her spouse from testifying against the party as to events occurring after the date of their marriage.

(2) Marital communications. An individual has a privilege to refuse to testify and to prevent another from testifying to any confidential communication made by the individual to his or her spouse during their marriage. The privilege may be asserted only by the individual holding the privilege or by the holder's guardian, conservator, or personal representative. A communication is confidential if it is made privately by an individual to his or her spouse and is not intended for disclosure to any other person.

(3) Exceptions. There is no privilege under this rule:

(a) In any criminal proceeding in which sufficient evidence is introduced to support a finding that the spouses conspired or acted jointly in the commission of the crime charged;

(b) In any proceeding in which one (1) spouse is charged with wrongful conduct against the person or property of:

1. The other;

2. A minor child of either;

3. An individual residing in the household of either; or

4. A third person if the wrongful conduct is committed in the course of wrongful conduct against any of the individuals previously named in this sentence. The court may refuse to allow the privilege in any other proceeding if the interests of a minor child of either spouse may be adversely affected; or

(c) In any proceeding in which the spouses are adverse parties.

[~~(1) Spousal testimony in criminal proceedings. The spouse of an accused in a criminal proceeding has a privilege to refuse to testify against the accused spouse as to events occurring after the date of their marriage.~~

~~(2) Exceptions. There is no privilege under this rule:~~

~~(a) In any criminal proceeding in which sufficient evidence is introduced to support a finding that the spouses conspired or acted jointly in the commission of the crime charged; or~~

~~(b) In any proceeding in which one (1) spouse is charged with wrongful conduct against the person or property of:~~

~~1. The other;~~

~~2. A minor child of either;~~

~~3. An individual residing in the household of either; or~~

~~4. A third person if the wrongful conduct is committed in the course of wrongful conduct against any of the individuals previously named in this sentence. The court may refuse to allow the privilege in any other proceeding if the interests of a minor child of either spouse may be adversely affected.~~]

Section 10. KRS 422A.0505 is amended to read as follows:

(1) Definitions. As used in this rule:

(a) A "clergyman" is a minister, priest, rabbi, accredited Christian Science Practitioner, or other similar functionary of a religious organization, or an individual reasonably believed so to be by the person consulting him.

(2) General rule of privilege. A person has a privilege to refuse to disclose and to prevent another from disclosing a confidential communication between the person and a clergyman in his professional character as spiritual adviser. [~~This rule is subject to KRE 502.~~]

(3) Who may claim the privilege. The privilege may be claimed by the person, by his guardian or conservator, or by his personal representative if he is deceased. The person who was the clergyman at the time of the communication is presumed to have authority to claim the privilege but only on behalf of the communicant.

Section 11. KRS 422A.0506 is amended to read as follows:

(1) Definitions. As used in this rule:

(a) A "counselor" includes:

1. A certified school counselor who meets the requirements of the Kentucky Board of Education and who is duly appointed and regularly employed for the purpose of counseling in a public or private school of this state;

2. [~~A clinical social worker, licensed by the state board of examiners of social work and holding a certificate of qualification for the independent practice of clinical social work;~~

~~3.~~] A sexual assault counselor, who is a person engaged in a rape crisis center, as defined in KRS Chapter 421, who has undergone forty (40) hours of training and is under the control of a direct services supervisor of a rape crisis center, whose primary purpose is the rendering of advice, counseling or assistance to victims of sexual assault;

3.[~~4.~~] A drug abuse counselor, who is a person employed by a drug abuse and education center licensed by the Kentucky Cabinet for Human Resources pursuant to KRS Chapter 210; and

4.[~~5.~~] An alcohol abuse counselor, who is a person employed by a licensed hospital, or treatment facility licensed by the Kentucky Cabinet for Human Resources pursuant to KRS Chapter 222.

(b) A "client" is a person who consults or is interviewed by a counselor for the purpose of obtaining professional services from the counselor.

(c) A communication is "confidential" if not intended to be disclosed to third persons, except persons present to further the interest of the client in the consultation or interview, persons reasonably necessary for the transmission of the communication, or persons present during the communication at the direction of the counselor, including members of the client's family.

(2) General rule of privilege. A client has a privilege to refuse to disclose and to prevent any other person from disclosing confidential communications made for the purpose of counseling the client, between himself, his counselor, and persons present at the direction of the counselor, including members of the client's family. [~~This rule is subject to KRS 422A.0502 (KRE 502).~~]

(3) Who may claim the privilege. The privilege may be claimed by the client, his guardian or conservator, or the personal representative of a deceased client. The person who was the counselor (or that person's employer) may claim the privilege in the absence of the client, but only on behalf of the client.

(4) Exceptions. There is no privilege under this rule for any relevant communication:

(a) If the client is asserting his physical, mental or emotional condition as an element of a claim or defense; or, after the client's death, in any proceeding in which any party relies upon the condition as an element of a claim or defense.

(b) If the judge finds:

1. That the substance of the communication is relevant to an essential issue in the case;

2. That there are no available alternate means to obtain the substantial equivalent of the communication; and

3. That the need for the information outweighs the interest protected by the privilege. The court may receive evidence in camera to make findings under this rule.

Section 12. KRS 422A.0507 is amended to read as follows:

(1) Definitions. As used in this rule:

(a) A "patient" is a person who, for the purpose of securing diagnosis or treatment of his or her mental condition, consults a psychotherapist.

(b) A "psychotherapist" is:

1. A person licensed by the state of Kentucky, or by the laws of another state, to practice medicine, or reasonably believed by the patient to be licensed to practice medicine, while engaged in the diagnosis or treatment of a mental condition; [~~or~~]

2. A person licensed or certified by the state of Kentucky, or by the laws of another state, as a psychologist, or a person reasonably believed by the patient to be a licensed or certified psychologist***; or***

3. A clinical social worker, licensed by the State Board of Examiners of Social Work and holding a certificate of qualification for the independent practice of clinical social work.

(c) A communication is "confidential" if not intended to be disclosed to third persons other than those present to further the interest of the patient in the consultation, examination or interview, or persons reasonably necessary for the transmission of the communication, or persons who are present during the communication at the direction of the psychotherapist, including members of the patient's family.

(d) "Authorized representative" means a person empowered by the patient to assert the privilege granted by this rule and, until given permission by the patient to make disclosure, any person whose communications are made privileged by this rule.

(2) General rule of privilege. A patient, or his authorized representative, has a privilege to refuse to disclose and to prevent any other person from disclosing confidential communications, made for the purpose of diagnosis or treatment of his mental condition, between the patient, the patient's psychotherapist, or persons who are participating in the diagnosis or treatment under the direction of the psychotherapist, including members of the patient's family. [~~This rule is subject to KRS 422A.0502 (KRE 502).~~]

(3) Exceptions. There is no privilege under this rule for any relevant communications under this section:

(a) In proceedings to hospitalize the patient for mental illness, if the psychotherapist in the course of diagnosis or treatment has determined that the patient is in need of hospitalization;

(b) If a judge finds that a patient, after having been informed that the communications would not be privileged, has made communications to a psychotherapist in the course of an examination ordered by the court, provided that such communications shall be admissible only on issues involving the patient's mental condition; or

(c) If the patient is asserting his mental condition as an element of a claim or defense, or, after the patient's death, in any proceeding in which any party relies upon the condition as an element of a claim or defense.

Section 13. KRS 422A.0508 is amended to read as follows:

(1) General rule of privilege. The Commonwealth of Kentucky and its sister states and the United States have a privilege to refuse to disclose the identity of a person who has furnished information relating to or assisting in an investigation of a possible violation of a law to a law enforcement officer or member of a legislative committee or its staff conducting an investigation.

(2) Who may claim. The privilege may be claimed by an appropriate representative of the public entity to which the information was furnished.

(3) Exceptions:

(a) Voluntary disclosure; informer as a witness. No privilege exists under this rule if the identity of the informer or his interest in the subject matter of his communication has been disclosed by the holder of the privilege or by the informer's own action, or if the informer appears as a witness for the state. Disclosure within a law enforcement agency or legislative committee for a proper purpose does not waive the privilege.

(b) Testimony on relevant issue. If it appears that an informer may be able to give relevant testimony and the public entity invokes the privilege, the court shall give the public entity an opportunity to make an in camera showing in support of the claim of privilege. The showing will ordinarily be in the form of affidavits, but the court may direct that testimony be taken if it finds that the matter cannot be resolved satisfactorily upon affidavits. If the court finds that there is a reasonable probability that the informer can give relevant testimony, and the public entity elects not to disclose this identity, in criminal cases the court on motion of the defendant or on its own motion shall grant appropriate relief, which may include one (1) or more of the following:

1. Requiring the prosecuting attorney to comply;

2. Granting the defendant additional time or a continuance;

3. Relieving the defendant from making disclosures otherwise required of him;

4. Prohibiting the prosecuting attorney from introducing specified evidence; and

5. Dismissing charges.

(4) In civil cases, the court may make any order the interests of justice require ***if the informer has pertinent information***. Evidence presented to the court shall be sealed and preserved to be made available to the appellate court in the event of an appeal, and the contents shall not otherwise be revealed without consent of the informed public entity.

Section 14. KRS 422A.0608 is amended to read as follows:

(1) Opinion and reputation evidence of character. The credibility of a witness may be attacked or supported by evidence in the form of opinion or reputation, but subject to these limitations:

(a) The evidence may refer only to character for truthfulness or untruthfulness; and

(b) Evidence of truthful character is admissible only after the character of the witness for truthfulness has been attacked by opinion or reputation evidence***, by specific instances of conduct under subsection (2) of this rule, or by evidence of conviction of crime under KRS 422A.0609 (KRE 609)*** [~~or otherwise~~].

(2) Specific instances of conduct. Specific instances of the conduct of a witness, for the purpose of attacking or supporting the witness' credibility, other than conviction of crime as provided in KRS 422A.0609 (KRE 609), may not be proved by extrinsic evidence. They may, however, in the discretion of the court, if probative of truthfulness or untruthfulness, be inquired into on cross-examination of the witness:

(a) Concerning the witness' character for truthfulness or untruthfulness; or

(b) Concerning the character for truthfulness or untruthfulness of another witness as to which character the witness being cross-examined has testified. No specific instance of conduct of a witness may be the subject of inquiry under this provision unless the cross-examiner has a factual basis for the subject matter of his inquiry.

Section 15. KRS 422A.0609 is amended to read as follows:

(1) General rule. For the purpose of reflecting upon the credibility of a witness, evidence that the witness has been convicted of a crime shall be admitted if elicited from the witness or established by public record if denied by the witness, but only if[~~:~~

~~(a)~~] the crime was punishable by death or imprisonment for one (1) year or more under the law under which the witness was convicted[~~, or the crime involved dishonesty or false statement, regardless of the punishment; and~~

~~(b) The court determines that the probative value of admitting this evidence on the issue of credibility outweighs its prejudicial effect on the opposing party~~].

The identity of the crime upon which conviction was based may not be disclosed upon cross-examination unless the witness has denied the existence of the conviction. However, a witness against whom a conviction is admitted under this provision may choose to disclose the identity of the crime upon which the conviction is based.

(2) Time limit. Evidence of a conviction under this rule is not admissible if a period of more than ten (10) years has elapsed since the date of the conviction unless the court determines that the probative value of the conviction substantially outweighs its prejudicial effect.

(3) Effect of pardon, annulment, or certificate of rehabilitation. Evidence of a conviction is not admissible under this rule if[~~:~~

~~(a) The conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted, and that person has not been convicted of a subsequent crime which was punishable by death or imprisonment of one (1) year or more; or~~

~~(b)~~] the conviction has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence.

[~~(4) Juvenile adjudications. Evidence of juvenile adjudications is generally not admissible under this rule. The court may, however, in a criminal case allow evidence of a juvenile adjudication of a witness other than the accused if conviction of the offense would be admissible to attack the credibility of an adult and the court is satisfied that admission in evidence is necessary for a fair determination of the issue of guilt or innocence.~~

~~(5) Pendency of appeal. The pendency of an appeal therefrom does not render evidence of a conviction inadmissible. Evidence of the pendency of an appeal is admissible.~~]

Section 16. KRS 422A.0613 is amended to read as follows:

(1) Examining witness concerning prior statement. ***Before other evidence can be offered of the witness having made at another time a different statement, he must be inquired of concerning it, with the circumstances of time, place, and persons present, as correctly as the examining party can present them; and, if it be in writing, it must be shown to the witness, with opportunity to explain it. The court may allow such evidence to be introduced when it is impossible to comply with this rule because of the absence at the trial or hearing of the witness sought to be contradicted, and when the court finds that the impeaching party has acted in good faith.*** [~~In examining a witness concerning a prior statement made by the witness, whether written or not, the statement need not be shown nor its contents disclosed to the witness at that time, but on request the same shall be shown or disclosed to opposing counsel.~~]

(2) [~~Extrinsic evidence of prior inconsistent statement of witness. Extrinsic evidence of a prior inconsistent statement by a witness is not admissible unless the witness is afforded an opportunity to explain or deny the same and the opposite party is afforded an opportunity to interrogate the witness thereon, or the interests of justice otherwise require.~~] This provision does not apply to admissions of a party-opponent as defined in KRS 422A.0801A (KRE 801-A).

Section 17. KRS 422A.0614 is amended to read as follows:

(1) Calling by court. The court may, on its own motion or at the suggestion of a party, call witnesses, and all parties are entitled to cross-examine witnesses thus called.

(2) Interrogation by court. The court may interrogate witnesses, whether called by itself or by a party.

(3) Interrogation by juror. A juror may be permitted to address questions to a witness by submitting them in writing to the judge who will decide at his discretion whether or not to submit the questions to the witness for answer.

(4) Objections. Objections to the calling of witnesses by the court, to interrogation by the court, or to interrogation by a juror may be made out of the hearing of the jury at the earliest available opportunity.

Section 18. KRS 422A.0705 is amended to read as follows:

[~~(1) General.~~] The expert may testify in terms of opinion or inference and give reasons therefor without prior disclosure of the underlying facts or data, unless the court requires otherwise. The expert may in any event be required to disclose the underlying facts or data on cross-examination.

[~~(2) Voir dire examination. Prior to the expert giving his opinion or inference, a party against whom the opinion or inference is offered may conduct outside the presence of the jury a voir dire examination of the witness directed to the underlying facts or data for the opinion or inference. If this examination produces~~

~~evidence indicating that the expert lacks a sufficient basis for the opinion or inference, the trial judge shall exclude the expert's testimony unless the offering party establishes sufficient underlying facts or data for the opinion or inference.~~]

Section 19. KRS 422A.0706 is amended to read as follows:

(1) Appointment. The court may on its own motion or on the motion of any party enter an order to show cause why expert witnesses should not be appointed, and may require the parties to submit nominations. The court may appoint any expert witnesses agreed upon by the parties, and may appoint expert witnesses of its own selection. An expert witness shall not be appointed by the court unless the witness consents to act. A witness so appointed shall be informed of the witness, duties by the court in writing, a copy of which shall be filed with the clerk, or at a conference in which the parties shall have opportunity to participate. A witness so appointed shall advise the parties of the witness' findings, if any; the witness' deposition may be taken by any party; and the witness may be called to testify by the court or any party. The witness shall be subject to cross-examination by each party, including a party calling the witness.

(2) Compensation. Expert witnesses so appointed are entitled to reasonable compensation in whatever sum the court may allow. Except as otherwise provided by law, the compensation shall be paid by the parties in such proportions and at such time as the court directs, and thereafter charged in like manner as other costs.

[~~(3) Disclosure of appointment. In the exercise of its discretion, the court may authorize disclosure to the jury of the fact that the court appointed the expert witness.~~

~~(4) Parties' expert of own selection. Nothing in this rule limits the parties in calling expert witnesses of their own selection.~~]

Section 20. KRS 422A.0801A is amended to read as follows:

(1) Prior statements of witnesses. A statement is not excluded by the hearsay rule, even though the declarant is available as a witness, if the declarant testifies at the trial or hearing and is ***examined*** [~~subject to cross-examination~~] concerning the statement, ***with a foundation laid as required by KRS 422A.0613*** and the statement is:

(a) Inconsistent with the declarant's testimony[~~, and was given under oath subject to the penalty of perjury at a trial, hearing, or other proceeding, or in a deposition~~];

(b) Consistent with the declarant's testimony and is offered to rebut an express or implied charge against the declarant of recent fabrication or improper influence or motive; or

(c) One of identification of a person made after perceiving the person.

(2) Admissions of parties. A statement is not excluded by the hearsay rule, even though the declarant is available as a witness, if the statement is offered against a party and is:

(a) The party's own statement, in either an individual or a representative capacity;

(b) A statement of which the party has manifested an adoption or belief in its truth;

(c) A statement by a person authorized by the party to make a statement concerning the subject;

(d) A statement by the party's agent or servant concerning a matter within the scope of the agency or employment, made during the existence of the relationship; or

(e) A statement by a coconspirator of a party during the course and in furtherance of the conspiracy.

(3) Admission by privity:

(a) Wrongful death. A statement by the deceased is not excluded by the hearsay rule when offered as evidence against the plaintiff in an action for wrongful death of the deceased.

(b) Predecessors in interest. Even though the declarant is available as a witness, when a right, title or interest in any property or claim asserted by a party to a civil action requires a determination that a right, title, or interest existed in the declarant, evidence of a statement made by the declarant during the time the party now claims the declarant was the holder of the right, title, or interest is not excluded by the hearsay rule when offered against the party if the evidence would be admissible if offered against the declarant in an action involving that right, title, or interest.

(c) Predecessors in litigation. Even though the declarant is available as a witness, when the liability, obligation, or duty of a party to a civil action is based in whole or in part upon the liability, obligation or duty of the declarant, or when the claim or right asserted by a party to a civil action is barred or diminished by a breach of duty by the declarant, evidence of a statement made by the declarant is not excluded by the hearsay rule when offered against the party if the evidence would be admissible against the declarant in an action involving that liability, obligation, duty or breach of duty.

Section 21. KRS 422A.0802 is amended to read as follows:

Hearsay is not admissible except as provided by these rules or by [~~other~~] rules of the Supreme Court of Kentucky [~~or by Acts of the General Assembly~~].

Section 22. KRS 422A.0803 is amended to read as follows:

The following are not excluded by the hearsay rules, even though the declarant is available as a witness:

(1) Present sense impression. A statement describing or explaining an event or condition made while the declarant was perceiving the event or condition, or immediately thereafter.

(2) Excited Utterance. A statement relating to a startling event or condition made while the declarant was under the stress of excitement caused by the event or condition.

(3) Then existing mental, emotional, or physical condition. A statement of the declarant's then existing state of mind, emotion, sensation, or physical condition (such as intent, plan, motive, design, mental feeling, pain, and bodily health), but not including a statement of memory or belief to prove the fact remembered or believed unless it relates to the execution, revocation, identification, or terms of declarant's will.

(4) Statements for purposes of medical treatment or diagnosis [~~in connection with treatment~~]. Statements made for purposes of ***medical*** treatment or diagnosis [~~in connection with treatment~~] and describing medical history, or past or present symptoms, pain, or sensations, or the inception or general character of the cause or external source thereof insofar as reasonably pertinent to treatment or diagnosis [~~in connection with treatment~~].

(5) Recorded recollection. A memorandum or record concerning a matter about which a witness once had knowledge but now has insufficient recollection to enable the witness to testify fully and accurately, shown to have been made or adopted by the witness when the matter was fresh in the witness' memory and to reflect that knowledge correctly. If admitted, the memorandum or record may be read into evidence but may not be received as an exhibit unless offered by an adverse party.

(6) Records of regularly conducted activity. A memorandum, report, record, or data compilation, in any form, of acts, events, conditions, opinions, or diagnoses, made at or near the time by, or from information transmitted by, a person with knowledge, if kept in the course of a regularly conducted business activity, and if it was the regular practice of that business activity to make the memorandum, report, record, or data compilation, all as shown by the testimony of the custodian or other qualified witness, unless the source of information or the method or circumstances of preparation indicate lack of trustworthiness. The term "business" as used in this paragraph includes business, institution, association, profession, occupation, and calling of every kind, whether or not conducted for profit.

(a) Foundation exemptions. A custodian or other qualified witness, as required above, is unnecessary when the evidence offered under this provision consists of medical charts or records of a hospital that has elected to proceed under the provisions of KRS 422.300 to 422.330, business records which satisfy the requirements of KRS 422A.0902(11) (KRE 902(11)), or some other record which is subject to a statutory exemption from normal foundation requirements.

(b) Opinion [~~or diagnosis~~]. No evidence in the form of an opinion [~~or diagnosis~~] is admissible under this subsection unless such opinion [~~or diagnosis~~] would be admissible under Article VII of these rules if the person whose opinion [~~or diagnosis~~] is recorded were to testify to the opinion [~~or diagnosis~~] directly.

(7) Absence of entry in records kept in accordance with the provisions of subsection (6). Evidence that a matter is not included in the memoranda, reports, records, or data compilations, in any form, kept in accordance with the provisions of subsection (6), to prove the nonoccurrence or nonexistence of the matter, if the matter was of a kind of which a memorandum, report, record, or other data compilation was regularly made and preserved, unless the sources of information or other circumstances indicate lack of trustworthiness.

(8) Public records and reports. Unless the sources of information or other circumstances indicate lack of trustworthiness, records, reports, statements, or other data compilations in any form of a public office or agency setting forth its regularly conducted and regularly recorded activities, or matters observed pursuant to duty imposed by law and as to which there was a duty to report, or factual findings resulting from an investigation made pursuant to authority granted by law. The following are not within this exception to the hearsay rule:

(a) Investigative reports by police and other law enforcement personnel[~~, except when offered by an accused in a criminal case~~];

(10) Absence of public record or entry. To prove the absence of a record, report, statement, or data compilation, in any form, or the nonoccurrence or nonexistence of a matter of which a record, report, statement, or data complication, in any form, was regularly made and preserved by a public office or agency, evidence in the form of a certification in accordance with KRS 422A.0902 (KRE 902), or testimony, that diligent search failed to disclose the record, report, statement, or data compilation, or entry.

(11) Records of religious organizations. Statements of births, marriages, divorces, deaths, legitimacy, ancestry, relationships by blood or marriage, or other similar facts of personal or family history, contained in a regularly kept record of a religious organization.

(12) Marriage, baptismal, and similar certificates. (13) Family records. Statements of births, marriages, divorces, deaths, legitimacy, ancestry, relationship by blood or marriage, or other similar facts of personal or family history contained in family Bibles, genealogies, charts, engravings on rings, inscriptions on family portraits, engravings on urns, crypts, or tombstones, or the like.

(14) Records of documents affecting an interest in property. The record of a document purporting to establish or affect an interest in property, as proof of the content of the original recorded document and its execution and delivery by each person by whom it purports to have been executed, if the record is a record of a public office and an applicable statute authorizes the recording of documents of that kind in that office.

(15) Statements in documents affecting an interest in property. A statement contained in a document purporting to establish or affect an interest in property if the matter stated was relevant to the purpose of the document, unless dealings with the property since the document was made have been inconsistent with the truth of the statement or the purport of the document.

(16) Statements in ancient documents. Statements in a document in existence twenty (20) years or more the authenticity of which is established.

(18) Learned treatises. To the extent called to the attention of an expert witness upon cross-examination or relied upon by the expert witness in direct examination, statements contained in or pamphlets on a subject of history, medicine, or other science or art, established as a reliable authority by the testimony or admission of the witness or by other expert testimony or by judicial notice. If admitted, the statements may be read into evidence but may not be received as exhibits.

(19) Reputation concerning personal or family history. Reputation among members of a person's family by blood, adoption, or marriage, or among a person's associates, or in the community, concerning a person's birth, adoption, marriage, divorce, death, legitimacy, relationship by blood, adoption, or marriage, ancestry, or other similar fact of his personal or family history.

(20) Reputation concerning boundaries or general history. Reputation in a community, arising before the controversy, as to boundaries of or customs affecting lands in the community, and reputation as to events of general history important to the community or state or nation in which located.

(21) Reputation as to character. Reputation of a person's character among associates or in the community.

(22) Judgment of previous conviction. Evidence of a final judgment, entered after a trial or upon a plea of guilty (but not upon a plea of nolo contendere), adjudging a person guilty of a crime punishable by death or imprisonment under the law defining the crime, to prove any fact essential to sustain the judgment, but not including, when offered by the prosecution in a criminal case for purposes other than impeachment, judgments against persons other than the accused. [~~The pendency of an appeal may be shown but does not affect admissibility.~~]

(23) Judgment as to personal, family, or general history, or boundaries. Judgments as proof of matters of personal, family, or general history, or boundaries, essential to the judgment, if the same would be provable by evidence of reputation.

Section 23. KRS 422A.0804 is amended to read as follows:

(1) Definition of unavailability. "Unavailability as a witness" includes situations in which the declarant:

(a) Is exempted by ruling of the court on the ground of privilege from testifying concerning the subject matter of the declarant's statement;

(b) Persists in refusing to testify concerning the subject matter of the declarant's statement despite an order of the court to do so;

(c) Testifies to a lack of memory of the subject matter of the declarant's statement;

(d) Is unable to be present or to testify at the hearing because of death or then existing physical or mental illness or infirmity; or

(e) Is absent from the hearing and the proponent of ***the*** [~~his~~] statement has been unable to procure the declarant's attendance by process or other reasonable means.

A declarant is not unavailable as a witness if his exemption, refusal, claim of lack of memory, inability, or absence is due to the procurement or wrongdoing of the proponent of a statement for the purpose of preventing the witness from attending or testifying.

(2) Hearsay exceptions. The following are not excluded by the hearsay rule if the declarant is unavailable as a witness:

(a) Former testimony. Testimony given as a witness at another hearing of the same or a different proceeding, or in a deposition taken in compliance with law in the course of the same or another proceeding, if the party against whom the testimony is now offered, or, in a civil action or proceeding, a predecessor in interest, had an opportunity and similar motive to develop the testimony by direct, cross, or redirect examination.

(b) Statement under belief of impending death. In a criminal prosecution or in a civil action or proceeding, a statement made by a declarant while believing that the declarant's death was imminent, concerning the cause or circumstances of what the declarant believed to be his impending death.

(c) Statement against interest. A statement which was at the time of its making so far contrary to the declarant's pecuniary or proprietary interest, or so far tended to subject the declarant to civil or criminal liability, or to render invalid a claim by the declarant against another, that a reasonable person in the declarant's position would not have made the statement unless believing it to be true. A statement tending to expose the declarant to criminal liability is not admissible unless corroborating circumstances clearly indicate the trustworthiness of the statement.

(d) Statements of personal or family history.

1. A statement concerning the declarant's own birth, adoption, marriage, divorce, legitimacy, relationship by blood, adoption, or marriage, ancestry, or other similar fact of personal or family history, even though declarant had no means of acquiring personal knowledge of the matter stated; or

2. A statement concerning the foregoing matters, and death also, of another person, if the declarant was related to the other by blood, adoption or marriage or was so intimately associated with the other's family as to be likely to have accurate information concerning the matter declared.

[~~(c) Residual exception. A statement not specifically covered by any of the foregoing exceptions or any of the exceptions contained in KRS 422A.0803 (KRE 803) but having equivalent circumstantial guarantees of trustworthiness, if the court determines that:~~

~~1. The statement is offered as evidence of a material fact;~~

~~2. The statement is more probative on the point for which it is offered than any other evidence which the proponent can procure through reasonable efforts; and~~

~~3. The general purposes of these rules and the interests of justice will best be served by admission of the statement into evidence. However, a statement may not be admitted under this exception unless the proponent of it makes known to the adverse party sufficiently in advance of the trial or hearing to provide the adverse party with a fair opportunity to prepare to meet it, the proponent's intention to offer the statement and the particulars of it, including the name and address of the declarant.~~]

Section 24. KRS 422A.0902 is amended to read as follows:

Extrinsic evidence of authenticity as a condition precedent to admissibility is not required with respect to the following:

(1) Domestic public documents under seal. A document bearing a seal purporting to be that of the United States, or of any state, district, Commonwealth, territory or insular possession thereof, or the Panama Canal Zone, or the Trust Territory of the Pacific Islands, or of a political subdivision, department, officer, or agency thereof, and a signature purporting to be an attestation or execution.

(2) Domestic public documents not under seal. A document purporting to bear the signature in the official capacity of an officer or employee of any entity included in subsection (1) of this section, having no seal, if a public officer having a seal and having official duties in the district or political subdivision of the officer or employee certifies under seal that the signer has the official capacity and that the signature is genuine.

(3) Foreign public documents. A document purporting to be executed, or attested in an official capac a person authorized by the laws of a foreign country to make the execution or attestation, and accompanied by a final certification as to the genuineness of the signature of official position:

(a) Of the executing or attesting person; or

(b) Of any foreign official whose certificate of genuineness of signature and official position relates to the execution or attestation.

A final certification may be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent of the United States, or a diplomatic or consular official of the foreign country assigned or accredited to the United States, If reasonable opportunity has been given to all parties to investigate the authenticity and accuracy of official documents, the court may, for good cause shown, order that they be treated as presumptively authentic without final certification or permit them to be evidenced by an attested summary with or without final certification.

(4) Official records. An official record or an entry therein, when admissible for any purpose, may be evidenced by an official publication thereof or by a copy attested by an official having the legal custody of the record. If the office in which the record is kept is outside the Commonwealth of Kentucky, the attested copy shall be accompanied by a certificate that the official attesting to the accuracy of the copy has the authority to do so. The certificate accompanying domestic records (those from offices within the territorial jurisdiction of the United States) may be made by a judge of a court of record of the district or political subdivision in which the record is kept, authenticated by the seal of the court, or may be made by any public officer having a seal of office and having official duties in the district or political subdivision in which the record is kept, authenticated by the seal of office. The certificate accompanying foreign records (those from offices outside the territorial jurisdiction of the United States) may be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent or by any officer in the foreign service of the United States stationed in the foreign state or country in which the record is kept, and authenticated by the seal of office. A written statement prepared by an official having the custody of a record that after diligent search no record or entry of a specified tenor is found to exist in the records of the office, complying with the requirements set out above, is admissible as evidence that the records of the office contain no such record of entry.

(5) Official publications. Books, pamphlets, or other publications purporting to be issued by public authority.

(6) Books, newspapers and periodicals. Printed materials purporting to be books, newspapers or periodicals.

(7) Trade inscriptions and the like. Inscriptions, signs, tags or labels purporting to have been affixed in the course of business and indicating ownership, control or origin.

(8) Acknowledged documents. Documents accompanied by a certificate of acknowledgement executed in the manner provided by law before a notary public or other officer authorized by law to take acknowledgements.

(9) Commercial paper and related documents. Commercial paper, signatures thereon, and documents relating thereto to the extent provided by the general commercial law.

(10) Documents which self-authenticate by the provisions of statutes or other rules of evidence. Any signature, document, or other matter which is declared to be presumptively genuine by Act of Congress or the General Assembly of Kentucky or by rule of the Supreme Court of Kentucky.

(11) Business records. (a) Unless the sources of information or other circumstances indicate lack of trustworthiness, the original or a duplicate of a record of regularly conducted activity within the scope of KRS 422A.0803(6) (KRE 803(6)) or 422A.0803(7) (KRE 803(7)), which the custodian thereof certifies:

1. Was made, at or near the time of the occurrence of the matters set forth, by (or from information transmitted by) a person with knowledge of those matters;

2. Is kept in the ***course*** [~~court~~] of the regularly conducted activity; and

3. Was made by the regularly conducted activity as a regular practice.

(b) A record so certified is not self-authenticating under this subsection unless the proponent makes an intention to offer it known to the adverse party and makes it available for inspection sufficiently in advance of its offer in evidence to provide the adverse party with a fair opportunity to challenge it.

(c) As used in this subsection, "certifies" means, with respect to a domestic record, a written declaration under oath subject to the penalty of perjury, and, with respect to a foreign record, a written declaration which, if falsely made, would subject the maker to criminal penalty under the laws of that country. The certificate relating to a foreign record must be accompanied by a final certification as to the genuineness of the signature and official position:

1. Of the individual executing the certificate; or

2. Of any foreign official who certifies the genuineness of signature and official position of the executing individual or is the last in a chain of certificates that collectively certify the genuineness of signature and official position of the executing individual.

A final certification must be made by a secretary of embassy or legation, consul general, consul, vice consul, or consular agent or by an officer in the foreign service of the United States stationed in the foreign state or country in which the record is kept, and authenticated by the seal of office.

Section 25. KRS 422A.1004 is amended to read as follows:

The original is not required, and other evidence of the contents of a writing, recording, or photograph is admissible if:

(1) Originals lost or destroyed. All originals are lost or have been destroyed, unless the proponent lost or destroyed them in bad faith;

(2) Original not obtainable. No original can be obtained by any available judicial process or procedure; ***or***

(3) Original in possession of opponent. At a time when an original was under the control of the party against whom offered, that party was put on notice, by the pleadings or otherwise, that the contents would be a subject of proof at the hearing, and that party does not produce the original at the hearing[~~; or~~

~~(4) Collateral matters. The writing, recording, or photograph is not closely related to a controlling issue~~].

Section 26. KRS 422A.1102 is amended to read as follows:

(1) Supreme Court. The Supreme Court of Kentucky shall have the power to prescribe amendments or additions to the Kentucky Rules of Evidence. [~~Such~~] Amendments or additions shall not take effect until they have been reported to the Kentucky General Assembly by the Chief Justice of the Supreme Court at or after the beginning of a regular session of the General Assembly but not later than the first day of March, and until the adjournment of that regular session of the General Assembly; but if the General Assembly within that time shall by resolution disapprove any amendment or addition so reported it shall not take effect. The effective date of any amendment or addition so reported may be deferred by the General Assembly to a later date or until approved by the General Assembly. ***However, the General Assembly may not disapprove any amendment or addition or defer the effective date of any amendment or addition that constitutes rules of practice and procedure under Section 116 of the Kentucky Constitution.***

(2) General Assembly. The General Assembly may amend any proposal reported by the Supreme Court pursuant to subsection (1) of this section and may adopt amendments or additions to the Kentucky Rules of Evidence not reported to the General Assembly by the Supreme Court. ***However,*** the General Assembly may not ***amend any proposals reported by the Supreme Court and may not*** adopt amendments or additions ***to the Kentucky Rules of Evidence*** that constitute rules of practice and procedure under Section 116 of the Constitution of Kentucky.

(3) Review of proposals for change. Neither the Supreme Court nor the General Assembly should undertake to amend or add to the Kentucky Rules of Evidence without first obtaining a review of proposed amendments or additions from the Evidence Rules Review Commission described in KRS 422A.1103 (KRE 1103).

Section 27. KRS 422A.1103 is amended to read as follows:

(1) The Chief Justice of the Supreme Court ***or a designated justice*** shall serve as chairman of a permanent Evidence Rules Review Commission which shall consist of the Chief Justice ***or a designated justice***, one (1) additional member of the judiciary appointed by the Chief Justice, the chairman of the Senate Judiciary Committee, the chairman of the House Judiciary Committee, and five (5) members of the Kentucky bar appointed to four (4) year terms by the ***Chief Justice*** [~~President of the Kentucky Bar Association~~].

(2) The Evidence Rules Review Commission shall meet at the call of the Chief Justice ***or a designated justice*** for the purpose of reviewing proposals for amendment or addition to the Kentucky Rules of Evidence, as requested by the Supreme Court or General Assembly pursuant to KRS 422A.1102 (KRE 1102). The Commission shall act promptly to assist the Supreme Court or General Assembly and shall perform its review function in furtherance of the ideals and objectives described in KRS 422A.0102 (KRE 102).

Section 28. KRS 422A.1104 is amended to read as follows:

The commentary accompanying the Kentucky Rules of Evidence may be used as an aid in construing the provisions of the Rules***, but shall not be binding upon the Court of Justice.***

Section 33. The Kentucky Rules of Evidence shall be codified as a separate part of the Kentucky Revised Statutes and not as a chapter thereof. The Reviser of Statutes shall renumber the provisions of this Act and the provisions of the existing KRS Chapter 422A into this separate entity in a manner consistent with the numbering found in the Federal Rules of Evidence.

Section 3. KRS 533.060 is amended to read as follows:

(1) When a person has been convicted of an offense or has entered a plea of guilty to an offense classified as a Class A, B, or C felony and the commission of such offense involved the use of a weapon from which a shot or projectile may be discharged that is readily capable of producing death or other serious physical injury, such person shall not be eligible for probation, shock probation or conditional discharge***, except when the person establishes that the conduct occurred in a domestic violence situation, and that there existed a past pattern of repeated abuse inflicted by deceased against the defendant or the defendant's immediate family.***

No surviving spouse of a retired member shall be entitled to any benefits unless the person was the spouse of the member at the time he retired.

(2) A member who has qualified for benefits pursuant to this section may transfer to the judicial retirement plan up to ten (10) years of service credit which he has earned in the Kentucky Employees' Retirement System. If the member elects to transfer his Kentucky Employees' Retirement System service credit, that system shall transfer to the judicial retirement fund an amount equal to the employee's and employer's contributions attributable to that credit, together with interest on the contributions from the date made to the date of transfer at the actuarially assumed interest rate of the Kentucky Employees' Retirement System in effect at the time the contributions were made, compounded annually at that same interest rate. The member shall be entitled to the transferred service credit, at the rate at which he qualifies pursuant to KRS 21.400, when he pays the total difference between the amount of the funds transferred by the Kentucky Employees' Retirement System and the cost of the credit to the judicial retirement plan, as determined by the actuary for the judicial retirement plan.

(3) Any active member of the Judicial Retirement Plan who is vested in the Judicial Retirement Plan pursuant to subsection (1) of this section or KRS 21.375, shall receive service credit for a maximum of four (4) years for his period of service as a city police judge for a city within the Commonwealth of Kentucky, if the service was performed prior to the first Monday in January, 1978, and if the service has not been credited to the member's account with any other public defined benefit plan, by paying the retirement system one hundred percent (100%) of the actuarial cost of the service as determined by the board of trustees, based on assumptions used in the most recent biennial evaluation. The period of service to be purchased shall be certified to the board of trustees by the custodian of the records of the city for which the service was performed. The service credit shall be awarded and the cost shall be determined in conformity with the rate which applies to the member in question pursuant to KRS 21.400. Service credit awarded pursuant to this subsection shall be equivalent, for all purposes of the Judicial Retirement Plan, to other service credit earned in the plan. The payments made under this section shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 21.360(6).

Section 2. KRS 21.345 is amended to read as follows:

(3) For the purposes of KRS 21.345 to 21.510, a "year" of service means a total of twelve (12) months of service, which need not be in the same calendar year. SECTION 1. A NEW SECTION OF KRS CHAPTER 132 IS CREATED TO READ AS FOLLOWS:

(1) Each electrical inspector certified under KRS 227.489 shall submit a monthly report to the Revenue Cabinet showing the names and addresses of all persons, firms, or corporations for which inspections were conducted for new buildings, new or relocated mobile homes, and other new or relocated structures during the preceding month. Each building, mobile home, or other structure shall be identified by county and property address, or property location in those instances where the address is insufficient to reveal the physical location of the property.

(2) The information provided shall be used for the purpose of making and maintaining accurate assessment records. The Revenue Cabinet shall provide to each electrical inspector the necessary forms and instructions for filing the report required under subsection (1).

Section 2. KRS 132.220 is amended to read as follows:

(1) Deposits belonging to a resident of Kentucky in any national bank not of this state or in any bank, trust company, or combined bank and trust company not organized under the laws of this state, and unmanufactured tobacco insofar as it is subject to taxation by KRS 132.190 and 132.200, shall be listed, assessed and valued as of September 1 of each year. Money in hand shall be listed, assessed, and valued as of September 1 of each year. Shares of stock, notes, bonds, accounts, and other credits, whether secured by mortgage, pledge, or otherwise, or unsecured, and all interest in such property, unless otherwise provided by law, shall be listed, assessed, and valued as of the beginning of business on January 1 of each year. All other taxable property and all interest in other taxable property, unless otherwise specifically provided by law, shall be listed, assessed, and valued as of [~~January 1, 1962, and~~] January 1 of each year [~~thereafter~~]. It shall be the duty of all persons owning or having any interest in any real property taxable in this state to list or have listed such property with the property valuation administrator of the county where it is located, between January 1 and March 1 in each year, except as otherwise provided by law. It shall be the duty of all persons owning or having any interest in any intangible personal property or tangible personal property taxable in this state to list or have listed such property with the property valuation administrator of the county of taxable situs or with the Revenue Cabinet between January 1 and April 15 in each year, except as otherwise prescribed by law. All persons in whose name property is properly assessed shall remain bound for the tax, notwithstanding they may have sold or parted with it.

(2) Any taxpayer ***may list*** [~~who has a reasonable excuse for not listing~~] his property ***in person*** before the property valuation administrator or his deputy***, or may file a property tax return by first class mail. Any real property correctly and completely described in the assessment record for the previous year, or purchased during the preceding year and for which a value was stated in the deed according to the provisions of KRS 382.135, may be considered by the owner to be listed for the current year if no changes that could potentially affect the assessed value have been made to the property. However, if requested in writing***

by the property valuation administrator or by the Revenue Cabinet, any real property owner shall submit a property tax return to verify existing information or to provide additional information for assessment purposes. Any real property which has been underassessed as a result of the owner failing to provide information, or providing erroneous information, shall be subject to revaluation, and the difference in value shall be assessed as omitted property under the provisions of KRS 132.290 [~~may make the necessary report required by the schedule as to the value of his property and may then return the schedule to the property valuation administrator. This shall be a compliance with the law in his particular case~~].

(3) [~~Real property or any interest therein shall be listed in the taxing district where it is located, by the owner of the first freehold estate therein, and it shall be assessed without reference to conflicting title.~~] If the owner fails to list the property, the property valuation administrator shall nevertheless assess it. The property valuation administrator may swear witnesses in order to ascertain the person in whose name to make the list. ***The property valuation administrator, his employee, or employees of the Revenue Cabinet may physically inspect and revalue land and buildings in the absence of the property owner or resident. The exterior dimensions of buildings may be measured and building photographs may be taken; however, with the exception of buildings under construction or not yet occupied, an interior inspection of residential and farm buildings, and of the nonpublic portions of commercial buildings shall not be conducted in the absence or without the permission of the owner or resident.***

The undivided real estate of any deceased person may be assessed to the heirs or devisees of ***the*** [~~such~~] person without designating them by name.

(6) [~~Beginning in the year 1951,~~] All real property exempt from taxation by Section 170 of the Constitution shall be listed with the property valuation administrator in the same manner and at the same time as taxable real property. A copy of this tax-exempt inventory shall be filed annually with the Revenue Cabinet within thirty (30) days of the close of the ***listing*** [~~taxing~~] period. HB 585, AN ACT relating to property taxes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 132.010 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Cabinet" means the Revenue Cabinet.

(2) "Taxpayer" means any person made liable by law to file a return or pay a tax.

(3) "Real property" includes all lands within this state and improvements thereon.

(4) "Personal property" includes every species and character of property, tangible and intangible, other than real property.

(5) "Resident" means any person who has taken up a place of abode within this state with the intention of continuing to abide in this state; any person who has had his actual or habitual place of abode in this state for the larger portion of the twelve (12) months next preceding the date as of which an assessment is due to be made shall be deemed to have intended to become a resident of this state.

(6) "Compensating tax rate" means that rate which, rounded to the next higher one-tenth of one cent per one hundred dollars of assessed value and applied to the current year's assessment of the property subject to taxation by a taxing district, excluding new property and personal property, produces an amount of revenue approximately equal to that produced in the preceding year from real property. However, in no event shall the compensating tax rate be a rate which, when applied to the total current year assessment of all classes of taxable property, produces an amount of revenue less than was produced in the preceding year from all classes of taxable property. For purposes of this subsection, "property subject to taxation" means the total fair cash value of all property subject to full local rates, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution and the difference between the fair cash value and agricultural or horticultural value of agricultural or horticultural land.

(7) "Net assessment growth" means the difference between:

(a) The total valuation of property subject to taxation by the county, city, school district, or special district in the preceding year, less the total valuation exempted from taxation by the homestead exemption provision of the Constitution in the current year over that exempted in the preceding year, and

(b) The total valuation of property subject to taxation by the county, city, school district, or special district for the current year.

(8) "New property" means the net difference in taxable value between real property additions and deletions to the property tax roll for the current year. "Real property additions" shall mean:

(a) Property annexed or incorporated by a municipal corporation, or any other taxing jurisdiction; however, this definition shall not apply to property acquired through the merger or consolidation of school districts, or the transfer of property from one school district to another;

(b) Property, the ownership of which has been transferred from a tax-exempt entity to a nontax-exempt entity;

(c) The value of improvements to existing nonresidential property;

(d) The value of new residential improvements to property;

(e) The value of improvements to existing residential property when the improvement increases the assessed value of the property by fifty percent (50%) or more;

(f) Property created by the subdivision of unimproved property, provided, that when such property is reclassified from farm to subdivision by the property valuation administrator, the value of such property as a farm shall be a deletion from that category;

(g) Property exempt from taxation, as an inducement for industrial or business use, at the expiration of its tax exempt status;

(h) Property, the tax rate of which will change, according to the provisions of KRS 82.085, to reflect additional urban services to be provided by the taxing jurisdiction, provided, however, that such property shall be considered "real property additions" only in proportion to the additional urban services to be provided to the property over the urban services previously provided; and

(i) The value of improvements to real property previously under assessment moratorium.

"Real property deletions" shall be limited to the value of real property removed from, or reduced over the preceding year on, the property tax roll for the current year.

(9) "Agricultural land" means any tract of land, including all income-producing improvements but excluding all residences ***and land used for residential and other nonagricultural activities***, of at least ten (10) contiguous acres in area used for the production of livestock, livestock products, poultry, poultry products and/or the growing of tobacco and/or other crops including timber, or where devoted to and meeting the requirements and qualifications for payments pursuant to agriculture programs under an agreement with the state or federal government[~~, where such activities produced an average annual gross income including payments under a state or federal program according to the following scale:~~

~~Acres~~	~~Annual Gross Income~~ +	~~Income Per Acre~~
~~10 to 30~~	~~$1,000e~~ +	~~$60 per acre, or a fraction thereof, over 10 acres.~~
~~30 to 60~~	~~$2,200e~~ +	~~$40 per acre, or a fraction thereof, over 30 acres.~~
~~60 to 100~~	~~$3,400e~~ +	~~$25 per acre, or a fraction thereof, over 60 acres.~~
~~100 to 250~~	~~$4,400e~~ +	~~$10 per acre, or a fraction thereof, over 100 acres.~~
~~Over 250~~	~~$5,900e~~ +	~~$5 per acre, or a fraction thereof, over 250 acres.~~

~~The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there must be an annual gross income of these amounts within two (2) years of purchase. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions~~].

(10) "Horticultural land" means any tract of land, including all income-producing improvements but excluding all residences ***and land used for residential and other nonhorticultural activities***, of at least five (5) contiguous acres in area commercially used for the cultivation of a garden, orchard, or the raising of fruits or nuts, vegetables, flowers, or ornamental plants[~~, where such activities produced an average annual gross income according to the following scale:~~

~~Acres~~	~~Annual Gross Income~~ +	~~Income Per Acre~~
~~5 to 30~~	~~$1,000 minimum, or~~	~~$100 per acre, or a fraction thereof, over 5 acres, or whichever amount is greater.~~

~~Over 250~~	~~$7,000e~~ +	~~$5 per acre, or a fraction thereof, over 250 acres.~~

~~The above annual gross income amounts must be achieved in three (3) out of the five (5) years preceding the tax year or there is evidence of anticipated annual gross income of these amounts. Land devoted exclusively to the growing of merchantable timber or nonincome-producing woodland is excluded from the gross income provisions~~].

(11) "Agricultural or horticultural value" means the use value of "agricultural or horticultural land" based upon income-producing capability and comparable sales of farmland purchased for farm purposes where the price is indicative of farm use value, excluding sales representing purchases for farm expansion, better accessibility, and other factors which inflate the purchase price beyond farm use value, if any, considering the following factors as they affect a taxable unit:

(a) Relative percentages of tillable land, pasture land, and woodland;

(b) Degree of productivity of the soil;

(c) Risk of flooding;

(d) Improvements to and on the land that relate to the production of income;

(e) Row crop capability including allotted crops;

(f) Accessibility to all-weather roads and markets; and

(g) Factors which affect the general agricultural or horticultural economy, such as: interest, price of farm products, cost of farm materials and supplies, labor, or any economic factor which would affect net farm income.

(12) [~~"Deferred tax" means the difference in the tax based on agricultural or horticultural value and the tax based on fair cash value.~~

~~(13)~~] "Homestead" means real property maintained as the permanent residence of the owner with all land and improvements adjoining and contiguous thereto including, but not limited to, lawns, drives, flower or vegetable gardens, outbuildings, and all other land connected thereto.

It may be used as a place of residence, business, profession, or trade by the owner, lessee, or their assigns and may consist of one (1) or more units that can be attached or joined together to comprise an integral unit or condominium structure.

(16)[~~(17)~~] "Recreational vehicle" means a vehicular type unit primarily designed as temporary living quarters for recreational, camping, or travel use, which either has its own motive power or is mounted on or drawn by another vehicle. The basic entities are: travel trailer, camping trailer, truck camper, and motor home.

(a) Travel trailer: A vehicular unit, mounted on wheels, designed to provide temporary living quarters for recreational, camping, or travel use, and of such size or weight as not to require special highway movement permits when drawn by a motorized vehicle, and with a living area of less than two hundred twenty (220) square feet, excluding built-in equipment (such as wardrobes, closets, cabinets, kitchen units or fixtures) and bath and toilet rooms.

Section 2. KRS 132.450 is amended to read as follows:

(1) Each property valuation administrator shall assess at its fair cash value all property which it is his duty to assess except ***that agricultural and horticultural land shall be assessed at its agricultural or horticultural value*** [~~as provided in paragraph (g) of subsection (2) of this section~~]. In the case of securities which are regularly bought and sold through stock exchanges, the price at which such property closed on the last regular business day preceding the assessment day shall be prima facie evidence of the fair cash value of such property. The property of one (1) person shall not be assessed wilfully or intentionally at a lower or higher relative value than the same class of property of another, and any grossly discriminatory valuation shall be construed as an intentional discrimination. The property valuation administrator shall make every effort, through visits with the taxpayer, personal inspection of the property, from records, from his own knowledge, from information in property schedules, and from such other evidence as he may be able to obtain, to locate, identify, and assess property.

(2) (a) ***The Revenue Cabinet shall provide guidelines and assistance to the property valuation administrator in determining eligibility for the agricultural or horticultural classification. If, in the judgment of the property valuation administrator, the eligibility is questionable, the owner shall be required to provide proof of agricultural or horticultural activity*** [~~On or before March 1 of any year the owner or owners of land devoted exclusively to agricultural or horticultural use on which the property valuation administrator has placed a value in excess of the agricultural or horticultural value may file application for valuation at the agricultural or horticultural value with the property valuation administrator of the county in which the land is located, on forms prescribed by the cabinet. This application shall be valid until the property is transferred or the land use is changed; however, the owner may elect to have the subject property assessed as other than agricultural or horticultural land for any year or years by filing a statement to that effect with the property valuation administrator prior to the close of the five (5) day period beginning on the first Monday in June~~]. In determining the total area of [~~such~~] land ***devoted to agricultural or horticultural use***, there shall be included the area of all land under farm buildings, greenhouses and like structures, lakes, ponds, streams, irrigation ditches and similar facilities, and garden plots devoted to growth of products for on-farm personal consumption but there shall be excluded, land used in connection with dwelling houses including, but not limited to, lawns, drives, flower gardens, swimming pools or other areas devoted to family recreation. ***Other land and buildings not devoted to agricultural and horticultural purposes, such as horse barns and paddocks used primarily for recreation, shall also be excluded.*** Where contiguous land in agricultural or horticultural use in one (1) ownership is located in more than one county or taxing district, compliance with the minimum requirements shall be determined on the basis of the total area [~~and income~~] of such land and not the area [~~or income~~] of land which is located in the particular county or taxing district.

(b) Land devoted to agricultural or horticultural use, where the owner or owners have petitioned for, and been granted, a zoning classification other than for agricultural or horticultural purposes qualifies for the agricultural or horticultural assessment until such time as the land changes from agricultural or horticultural use to the use granted by the zoning classification. [~~At the time of the change of use, the provisions imposed by paragraph (f) of this subsection shall take effect.~~]

(c) [~~Real property devoted to agricultural or horticultural use by any corporation other than one organized primarily for agricultural or horticultural purposes is excluded from the provisions of paragraph (g) of this subsection.~~

~~(d)~~] When the use of a part of a tract of land which is ***assessed*** [~~valued and taxed~~] as agricultural or horticultural land is changed either by conveyance or other action of the owner, the right of the remaining land to be retained in the agricultural or horticultural [~~classification for~~] assessment [~~and taxation~~] shall not be impaired provided it meets the minimum requirements [~~for such classification, except that land on which there has been established a systematic pattern of change of use over a period of two (2) years is excluded from the provisions of paragraph (g) of this subsection.~~

~~(e) The owner or owners of land shall not be liable for deferred taxes for any year in which the land was not assessed for agricultural or horticultural use under the provisions of paragraph (g) of this subsection.~~

~~(f) Where a change in land use occurs in any tax year the owner of such land shall be subject to the deferred tax provisions of subsection (1) of KRS 132.454 for each of the preceding two (2) tax years in which the land was valued and taxed for agricultural or horticultural purposes.~~

~~(g) When in the opinion of the property valuation administrator any land on which an application has been filed, has a value in excess of that for agricultural or horticultural use the property valuation administrator shall enter into the tax records the value of the property according to its fair cash value. When the property valuation administrator determines that the land meets the requirements for valuation as agricultural or horticultural land, the valuation for tax purposes shall be its agricultural or horticultural value.~~

~~(h) When an application for valuation of property as agricultural or horticultural is denied, the property valuation administrator shall cause written notice to be served on the property owner in the manner provided by subsection (4) of this section. The property owner may appeal such ruling to the county board of assessment appeals as provided in KRS 133.120 or in the case of a city or special district to the appropriate appeals body for the city or district~~].

(3) ***Upon the written request of the property owner or his representative, the property valuation administrator shall provide an estimate of the fair cash value of agricultural or horticultural property. The property valuation administrator shall monitor all sales of agricultural and horticultural property and shall annually prepare an assessment/sales ratio study for agricultural and horticultural property. This study shall be submitted to the Revenue Cabinet with the property valuation administrator's recapitulation required by KRS 133.040. The Revenue Cabinet shall use this study, along with any other pertinent information, to estimate the aggregate fair cash value of property assessed at agricultural and horticultural value. This estimate shall be used in the grade classification system for property valuation administrators provided for in KRS 132.590(2)*** [~~Notwithstanding any statutory provisions to the contrary, the provisions of this section and KRS 132.454 shall apply to the assessment and taxation of agricultural or horticultural land for state, county, city or special district purposes. Any city may by ordinance establish additional tax procedures which will enable it effectively to administer the provisions of this section and KRS 132.454~~].

(4) ***When land which has been valued and taxed as agricultural land for five (5) or more consecutive years under the same ownership, fails to qualify for the classification through no other action on the part of the owner or owners other than ceasing to farm the land, the land shall retain its agricultural classification for assessment and taxation purposes. Classification as agricultural land shall expire upon change of use by the owner or owners or upon conveyance of the property to a person other than a surviving spouse.***

(5) If the property valuation administrator assesses any property, except stocks and bonds at the market value listed in recognized publications, at a greater value than that listed by the taxpayer or assesses unlisted property, the property valuation administrator shall serve notice on the taxpayer of such action. The notice shall be given by first-class mail or as provided in the Kentucky Rules of Civil Procedure.

(6)[~~(5)~~] Any taxpayer may designate on the property schedule any property which he does not consider to be subject to taxation, and it shall be the duty of the property valuation administrator to obtain and follow advice from the cabinet relative to the taxability of such property.

Section 3. KRS 132.310 is amended to read as follows:

(1) Any person who has failed to list for taxation any property omitted from assessment, except such as is subject to assessment by the Revenue Cabinet, may at any time list such property with the property valuation administrator. The property valuation administrator shall proceed to assess any omitted real property and shall within ten (10) days from the date the real property was listed notify the taxpayer of the amount of the assessment. The notice shall be given as provided in KRS 132.450***(5)***[~~(4)~~]. The Revenue Cabinet shall assess any omitted personal property and provide notice to the taxpayer in the manner provided in KRS 131.110.

(2) The property valuation administrator may at any time list and assess any real property which may have been omitted from the regular assessment. Immediately upon listing and assessing omitted real property, the property valuation administrator shall notify the taxpayer of the amount of the assessment. The notice shall be given as provided in KRS 132.450***(5)***[~~(4)~~].

(3) The notice to the taxpayer required by subsections (1) and (2) of this section shall specify a date and time at which the county board of assessment appeals will hear the taxpayer's protest of the omitted assessment. For purposes of hearing appeals from omitted assessments the county judge/executive shall notify the chairman of the board of assessment appeals of the date set for hearing and may authorize one member of the board to hear the appeal and issue a ruling of his decision on the assessment, which shall be appealable, to the Kentucky Board of Tax Appeals as provided by KRS 131.340(2).

(4) Any property voluntarily listed as omitted property for taxation under this section shall be subject to penalties provided in KRS 132.290(3). Omitted property listed for taxation under this section by the property valuation administrator shall be subject to the penalties provided in KRS 132.290(4).

Section 4. KRS 132.486 is amended to read as follows:

(1) The Revenue Cabinet shall develop and administer a centralized ad valorem assessment system for intangible personal property and tangible personal property. This system shall be designed to provide on-line computer terminals and accessory equipment in every property valuation administrator's office in the state in order to create and maintain a centralized personal property tax roll data base.

(2) State income tax returns and return preparation instructions shall be revised to facilitate the preparation of the personal property tax return; however, the personal property tax return shall be a separate document and shall be listed with the property valuation administrator in the county of taxable situs according to the provisions of KRS 132.220(1) or with the Revenue Cabinet. The Revenue Cabinet shall prescribe, promulgate and provide such administrative regulations, forms and records as it deems appropriate for the listing and assessment of personal property.

(3) Appeals of personal property assessments shall not be made to the county board of assessment appeals. Personal property taxpayers shall be served notice under the provisions of KRS 132.450***(5)***[~~(4)~~] and shall have the protest and appeal rights granted under the provision of KRS 131.110.

Section 5. KRS 133.120 is amended to read as follows:

(1) Any taxpayer aggrieved by an assessment on real property made by the property valuation administrator may appeal to the board of assessment appeals. The taxpayer shall appeal his assessment by filing in person or sending a letter or other written petition stating the reasons for appeal, identifying the property for which the appeal is filed, and stating to the county clerk the taxpayer's opinion of the fair cash value of the property within the twelve (12) day period in which the inspection is held. The county clerk shall notify the Revenue Cabinet of all assessment appeals and of the date and times of the hearings. The board of assessment appeals may review and change any assessment made by the property valuation administrator upon recommendation of the Revenue Cabinet, county judge/executive, mayor of any city using the county assessment, or the superintendent of any school district in which the property is located, provided such recommendation is made to the board in writing specifying the individual properties recommended for review. If the board of assessment appeals determines that any such assessment should be increased, then it shall give the taxpayer notice in the manner required by subsection ***(5)***[~~(4)~~] of KRS 132.450, specifying a date when the board will hear the taxpayer, if he so desires, in protest of such increase. Any real property owner who has listed his property with the property valuation administrator at its fair cash value likewise may ask the county board of assessment appeals to review the assessments of real properties he believes to be assessed at less than fair cash value, providing he specifies in writing the individual properties for which the review is sought and factual information upon which his request is based, such as comparable sales or cost data. Nothing in this section shall be construed as granting any property owner the right to request a blanket review of properties or the board the power to conduct such a review.

(2) The board of assessment appeals shall hold a public hearing for each individual taxpayer appeal in protest of the assessment by the property valuation administrator filed in accordance with the provisions of subsection (1) of this section, and after hearing all the evidence, shall fix the assessment of the property at its fair cash value. The Revenue Cabinet may be present at the hearing and present any pertinent evidence as it pertains to the appeal. The board shall report to the property valuation administrator any real property omitted from the tax roll. The property valuation administrator shall assess such property and immediately give notice to the taxpayer in the manner required by KRS 132.450***(5)***[~~(4)~~], specifying a date when the board of assessment appeals will hear the taxpayer, if he so desires, in protest of the action of the property valuation administrator.

(3) The board of assessment appeals shall have power to issue subpoenas, compel the attendance of witnesses, and adopt rules and regulations concerning the conduct of its business. Any member of the board shall have power to administer oaths to any witness in proceedings before the board.

(4) The powers of the board of assessment appeals shall be limited to those specifically granted by this section.

(5) No appeal under this section shall delay the collection or payment of any taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which he claims as true value and stated in the petition of appeal filed in accordance with the provisions of subsection (1) of this section. When the valuation is finally determined upon appeal, the court or the Kentucky Board of Tax Appeals shall certify the valuation to the county clerk and the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6) from the date when the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to such tax bill.

(6) Any member of the county board of assessment appeals may be required to give evidence in support of the board's findings in any appeal from its actions to the Kentucky Board of Tax Appeals. Any persons aggrieved by a decision of the board, including the property valuation administrator, taxpayer, and Revenue Cabinet, may appeal the decision to the Kentucky Board of Tax Appeals.

(7) It shall be the duty of the county attorney to represent the interest of the state and county in all hearings before the board of assessment appeals and on all appeals prosecuted from its decision. In the event the county attorney is unable to represent the state and county, he or the fiscal court shall arrange for substitute representation.

(1) Each property valuation administrator shall assess at its fair cash value all property which it is his duty to assess except ***that agricultural and horticultural land shall be assessed at its agricultural or horticultural value*** [~~as provided in paragraph (g) of subsection (2) of this section~~]. In the case of securities which are regularly bought and sold through stock exchanges, the price at which such property closed on the last regular business day preceding the assessment day shall be prima facie evidence of the fair cash value of such property. The property of one (1) person shall not be assessed wilfully or intentionally at a lower or higher relative value than the same class of property of another, and any grossly discriminatory valuation shall be construed as an intentional discrimination. The property valuation administrator shall make every effort, through visits with the taxpayer, personal inspection of the property, from records, from his own knowledge, from information in property schedules, and from such other evidence as he may be able to obtain, to locate, identify, and assess property.

(2) (a) ***The Revenue Cabinet shall provide guidelines and assistance to the property valuation administrator in determining eligibility for the agricultural or horticultural classification. If, in the judgment of the property valuation administrator, the eligibility is questionable, the owner shall be required to provide proof of agricultural or horticultural activity*** [~~On or before March 1 of any year the owner or owners of land devoted exclusively to agricultural or horticultural use on which the property valuation administrator has placed a value in excess of the agricultural or horticultural value may file application for valuation at the agricultural or horticultural value with the property valuation administrator of the county in which the land is located, on forms prescribed by the cabinet. This application shall be valid until the property is transferred or the land use is changed; however, the owner may elect to have the subject property assessed as other than agricultural or horticultural land for any year or years by filing a statement to that effect with the property valuation administrator prior to the close of the five (5) day period beginning on the first Monday in June~~]. In determining the total area of [~~such~~] land ***devoted to agricultural or horticultural use***, there shall be included the area of all land under farm buildings, greenhouses and like structures, lakes, ponds, streams, irrigation ditches and similar facilities, and garden plots devoted to growth of products for on-farm personal consumption but there shall be excluded, land used in connection with dwelling houses including, but not limited to, lawns, drives, flower gardens, swimming pools or other areas devoted to family recreation. ***Other land and buildings not devoted to agricultural and horticultural purposes shall also be excluded.*** Where contiguous land in agricultural or horticultural use in one (1) ownership is located in more than one county or taxing district, compliance with the minimum requirements shall be determined on the basis of the total area [~~and income~~] of such land and not the area [~~or income~~] of land which is located in the particular county or taxing district.

(b) Land devoted to agricultural or horticultural use, where the owner or owners have petitioned for, and been granted, a zoning classification other than for agricultural or horticultural purposes qualifies for the agricultural or horticultural assessment until such time as the land changes from agricultural or horticultural use to the use granted by the zoning classification. [~~At the time of the change of use, the provisions imposed by paragraph (f) of this subsection shall take effect.~~]

(c) [~~Real property devoted to agricultural or horticultural use by any corporation other than one organized primarily for agricultural or horticultural purposes is excluded from the provisions of paragraph (g) of this subsection.~~

~~(d)~~] When the use of a part of a tract of land which is ***assessed*** [~~valued and taxed~~] as agricultural or horticultural land is changed either by conveyance or other action of the owner, the right of the remaining land to be retained in the agricultural or horticultural [~~classification for~~] assessment [~~and taxation~~] shall not be impaired provided it meets the minimum requirements [~~for such classification, except that land on which there has been established a systematic pattern of change of use over a period of two (2) years is excluded from the provisions of paragraph (g) of this subsection.~~

~~(e) The owner or owners of land shall not be liable for deferred taxes for any year in which the land was not assessed for agricultural or horticultural use under the provisions of paragraph (g) of this subsection.~~

~~(f) Where a change in land use occurs in any tax year the owner of such land shall be subject to the deferred tax provisions of subsection (1) of KRS 132.454 for each of the preceding two (2) tax years in which the land was valued and taxed for agricultural or horticultural purposes.~~

~~(g) When in the opinion of the property valuation administrator any land on which an application has been filed, has a value in excess of that for agricultural or horticultural use the property valuation administrator shall enter into the tax records the value of the property according to its fair cash value. When the property valuation administrator determines that the land meets the requirements for valuation as agricultural or horticultural land, the valuation for tax purposes shall be its agricultural or horticultural value.~~

~~(h) When an application for valuation of property as agricultural or horticultural is denied, the property valuation administrator shall cause written notice to be served on the property owner in the manner provided by subsection (4) of this section. The property owner may appeal such ruling to the county board of assessment appeals as provided in KRS 133.120 or in the case of a city or special district to the appropriate appeals body for the city or district~~].

(3) ***Upon the written request of the property owner or his representative, the property valuation administrator shall provide an estimate of the fair cash value of agricultural or horticultural property. The property valuation administrator shall monitor all sales of agricultural and horticultural property and shall annually prepare an assessment/sales ratio study for agricultural and horticultural property. This study shall be submitted to the Revenue Cabinet with the property valuation administrator's recapitulation required by KRS 133.040. The Revenue Cabinet shall use this study, along with any other pertinent information, to estimate the aggregate fair cash value of property assessed at agricultural and horticultural value. This estimate shall be used in the grade classification system for property valuation administrators provided for in KRS 132.590(2)*** [~~Notwithstanding any statutory provisions to the contrary, the provisions of this section and KRS 132.454 shall apply to the assessment and taxation of agricultural or horticultural land for state, county, city or special district purposes. Any city may by ordinance establish additional tax procedures which will enable it effectively to administer the provisions of this section and KRS 132.454~~].

(4) ***When land which has been valued and taxed as agricultural land for five (5) or more consecutive years under the same ownership, fails to qualify for the classification through no other action on the part of the owner or owners other than ceasing to farm the land, the land shall retain its agricultural classification for assessment and taxation purposes. Classification as agricultural land shall expire upon change of use by the owner or owners or upon conveyance of the property to a person other than a surviving spouse.***

(5) If the property valuation administrator assesses any property, except stocks and bonds at the market value listed in recognized publications, at a greater value than that listed by the taxpayer or assesses unlisted property, the property valuation administrator shall serve notice on the taxpayer of such action. The notice shall be given by first-class mail or as provided in the Kentucky Rules of Civil Procedure.

(6)[~~(5)~~] Any taxpayer may designate on the property schedule any property which he does not consider to be subject to taxation, and it shall be the duty of the property valuation administrator to obtain and follow advice from the cabinet relative to the taxability of such property.

Section 3. KRS 132.310 is amended to read as follows:

(1) Any person who has failed to list for taxation any property omitted from assessment, except such as is subject to assessment by the Revenue Cabinet, may at any time list such property with the property valuation administrator. The property valuation administrator shall proceed to assess any omitted real property and shall within ten (10) days from the date the real property was listed notify the taxpayer of the amount of the assessment. The notice shall be given as provided in KRS 132.450***(5)***[~~(4)~~]. The Revenue Cabinet shall assess any omitted personal property and provide notice to the taxpayer in the manner provided in KRS 131.110.

(2) The property valuation administrator may at any time list and assess any real property which may have been omitted from the regular assessment. Immediately upon listing and assessing omitted real property, the property valuation administrator shall notify the taxpayer of the amount of the assessment. The notice shall be given as provided in KRS 132.450***(5)***[~~(4)~~].

(3) The notice to the taxpayer required by subsections (1) and (2) of this section shall specify a date and time at which the county board of assessment appeals will hear the taxpayer's protest of the omitted assessment. For purposes of hearing appeals from omitted assessments the county judge/executive shall notify the chairman of the board of assessment appeals of the date set for hearing and may authorize one member of the board to hear the appeal and issue a ruling of his decision on the assessment, which shall be appealable, to the Kentucky Board of Tax Appeals as provided by KRS 131.340(2).

(4) Any property voluntarily listed as omitted property for taxation under this section shall be subject to penalties provided in KRS 132.290(3). Omitted property listed for taxation under this section by the property valuation administrator shall be subject to the penalties provided in KRS 132.290(4).

Section 4. KRS 132.486 is amended to read as follows:

(1) The Revenue Cabinet shall develop and administer a centralized ad valorem assessment system for intangible personal property and tangible personal property. This system shall be designed to provide on-line computer terminals and accessory equipment in every property valuation administrator's office in the state in order to create and maintain a centralized personal property tax roll data base.

(2) State income tax returns and return preparation instructions shall be revised to facilitate the preparation of the personal property tax return; however, the personal property tax return shall be a separate document and shall be listed with the property valuation administrator in the county of taxable situs according to the provisions of KRS 132.220(1) or with the Revenue Cabinet. The Revenue Cabinet shall prescribe, promulgate and provide such administrative regulations, forms and records as it deems appropriate for the listing and assessment of personal property.

(3) Appeals of personal property assessments shall not be made to the county board of assessment appeals. Personal property taxpayers shall be served notice under the provisions of KRS 132.450***(5)***[~~(4)~~] and shall have the protest and appeal rights granted under the provision of KRS 131.110.

Section 5. KRS 133.120 is amended to read as follows:

(1) Any taxpayer aggrieved by an assessment on real property made by the property valuation administrator may appeal to the board of assessment appeals. The taxpayer shall appeal his assessment by filing in person or sending a letter or other written petition stating the reasons for appeal, identifying the property for which the appeal is filed, and stating to the county clerk the taxpayer's opinion of the fair cash value of the property within the twelve (12) day period in which the inspection is held. The county clerk shall notify the Revenue Cabinet of all assessment appeals and of the date and times of the hearings. The board of assessment appeals may review and change any assessment made by the property valuation administrator upon recommendation of the Revenue Cabinet, county judge/executive, mayor of any city using the county assessment, or the superintendent of any school district in which the property is located, provided such recommendation is made to the board in writing specifying the individual properties recommended for review. If the board of assessment appeals determines that any such assessment should be increased, then it shall give the taxpayer notice in the manner required by subsection ***(5)***[~~(4)~~] of KRS 132.450, specifying a date when the board will hear the taxpayer, if he so desires, in protest of such increase. Any real property owner who has listed his property with the property valuation administrator at its fair cash value likewise may ask the county board of assessment appeals to review the assessments of real properties he believes to be assessed at less than fair cash value, providing he specifies in writing the individual properties for which the review is sought and factual information upon which his request is based, such as comparable sales or cost data. Nothing in this section shall be construed as granting any property owner the right to request a blanket review of properties or the board the power to conduct such a review.

(2) The board of assessment appeals shall hold a public hearing for each individual taxpayer appeal in protest of the assessment by the property valuation administrator filed in accordance with the provisions of subsection (1) of this section, and after hearing all the evidence, shall fix the assessment of the property at its fair cash value. The Revenue Cabinet may be present at the hearing and present any pertinent evidence as it pertains to the appeal. The board shall report to the property valuation administrator any real property omitted from the tax roll. The property valuation administrator shall assess such property and immediately give notice to the taxpayer in the manner required by KRS 132.450***(5)***[~~(4)~~], specifying a date when the board of assessment appeals will hear the taxpayer, if he so desires, in protest of the action of the property valuation administrator.

(3) The board of assessment appeals shall have power to issue subpoenas, compel the attendance of witnesses, and adopt rules and regulations concerning the conduct of its business. Any member of the board shall have power to administer oaths to any witness in proceedings before the board.

(4) The powers of the board of assessment appeals shall be limited to those specifically granted by this section.

(5) No appeal under this section shall delay the collection or payment of any taxes based upon the assessment in controversy. The taxpayer shall pay all state, county, and district taxes due on the valuation which he claims as true value and stated in the petition of appeal filed in accordance with the provisions of subsection (1) of this section. When the valuation is finally determined upon appeal, the court or the Kentucky Board of Tax Appeals shall certify the valuation to the county clerk and the taxpayer shall be billed for any additional tax and interest at the tax interest rate as defined in KRS 131.010(6) from the date when the tax would have become due if no appeal had been taken. The provisions of KRS 134.390 shall apply to such tax bill.

(6) Any member of the county board of assessment appeals may be required to give evidence in support of the board's findings in any appeal from its actions to the Kentucky Board of Tax Appeals. Any persons aggrieved by a decision of the board, including the property valuation administrator, taxpayer, and Revenue Cabinet, may appeal the decision to the Kentucky Board of Tax Appeals.

(7) It shall be the duty of the county attorney to represent the interest of the state and county in all hearings before the board of assessment appeals and on all appeals prosecuted from its decision. In the event the county attorney is unable to represent the state and county, he or the fiscal court shall arrange for substitute representation.

Section 6. KRS 132.454 is amended to read as follows:

(1) When land which is valued and taxed as agricultural or horticultural land under [~~paragraph (g) of subsection (2) of~~] KRS 132.450 is converted to any other use, that portion of the land upon which the use is changed shall be subject to deferred taxes for the current tax year [~~and the immediately preceding two (2) tax years~~], ***and*** the taxes ***shall*** [~~to~~] become a lien on the property. ***The owner of the property at the time the land use change is initiated shall, within ninety (90) days, report the change to the property valuation administrator. The owner shall also provide to the property valuation administrator information concerning the most recent sale or lease of the property, copies of any appraisal or feasibility reports made, and any other information useful in determining the fair cash value of the property.***

(2) When land becomes subject to the deferred taxes provided for in subsection (1) of this section, the property valuation administrator ***shall determine the fair cash value of the property for the current year. The notification and appeal provisions of KRS Chapters 132 and 133 relating to the assessment of omitted real property shall be followed. After the assessment is finally determined the property valuation administrator*** or other assessing official shall certify the difference in value subject to deferred tax for each of the years for which deferred taxes are due to the county clerk or other person responsible for preparation of tax bills who shall prepare a supplemental tax bill for each year computed at the rates applicable for the year for delivery to the sheriff or tax collector for collection. The bills shall be due and payable within thirty (30) days after the date of issue. If unpaid within thirty (30) days, a penalty of ten percent (10%) shall be added to these bills.

(3) The provisions of KRS Chapters 134 and 135 relating to the collection of delinquent taxes on real property shall apply to collection of the deferred taxes provided herein.

(4) If the owner fails to report the change in use to the property valuation administrator, and if the property valuation administrator otherwise fails to initiate the deferred assessment procedure, the deferred tax liability shall be subject to assessment as "omitted property."

(3) Within ten (10) days from the date that the cabinet's aggregate equalization of any or all classes or subclasses of property becomes final by failure of the fiscal court to prosecute an appeal or by order of the Kentucky Board of Tax Appeals or the courts, the fiscal court shall cause to be published, at least one (1) time, in the newspaper having the largest circulation within the county, a public notice of the cabinet's action.

(4) Within ten (10) days from the date of the publication of the notice required in subsection (3) of this section, any individual taxpayer whose property assessment is increased above its fair cash value by the equalization action may file with the county clerk an application for exoneration of his property assessment from the increase. The county clerk shall forward one (1) copy, of each application for exoneration to the Revenue Cabinet and shall exclude the amount of the equalization increase from the assessment in the preparation of the property tax bill for each property for which an application for exoneration has been filed.

(5) The county judge/executive shall reconvene the board of supervisors immediately following the close of the period for filing applications for exoneration from the increase. The board shall schedule and conduct hearings on all applications in the manner prescribed for hearing appeals by KRS 133.120; however, the board shall not have authority to reduce any assessment to an amount less than that listed for the property at the time of adjournment of the regular board session.

Within five (5) days of the adjournment of the reconvened board, he shall notify each property owner in writing of the final action of the board with relation to the equalization increase and shall forward a copy of the proceedings certified by the chairman of the board and attested by him to the Revenue Cabinet and to the other taxing districts participating in the tax.

(7) Any taxpayer whose application has been denied, in whole or in part, may appeal to the Kentucky Board of Tax Appeals as provided in KRS 131.340, and appeals thereafter may be taken to the courts as provided in KRS 131.370.

If one hundred (100) registered voters do not reside within a senatorial district and within the boundaries of the proposed taxing district, then the petition shall be signed by twenty-five percent (25%) of the registered voters within said senatorial district. At the time of its submission to fiscal court each petition shall be accompanied by a plan of service, showing such of the following as may be germane to the purposes for which the taxing district is being formed:

(f) Justification for formation of the taxing district including but not limited to the location of nearby governmental and nongovernmental providers of like services; and

(g) Any additional information such as land use plans, existing land uses, drainage patterns, health problems, and other similar analyses which bear on the necessity and means of providing the proposed service.

(2) The fiscal court clerk shall notify all planning commissions, cities, and area development districts within whose jurisdiction the proposed service area is located and any state agencies required by law to be notified of the proposal for the creation of the taxing district.

(3) The fiscal court clerk shall review the petition, and if the fiscal court determines that the signatures are valid, the fiscal court shall schedule a hearing on the proposal for no earlier than thirty (30) nor later than sixty (60) days following receipt of the petition, charter, and plan of service, and shall, in accordance with the provisions of KRS Chapter 424, publish notice which includes the time and place of the public hearing, alerts the public that the issue discussed at the hearing will be placed upon the ballot and includes an accurate map of the area or a description in layman's terms reasonably identifying the area.

(4) At the public hearing, the fiscal court shall take testimony of interested parties and solicit the recommendations of any planning commission, city, area development district, or state agency meeting the criteria of subsection (2) of this section.

(5) Following the public hearing, the fiscal court shall adopt a resolution submitting to the qualified voters of the county the question as to whether a taxing district should be established for the area and a special ad valorem tax or an occupational license fee imposed for the maintenance and operation of the district. (7) If a majority of those voting on the question favor the establishment of a special district with authorization to impose an ad valorem tax then it shall be so established and shall constitute and be a taxing district within the meaning of section 157 of the Constitution of Kentucky. If a majority of those voting on the question favor the establishment of a special district with an increase in the occupational license fee as authorized by this section, it shall be so established and shall operate as set forth in the question on the ballot.

(8) If an ad valorem tax is approved, the county clerk shall add the levy to the tax bills of the county. For taxing purposes the effective date of the tax levy shall be January 1 of the year following the election. If an occupational license fee increase is approved, the appropriate legislative bodies shall add the levy to the occupational license fee as of January 1 of the year following the election. The tax or fee shall be collected in the same manner as are other county ad valorem taxes or occupational license fees and shall be turned over to the governing body of the district. The special ad valorem tax or fee shall be in addition to all other ad valorem taxes or occupational license fees.

(9) Nothing in this section shall be construed to enlarge upon or to restrict the powers granted a taxing district under the taxing district's specific authorizing statutes.

(10) A special district created pursuant to this section may be financed either by a special ad valorem tax imposed by the governing body of the district, as authorized by the voters in an election on the question, of an amount not to exceed ten cents ($0.10) per one hundred dollars ($100) of assessed value of the property subject to local taxation of the district; or by a levy of occupational license fees by the public body or bodies with jurisdiction over the area served by the special district, if the levy has been approved by the voters in an election on the question. The special district shall not levy both an ad valorem tax and an occupational license fee. The occupational license fee shall not exceed one percent (1%) of:

(a) Salaries, wages, commissions and other compensation earned by persons for work done and services performed or rendered; and

1. Of a naturally occurring substance in its unaltered form, or altered solely through naturally occurring processes or phenomena, from a location where it is naturally found;

2. From products which are part of the structure of, and result in exposure within, residential buildings or business or community structures; or

3. Into public or private drinking water supplies due to deterioration of the system through ordinary use.

(6) For the purposes of Sections 1 and 4 of this Act, action levels are defined as follows:

(a) Action levels for hazardous substances in groundwater or in an aquifer, which the cabinet has reason to believe may have been released from a facility, shall be specified as:

1. Maximum contaminant levels promulgated under the Federal Safe Drinking Water Act, as amended; or

2. For hazardous substances for which maximum contaminant levels have not been promulgated, a concentration which satisfies the following criteria, assuming exposure through consumption of the water contaminated with the hazardous substances:

a. Is derived in a manner consistent with federal Environmental Protection Agency guidelines for assessing the health risks of environmental pollutants, scientifically valid studies conducted in accordance with the Federal Toxic Substances Control Act, as amended, good laboratory practice standards, or the equivalent thereof;

b. For carcinogens, represents a concentration associated with an excess upper bound lifetime cancer risk of one (1) times ten (10) to the negative sixth power due to continuous constant lifetime exposure, and considers the overall weight of evidence for carcinogenicity; and

c. For systemic toxicants, represents a concentration to which the human population could be exposed on a daily basis that is likely to be without appreciable risk of deleterious effects during a lifetime.

(b) Action levels for hazardous substances in air which the cabinet has reason to believe may have been released from a facility shall be defined as concentrations which meet the criteria specified in subsection (6)(a)2.a. to d. of this section, assuming exposure through inhalation of the air contaminated with the hazardous substance, as measured or estimated at the facility boundary, or another location closer to the facility if necessary to protect human health and the environment.

(c) Action levels for hazardous substances in surface water, which the cabinet has reason to believe may have been released from a facility shall be specified as:

1. Maximum contaminant levels for hazardous substances in surface waters, as promulgated under the Federal Safe Drinking Water Act, as amended, designated for drinking water supply, where numeric values or numeric interpretation are not available;

2. For hazardous substances in surface waters designated for drinking water for which numeric values, numeric interpretations, or maximum contaminant levels are not available, a concentration which meets the criteria specified in subsection (6)(a)2.a. to d. of this section, assuming exposure through consumption of the water contaminated with the hazardous substance; or

3. For hazardous substances in surface waters designated for use or uses other than drinking water supply, a concentration established by the cabinet which meets the criteria specified in subsection (6)(a)2.a. to d. of this section, considering the use or uses of the receiving waters.

(d) Action levels for hazardous substances in soils that the cabinet has reason to believe may have been released from a facility shall be defined as concentrations which meet the criteria specified in subsection (6)(a)2.a. to d. of this section, assuming exposure through consumption of the soil contaminated with the hazardous substance.

(e) If, for a hazardous substance detected in groundwater in an aquifer, air, surface water, or soils, a concentration meeting the criteria of subsection (6)(a) to (d) of this section, is not available or cannot be developed for use as an action level, the cabinet may establish an action level for the hazardous substance as:

1. A level that is an indicator for protection of human health and the environment, using the exposure assumptions for the particular medium specified in this subsection; or

2. The background concentration of the hazardous substance.

(7) (a) If at any time the cabinet determines that concentrations of hazardous substances in groundwater in an aquifer, surface water, soils, or air exceed an action level, as defined in subsection (6) of this section, and facts exist indicating that the hazardous substances have been released from a facility, the cabinet may require the potentially responsible party to perform a corrective measure study.

(b) If the cabinet determines that a hazardous substance introduced into the environment is present in a concentration below an action level poses a threat to human health or the environment, given site specific exposure conditions, the determination being supported by evidence presented to the potentially responsible party and facts exist indicating that the hazardous substance has been released from a facility, the cabinet may require a corrective measure study.

(c) If an action level has been exceeded, but the cabinet determines, based upon evidence gathered by the cabinet or provided by the potentially responsible party, that the release may nevertheless not pose a threat to human health and the environment, the cabinet may allow the potentially responsible party to apply for a determination of no further action, pursuant to subsection (9) of this section.

(d) The cabinet shall notify the potentially responsible party in writing of the requirement to conduct a corrective measure study and shall specifically identify the hazardous substances which exceed specified action levels.

(e) If the cabinet orders a corrective measure study pursuant to this subsection, the cabinet may require the potentially responsible party to develop and submit a plan for conducting the corrective measure study.

1. The plan shall be subject to review and approval by the cabinet.

2. The cabinet shall fully consider all parts of the submitted plan before taking action on it.

3. If the cabinet does not accept a portion of the submitted plan, the cabinet shall issue a statement of consideration explaining the reasons for not accepting the plan.

4. The potentially responsible party may modify any plan not accepted by the cabinet and resubmit the modified plan for cabinet approval.

5. The corrective measure study plans shall include, but not be limited to:

a. A description of the general approach to investigating and evaluating potential remedies;

b. A definition of the overall objectives of the study;

c. A description of specific remedies which will be studied;

d. A plan for evaluating the remedies to ensure compliance with the standards for remedies;

e. A schedule for conducting the study; and

f. A proposed format for information presentation.

(f) Upon approval by the cabinet of the corrective measure study plan, as modified, the potentially responsible party shall conduct the studies and investigations in accordance with the plan.

(g) The cabinet may require periodic reports during the implementation of the corrective measure study, and may, based upon information from these reports or other information, require the potentially responsible party to modify the corrective measure study.

(h) Upon completion of the corrective measure study, the potentially responsible party shall submit a report summarizing the results of the study, including a detailed description of the remedy selected and how the proposed remedy meets the standards for remedies as specified in subsection (8)(c) of this section, or requesting a determination of no further action pursuant to subsection (9) of this section.

(8) (a) Based on the results of the corrective measure study, and any further evaluations, the cabinet shall:

1. Determine whether the selected remedy meets, at a minimum, the standards listed in paragraph (c) of this subsection; or

2. Require no further action pursuant to subsection (9) of this section.

(b) If the remedy selected by the potentially responsible party will not meet the standards listed in paragraph (c) of this subsection, the cabinet shall require the potentially responsible party to submit a modified report meeting the requirements of subsection (7)(h) of this section.

(c) Remedies selected shall:

1. Be protective of human health and the environment;

2. Attain media cleanup standards as specified in this section;

3. Control the sources of releases so as to reduce or eliminate, to the extent practicable, further releases of hazardous substances that may pose a threat to human health and the environment; and

4. Comply with the standards for management of wastes as specified in subsection (13) of this section.

(d) The cabinet shall consider the following evaluation factors in determining whether to approve the remedy selected by the potentially responsible party:

1. Long-term reliability and effectiveness of the remedy, including the magnitude of residual risks in terms of amounts and concentrations of hazardous substances remaining following implementation of the remedy, the type and degree of long-term management required, the potential for exposure of humans and environmental receptors to remaining hazardous substances, the long-term reliability of the engineering and institutional controls, and the potential need for replacement of the remedy;

2. The degree to which the remedy employs treatment that reduces toxicity, mobility, or volume of hazardous substances;

3. The short-term effectiveness of a potential remedy, including consideration of the magnitude of reduction of the existing risks, the short-term risk that might be posed to the community, workers, or the environment during implementation of the remedy, and the time until full protection is achieved;

4. The ease or difficulty of implementing the potential remedy by considering the following types of factors:

a. The degree of difficulty associated with construction and technology;

b. The expected operational reliability of the technologies;

c. The need to coordinate and obtain necessary approvals and permits from other agencies;

d. The availability of necessary equipment and specialists;

e. The available capacity and location of needed treatment, storage, and disposal services;

f. The types of costs, including capital costs, operation and maintenance costs, net present value of capital and operation and maintenance costs, and the potential future remedial actions costs; and

g. The damage to the environment caused by the remedial action; and

5. The cost effectiveness of the remedy.

(e) The potentially responsible party shall specify, as part of the selected remedy, a schedule for initiating and completing the remedial activities, subject to cabinet approval.

(f) Cleanup standards for hazardous substances in groundwater, surface water, air, or soils shall be set forth in the selected remedy. Cleanup standards shall be set at concentration levels which protect human health and the environment.

1. Except as otherwise provided in this subsection, for known or suspected carcinogens, cleanup standards shall be established at concentration levels which represent an excess upper bound lifetime risk to an individual of between one (1) times ten (10) to the negative fourth power and one (1) times (10) to the negative sixth power; for systemic toxicants, cleanup standards shall represent concentration levels to which the human population could be exposed on a daily basis without appreciable risk of deleterious effect during a lifetime.

2. In reviewing media cleanup standards for approval, the cabinet may consider the following:

a. Multiple contaminants in the medium;

b. Exposure threats to sensitive environmental receptors;

c. Other site specific exposure or potential exposure to contaminated media; and

d. The reliability, effectiveness, practicability, or other relevant features of the remedy.

3. For groundwater and surface water that is a current or potential source of drinking water, the cabinet shall consider maximum contaminant levels promulgated under the Federal Safe Drinking Water Act, as amended, in reviewing media cleanup standards for approval.

4. Any cleanup level for a substance in a particular medium set forth in a federally issued document, including, but not limited to, a statute, regulation, guideline, published policy, or consent decree shall be deemed to protect human health and the environment.

5. If the potentially responsible party demonstrates to the satisfaction of the cabinet that a specific concentration of a hazardous substance in a medium at the facility is naturally occurring or from a source other than the facility, the potentially responsible party shall not be required to achieve a cleanup level for that hazardous substance below that specific concentration.

(g) The cabinet shall specify the area in which compliance with the cleanup standards or levels shall be achieved in accordance with the following:

1. For groundwater, the cleanup standard or level shall be achieved throughout the contaminated groundwater, or, at the discretion of the cabinet when the substance is left in place, up to the boundary of the facility encompassing the original source of release.

2. For air, the cleanup standard or level for the source shall be achieved at the facility boundary.

3. For surface water, the cleanup standards or level shall be achieved at the point where the release enters the surface water.

4. For soils, the cleanup standards shall be achieved at any point direct contact exposure to the soils may occur.

5. The cabinet shall specify, in the remedy, the length of time during which the owner or operator shall demonstrate that the concentrations of hazardous substances have not exceeded the standards.

(9) The cabinet may determine that remediation of a release of a hazardous substance from a facility to a media cleanup standard is not necessary if the potentially responsible party demonstrates that:

(a) The affected medium is also contaminated by substances that are naturally occurring or have originated from a source other than the facility, and remediation of the release from the facility would provide no significant reduction in risks to actual or probable receptors;

(b) The hazardous substance is present in groundwater that is not a current or probable source of drinking water and is not migrating to hydrologically connected waters or is unlikely to migrate in a concentration greater than an action level specified in subsection (6) of this section; or

(c) Remediation of the release to media cleanup standards is technically impracticable.

(10) The cabinet shall require the potentially responsible party to demonstrate financial assurance for completing the remedy. The demonstration shall be made no later than one hundred and twenty (120) days after the submission of the plan. If the remedy requires closure of a hazardous waste management unit, and the remedy supplants or modifies the unit's closure or post-closure plan, the cabinet may partially or fully release existing financial assurance for closure, post-closure, and third-party liability. The cabinet may modify the financial assurance requirement based upon a showing by the potentially responsible party that it is financially unable to comply with this requirement.

(11) The cabinet may require the potentially responsible party to prepare detailed construction plans and specifications to implement the approved remedy at the facility. The plan and specifications shall include, but shall not be limited to:

(a) Designs and specifications for units in which hazardous waste and nonhazardous solid waste will be managed, as specified in the approved remedy;

(b) Implementation and long-term maintenance plans;

(c) A project schedule; and

(d) A construction quality assurance program.

(12) (a) Upon approval of the plans and specifications for the remedy, the potentially responsible party shall:

1. Implement the remedy in accordance with the plans and specifications, and consistent with the objectives of the remedies selected;

2. Make available for inspection the approved plans and specifications for the remedy; and

3. Revise the cost estimate used to demonstrate financial assurance under this section, if necessary.

(b) The potentially responsible party may be required by the cabinet to provide progress reports during the design, construction, operation, and maintenance of any remedy.

(c) The cabinet shall periodically review the progress of the remedy. Based on the review, the cabinet may require the potentially responsible party to modify the plans to require additional remedial measures to ensure prompt completion, safety, effectiveness, protectiveness, or reliability of the remedy.

(d) Remedies specified pursuant to this section shall be considered complete when the cabinet determines that:

1. Compliance with all media cleanup standards as specified in the plan have been achieved, except as provided in subsections (8)(f)5. and (9) of this section.

2. All actions required to control the source of contamination have been satisfied; and

3. The procedures specified for removal, decontamination, closure, or post-closure care of units, equipment, devices, or structures required to implement the remedy have been followed.

(e) Upon completion of the remedy, the potentially responsible party shall submit to the cabinet, by registered mail, a request for termination of the remedial action. The request shall include a certification that the remedy has been completed in accordance with the requirements of this section. The request must be signed by the potentially responsible party and by an independent professional skilled in the appropriate technical discipline.

(f) When the cabinet determines that the remedial action has been completed in accordance with the requirements for remedy completion under this section, the cabinet shall:

1. Terminate the remedial action plan; and

2. Release the potentially responsible party from the requirements for financial assurance for the remedial action.

(13) All wastes which are managed pursuant to a remedy required under this section shall be managed in a manner that is necessary to the protection of human health and the environment and that complies with applicable federal, state, and local requirements.

(14) The following persons shall be liable for all costs of removal or remedial action incurred by the Commonwealth, or any other person, consistent with the contingency plan in subsection (4) of this section:

(a) The owner or operator of a facility;

(b) Any person who, at the time of disposal of any hazardous substance, owned or operated any facility at which the hazardous substances were disposed of;

(c) Any person who, by contract, agreement, or otherwise, arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment of hazardous substances owned or possessed by the person, by any other party or entity, at any facility or incineration vessel owned or operated by another party or entity and containing the hazardous substances; and

(d) Any person who accepts or accepted any hazardous substances for transport to disposal or treatment facilities, incineration vessels, or sites selected by the person from which there is a release of a hazardous substance which causes the incurrence of response costs.

(15) Defenses to liability, limitations to liability, and rights to contribution shall be determined in accordance with Sections 107(a) through (d), 113(f), and 122(h)(4) of the Federal Comprehensive Environmental Response Compensation and Liability Act, as amended.

(16) Whenever practicable and in the public interest, the cabinet shall, as promptly as possible, reach a final settlement with the potentially responsible party if the settlement involves only a minor portion of the response costs at the facility concerned.

(17) Reasonable settlement offers by potentially responsible parties are encouraged and shall not be ignored by the cabinet. A determination by the cabinet not to accept a reasonable settlement offer is subject to judicial review, if the litigation is eventually brought before a court.

Section 2. KRS 224.60-135 is amended to read as follows:

(1) [~~As required under administrative regulations of the cabinet,~~] A petroleum storage tank owner or operator shall commence, or contract for, corrective action***, in accordance with administrative regulations of the cabinet,*** for a release into the environment from a petroleum storage tank ***upon exceeding the levels established in Section 1(6) of this Act.***

(2) If a petroleum storage tank owner or operator fails or refuses to take corrective action, the cabinet may draw funds from the unobligated balance of the fund to initiate, or contract for, corrective action pursuant to KRS 224.60-105 to 224.60-160 in accordance with subsection (3) of the section.

(3) Except as provided in subsection (4) of this section, before initiating, or contracting for, corrective action, the cabinet shall make a reasonable effort to notify and provide to the petroleum storage tank owner or operator an opportunity to comply with the requirements of this section.

(4) The cabinet may draw funds from the unobligated balance of the fund to undertake, or contract for, corrective action necessary to prevent or remedy an emergency situation threatening public health, safety, or the environment, resulting from a release into the environment from a petroleum storage tank unless a petroleum storage tank owner or operator is taking appropriate action to abate emergency situations in accordance with administrative regulations of the cabinet.

(5) Within six (6) months from April 9, 1990, the state fire marshall shall promulgate administrative regulations which require any person or organization who installs, repairs, closes, or removes an underground storage tank for a petroleum storage tank owner or operator to demonstrate financial capability, including the maintenance of pollution liability insurance, and technical competency and proficiency.

Section 3. KRS 224.46-580 is amended to read as follows:

(1) The General Assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes, including disposal, treatment, recycling, storage, and transportation. The intent of the General Assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management, and to leave the primary burden and responsibility for hazardous waste management on private industry; and further to finance assistance and coordination by imposing assessments on the generators of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities necessarily undertaken by state agencies on the users of those products associated with hazardous waste generation.

(2) The Natural Resources and Environmental Protection Cabinet is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.

(3) In addition to all specific responsibilities contained elsewhere in this chapter, the cabinet shall:

(a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances, as defined in ***Section 1 of this Act*** [~~KRS 224.01-400~~], into the environment. The cabinet shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized. The provisions of KRS 45A.695 to 45A.725 may be suspended by the cabinet if necessary to respond to an environmental emergency.

(b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.

(c) Identify, investigate, classify, contain, or clean up any release, threatened release, or disposal of a hazardous substance where responsible parties are economically or otherwise unavailable to properly address the problem and the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.

(4) The cabinet shall have the authority to finance the nonfederal share of the cost for clean up of sites under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (Public Law 96-510).

(5) The cabinet shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section. Any expenditures recovered shall be placed in the hazardous waste management fund.

(6) It is the expressed purpose of this section to accomplish effective hazardous waste management that results in a reduction of the generation of hazardous wastes within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste management to those industries whose products are reasonably related to the production of hazardous waste.

(7) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste management assessment to be determined pursuant to this section according to the quantity by volume of hazardous waste generated, except that no assessment shall be levied against generators for any quantity of "special wastes," waste oil, or spent material from air pollution control devices controlling emissions from coke manufacturing facilities. The assessment shall not be imposed upon any person for any quantities of hazardous waste generated by others for which that person is a secondary handler that stores, processes, or reclaims the waste. The assessment shall be reported and paid to the Natural Resources and Environmental Protection Cabinet on a biannual basis on January 1 and June 30 of each year. The payment shall be accompanied by a report or return in a form that the cabinet may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the amount of the assessment to be levied upon the business under this section shall be reduced by the amount of the federal assessment or tax upon the business. The reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal moneys are available to carry out the duties imposed by subsection (3) of this section, the assessment shall cease to be levied and collected until such time as federal moneys are no longer available to the Commonwealth for these purposes. The assessment shall be charged against generators of hazardous waste until June 30, 2000. After this date, no further hazardous waste management assessment shall be charged against generators.

(8) The assessment on generators shall be ten cents (10) per gallon if the waste is liquid, or five dollars ($5) per cubic yard if the waste is solid.

(a) Hazardous waste that is injected into a permitted underground injection well shall be assessed on a dry weight basis;

(b) Hazardous waste treated, detoxified, solidified, neutralized, recycled, incinerated, or disposed of on-site shall be assessed at one-half (1/2) of the appropriate rate, except for recycled waste used in the steel manufacturing process which shall be exempt; and

(c) Waste that is subject to regulation under Section 402 or 307B of the Federal Clean Water Act shall be exempt.

(9) Except for waste brought into the state by a company to an affiliated manufacturing facility of the company receiving the waste, any person who transports hazardous waste into the state for land disposal or treatment which is generated outside of the state shall pay an assessment to the hazardous waste facility which first receives the waste for storage, treatment, or land disposal. The assessment rate shall be identical to the rate described in subsection (8) of this section. The facility shall remit the assessment to the cabinet on a biannual basis on January 1 and June 30 of each year. The payment shall be accompanied by a return the cabinet shall prescribe.

(10) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails or refuses to file a return or furnish any information requested in writing by the cabinet, the cabinet may, from any information in its possession, make an estimate and issue an assessment against the generator or hazardous waste facility and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other applicable penalties in this chapter.

(11) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the cabinet, unless it is shown to the satisfaction of the cabinet, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the cabinet shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which it is filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.

(12) If the assessment imposed by this chapter, whether assessed by the cabinet, or the generator, or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the cabinet.

(13) There is hereby created within the State Treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The fund shall be deposited in an interest-bearing account. The cabinet shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the State Treasury shall be deposited in the hazardous waste management fund. All interest earned on the money deposited in the fund shall be deposited to the fund. When the State Treasurer certifies to the cabinet that the uncommitted balance of the hazardous waste management fund exceeds six million dollars ($6,000,000), assessments shall not be collected until the State Treasurer certifies to the cabinet that the balance in the hazardous waste management fund is less than three million dollars ($3,000,000). The implementation of the cap on the fund shall be suspended from July 13, 1990, until July 1, 1991. In addition, for assessments paid after July 1, 1991, the cabinet shall refund or grant a credit against the next assessment to come due, on a pro-rated basis, any money collected in one (1) year in excess of the cap.

(14) Upon request of the secretary, moneys accumulated in the hazardous waste management fund shall be released in amounts necessary to accomplish the performance of the duties imposed by subsection (3) of this section. However, moneys from the fund shall not be used when federal moneys are available to carry out these duties, except when immediate action is required to protect public health or the environment, in which case the cabinet shall actively pursue reimbursement of the fund by any available federal moneys.

(15) If any person responsible for a release or threatened release of a hazardous substance fails to take response actions or to make reasonable progress in completing response actions ordered by the cabinet, the cabinet may bring an action to compel performance or may take appropriate response actions and order the responsible person to reimburse the cabinet for the actual costs incurred by the cabinet.

(16) If disposal activities have occurred at a hazardous waste site, the cabinet shall record in the office of the county clerk in the county in which a waste site is situated a notice containing a legal description of the property that discloses to any potential transferee that the land was used to dispose hazardous waste and that further information on the hazardous waste site may be obtained from the cabinet.

(17) No person shall affect the integrity of the final cover, liners, or any other components of any containment system after closure of a hazardous waste site on or in which hazardous waste remains without prior written approval of the cabinet.

Section 4. KRS 224.99-010 is amended to read as follows:

(1) Any person who violates KRS 224.10-110(2) or (3), KRS 224.70-110, 224.73-120, 224.20-110, 224.46.580, [~~224.01-400,~~] or who fails to perform any duties imposed by these sections, or who violates any determination, permit, administrative regulation, or order of the cabinet promulgated pursuant thereto shall be liable for a civil penalty not to exceed the sum of twenty-five thousand dollars ($25,000) for each day during which such violation continues, and in addition, may be concurrently enjoined from any such violations as hereinafter provided in this section and KRS 224.99-020.

(2) Any person who violates subsections (4) or (5) of KRS 224.10-110, or KRS 224.40-100, 224.40-305, or any provision of this chapter relating to noise, or who fails to perform any determination, permit, administrative regulation, or order of the cabinet promulgated pursuant thereto shall be liable for a civil penalty not to exceed the sum of five thousand dollars ($5,000) for said violation and an additional civil penalty not to exceed five thousand dollars ($5,000) for each day during which such violation continues, and in addition, may be concurrently enjoined from any such violations as hereinafter provided in this section and KRS 224.99-020.

(3) (a) Any person who shall knowingly violate any of the provisions of this chapter relating to noise or any determination or order of the cabinet promulgated pursuant to those sections which have become final shall be punished by a fine of not less than one hundred dollars ($100) nor more than one thousand dollars ($1,000), or by imprisonment for a term of not more than one (1) year, or by both fine and imprisonment for each separate violation. Each day upon which such violation occurs shall constitute a separate violation.

(b) For violations by motor vehicles, the fine shall be not less than ten dollars ($10) nor more than fifty dollars ($50) for a first offense, and not less than fifty dollars ($50) nor more than one hundred dollars ($100) for each subsequent offense.

(4) Any person who knowingly violates KRS 224.70-110, 224.73-120, 224.40-100, 224.20-110, 224.40-305, or KRS 224.10-110(2) or (3), or any determination, permit, administrative regulation, or order of the cabinet promulgated pursuant to those sections which have become final, or who knowingly provides false information in any document filed or required to be maintained under this chapter, or who knowingly renders inaccurate any monitoring device or method, or who tampers with a water supply, water purification plant, or water distribution system so as to knowingly endanger human life, shall be guilty of a Class D felony, and upon conviction thereof, shall be punished by a fine not to exceed twenty-five thousand dollars ($25,000), or by imprisonment for a term of not less than one (1) year and not more than five (5) years, or by both fine and imprisonment, for each separate violation. Each day upon which such violation occurs shall constitute a separate violation.

(5) If any person engages in generation, treatment, storage, transportation, or disposal of hazardous waste in violation of the hazardous waste management provisions of this chapter or contrary to a permit, order, or rule issued or promulgated under this chapter, or fails to provide information or to meet reporting requirements required by terms and conditions of a permit or administrative regulations promulgated pursuant to this chapter, the secretary may issue an order requiring compliance within a specified time period or may commence a civil action in a court of appropriate jurisdiction. The violator shall be liable for a civil penalty not to exceed the sum of twenty-five thousand dollars ($25,000) for each day during which such violation continues, and in addition, may be enjoined from continuing such violations in a court of appropriate jurisdiction.

(6) Any person who knowingly is engaged in generation, treatment, storage, transportation, or disposal of hazardous waste in violation of this chapter or contrary to a permit, order, or administrative regulation issued or promulgated under this chapter, or knowingly makes a false statement, representation, or certification in an application for or form pertaining to a permit or in a notice or report required by the terms and conditions of an issued permit, shall be guilty of a felony, and upon conviction thereof, shall be punished by a fine not to exceed twenty-five thousand dollars ($25,000) for each day of violation or by imprisonment for a term of not less than one (1) year and not more than five (5) years or by both fine and imprisonment for each separate violation. Each day upon which such violation occurs shall constitute a separate violation.

(7) Nothing contained in subsections (4) or (5) of this section shall abridge the right of any person to recover actual compensatory damages resulting from any such violation.

(8) Any person who violates any provision of this chapter to which no express penalty provision applies, except as provided in KRS 211.995, or who fails to perform any duties imposed by those sections, or who violates any determination or order of the cabinet promulgated pursuant thereto shall be liable for a civil penalty not to exceed the sum of one thousand dollars ($1,000) for said violation and an additional civil penalty not to exceed one thousand dollars ($1,000) for each day during which such violation continues, and in addition, may be concurrently enjoined from any such violations as hereinafter provided in this section and KRS 224.99-020.

(9) The Franklin Circuit Court shall hold concurrent jurisdiction and venue of all civil, criminal, and injunctive actions instituted by the cabinet or by the Attorney General on its behalf for the enforcement of the provisions of this chapter or the orders and administrative regulations of the cabinet promulgated pursuant thereto.

(10) Any person who deposits leaves, clippings, prunings, garden refuse, or household waste materials in any litter receptacle, except with permission of the owner of such receptacle, or who places litter into a receptacle in such a manner that the litter may be carried away or deposited by the elements upon any property or water not owned by him is guilty of a Class B misdemeanor.

(11) In addition to or in lieu of the penalties set forth in this section or in KRS Chapters 532 and 534, any person found guilty of a second or subsequent offense related to littering may be ordered by the court to pick up litter for not less than four (4) hours.

(12) Any person who violates a provision of this chapter relating to accreditation requirements for asbestos abatement professionals performing asbestos abatement activities in schools shall be liable to the Commonwealth of Kentucky for a civil penalty in an amount not to exceed twenty-five thousand dollars ($25,000) for each violation. Each day a violation continues shall, for purposes of this subsection, constitute a separate violation of provisions of this chapter relating to accreditation requirements for asbestos abatement professionals performing asbestos abatement activities in schools.

(13) A violation of KRS 224.50-413 shall be subject to a fifty dollar ($50) fine for each day the violation continues.

Section 5. The following KRS section is repealed:

224.01-400 Definitions — Regulations — Notification — Minimization — Emergency plan — Inventory of treated and untreated sites — Powers of cabinet — Lien of cabinet for costs of cleanup.

The Committee Substitute to **HB 540** is as follows:

2. Administrative regulations stating what quantity of a hazardous substance must be released before it is reportable.

(b) The substances and reportable quantities designated in administrative regulations promulgated by the cabinet pursuant to paragraph (a) of this subsection shall be identical to those substances and reportable quantities designated by the United States Environmental Protection Agency pursuant to 42 U.S.C. sec. 9602(a) except that the cabinet shall also designate reportable quantities for substances regulated under KRS 224.50-130.

(c) This section shall have no effect until the cabinet promulgates administrative regulations as required by subsection (2)(a) of this section.

(3) Any person in charge of a facility shall, as soon as he has knowledge of any release, occurring on or after the effective date of this section, which is not authorized by a permit issued by the cabinet or the United States Environmental Protection Agency or is not a federally permitted release to the environment of a hazardous substance from the facility in quantities equal to or greater than those determined pursuant to subsection (2) of this section, immediately notify the cabinet of the release. Notification received pursuant to this subsection or information obtained by the exploitation of the notification shall not be used against any person giving the notice in any criminal case, except a prosecution for perjury or for giving a false statement.

(4) The cabinet shall be the lead agency for hazardous substance emergency spill response and, after consultation with other affected federal, state, and local agencies and private organizations, shall establish a contingency plan, which is consistent with the national contingency plan for undertaking emergency actions in response to the release of a hazardous substance.

(5) (a) Whenever any hazardous substance is released into the environment which may present an imminent and substantial danger to the public health or welfare, the cabinet may act, consistent with the contingency plan in subsection (4) of this section, to remove, or arrange for the removal of, the hazardous substance.

(b) The cabinet may further provide for investigations or remedial action relating to a release of hazardous substances in accordance with subsections (7) to (13) of this section, as necessary to protect human health and the environment.

(c) When the cabinet determines that any investigation or remedial action will be done properly and promptly by the owner or operator of the facility, or by any other responsible party as set out in this section, the cabinet may accept the person's investigation and remedial action as satisfying the requirements of this section.

(d) The cabinet shall not undertake a removal or remedial action under this section in response to a release:

1. Of a naturally occurring substance in its unaltered form, or altered solely through naturally occurring processes or phenomena, from a location where it is naturally found;

2. From products which are part of the structure of, and result in exposure within, residential buildings or business or community structures; or

3. Into public or private drinking water supplies due to deterioration of the system through ordinary use.

(6) For the purposes of Sections 1 and 4 of this Act, action levels for removal or remedial action under this section in response to a release are defined as follows:

(a) Action levels for hazardous substances in groundwater or in an aquifer, which have been released from a facility, shall be specified as:

1. Maximum contaminant levels promulgated under the Federal Safe Drinking Water Act, as amended; or

2. For hazardous substances for which maximum contaminant levels have not been promulgated, a concentration which satisfies the following criteria, assuming exposure through consumption of the water contaminated with the hazardous substances:

a. Is derived in a manner consistent with federal Environmental Protection Agency guidelines for assessing the health risks of environmental pollutants, scientifically valid studies conducted in accordance with the Federal Toxic Substances Control Act, as amended, good laboratory practice standards, or the equivalent thereof;

b. For carcinogens, represents a concentration associated with an excess upper bound lifetime cancer risk of one (1) times ten (10) to the negative sixth power due to continuous constant lifetime exposure, and considers the overall weight of evidence for carcinogenicity; and

c. For systemic toxicants, represents a concentration to which the human population could be exposed on a daily basis that is likely to be without appreciable risk of deleterious effects during a lifetime.

(b) Action levels for hazardous substances in surface water, which have been released from a facility shall be specified as:

1. Maximum contaminant levels, as promulgated under the Federal Safe Drinking Water Act, as amended, for hazardous substances in surface waters designated for drinking water supply;

2. For hazardous substances in surface waters designated for drinking water for which maximum contaminant levels are not available, a concentration which meets the criteria specified in subsection (6)(a)2.a. to c. of this section, assuming exposure through consumption of the water contaminated with the hazardous substance; or

3. For hazardous substances in surface waters designated for use or uses other than drinking water supply, a concentration established by the cabinet which meets the criteria specified in subsection (6)(a)2.a. to c. of this section, considering the use or uses of the receiving waters.

(c) Action levels for hazardous substances in soils that have been released from a facility shall be defined as concentrations which meet the criteria specified in subsection (6)(a)2.a. to c. of this section, assuming exposure through consumption of the soil contaminated with the hazardous substance.

(d) If, for a hazardous substance detected in groundwater in an aquifer, surface water, or soils, a concentration meeting the criteria of subsection (6)(a) to (c) of this section, is not available or cannot be developed for use as an action level, the cabinet may establish an action level for the hazardous substance as:

1. A level that is an indicator for protection of human health and the environment, using the exposure assumptions for the particular medium specified in this subsection; or

2. The background concentration of the hazardous substance.

(7) (a) If at any time there has been a release of hazardous substances from a facility which results in concentrations of hazardous substances in groundwater in an aquifer, surface water, or soils in levels which exceed an action level, as defined in subsection (6) of this section, the cabinet may require the potentially responsible party to perform a corrective measure study.

(b) If a hazardous substance introduced into the environment as the result of a release of a hazardous substance from a facility is present in a concentration below an action level and poses a threat to human health or the environment, given site specific exposure conditions, the cabinet may require a corrective measure study.

(c) If an action level has been exceeded, but the cabinet determines, based upon evidence gathered by the cabinet or provided by the potentially responsible party, that the release may nevertheless not pose a threat to human health and the environment, the cabinet may allow the potentially responsible party to apply for a determination of no further action, pursuant to subsection (9) of this section.

(d) The cabinet shall notify the potentially responsible party in writing of the requirement to conduct a corrective measure study and shall specifically identify the hazardous substances released which exceed specified action levels and the evidence supporting its determination.

(e) If the cabinet orders a corrective measure study pursuant to this subsection, the cabinet may require

the potentially responsible party to develop and submit a plan for conducting the corrective measure study.

1. The plan shall be subject to review and approval by the cabinet.

2. The cabinet shall fully consider all parts of the submitted plan before taking action on it.

3. If the cabinet does not accept a portion of the submitted plan, the cabinet shall issue a statement of consideration explaining the reasons for not accepting the plan.

4. The potentially responsible party may modify any plan not accepted by the cabinet and resubmit the modified plan for cabinet approval.

5. The corrective measure study plans shall include, but not be limited to:

a. A description of the general approach to investigating and evaluating potential remedies in response to the release for which submission of the plan is required;

b. A definition of the overall objectives of the study;

c. A description of specific remedies which will be studied;

d. A plan for evaluating the remedies to ensure compliance with the standards for remedies;

e. A schedule for conducting the study; and

f. A proposed format for information presentation.

(f) Upon approval by the cabinet of the corrective measure study plan, as modified, the potentially responsible party shall conduct the studies and investigations in accordance with the plan.

(g) The cabinet may require periodic reports during the implementation of the corrective measure study, and may, based upon information from these reports or other information, require the potentially responsible party to modify the corrective measure study.

(h) Upon completion of the corrective measure study, the potentially responsible party shall submit a report summarizing the results of the study, including a detailed description of the remedy selected and how the proposed remedy meets the standards for remedies as specified in subsection (8)(c) of this section, or requesting a determination of no further action pursuant to subsection (9) of this section.

(i) Notwithstanding any other provision of this subsection, a corrective measure study shall not be required for a potentially responsible party choosing to conduct a cleanup, in response to a release of a hazardous substance, to the background level of the hazardous substance.

(8) (a) Based on the results of the corrective measure study, and any further evaluations, the cabinet shall:

1. Determine whether the selected remedy meets, at a minimum, the standards listed in paragraph (c) of this subsection; or

2. Require no further action pursuant to subsection (9) of this section.

(b) If the remedy selected by the potentially responsible party will not meet the standards listed in paragraph (c) of this subsection, the cabinet shall require the potentially responsible party to submit a modified report meeting the requirements of subsection (7)(h) of this section.

(c) Remedies selected shall:

1. Be protective of human health and the environment;

2. Attain media cleanup standards for the hazardous substance released from a facility as specified in this section;

3. Control the sources of releases of the hazardous substance for which the corrective measure study is required so as to reduce or eliminate, to the extent reasonably feasible, further releases of the hazardous substances that may pose a threat to human health and the environment; and

4. Comply with the standards for management of wastes as specified in subsection (13) of this section.

(d) The cabinet shall consider the following evaluation factors in determining whether to approve the remedy selected by the potentially responsible party:

1. Long-term reliability and effectiveness of the remedy, including the magnitude of residual risks in terms of amounts and concentrations of released hazardous substances remaining following implementation of the remedy, the type and degree of long-term management required, the potential for exposure of humans and environmental receptors to released hazardous substances remaining following implementation of the remedy, the long-term reliability of the engineering and institutional controls, and the potential need for replacement of the remedy;

2. The degree to which the remedy employs treatment that reduces toxicity, mobility, or volume of hazardous substances;

3. The short-term effectiveness of a potential remedy, including consideration of the magnitude of reduction of the existing risks, the short-term risk that might be posed to the community, workers, or the environment during implementation of the remedy, and the time until full protection is achieved;

4. The ease or difficulty of implementing the potential remedy by considering the following types of factors:

a. The degree of difficulty associated with construction and technology;

b. The expected operational reliability of the technologies;

c. The need to coordinate and obtain necessary approvals and permits from other agencies;

d. The availability of necessary equipment and specialists;

e. The available capacity and location of needed treatment; storage, and disposal services;

f. The types of costs, including capital costs, operation and maintenance costs, net present value of capital and operation and maintenance costs, and the potential future remedial actions costs; and

g. The damage to the environment caused by the remedial action; and

5. The cost effectiveness of the remedy.

(e) The potentially responsible party shall specify, as part of the selected remedy, a schedule for initiating and completing the remedial activities, subject to cabinet approval.

(f) Cleanup standards for hazardous substances in groundwater, surface water, or soils shall be set forth in the selected remedy. Cleanup standards shall be set at concentration levels which protect human health and the environment.

1. Except as otherwise provided in this subsection, for known or suspected carcinogens, cleanup standards shall be established at concentration levels which represent an excess upper bound lifetime risk to an individual of between one (1) times ten (10) to the negative fourth power and one (1) times (10) to the negative sixth power; for systemic toxicants, cleanup standards shall represent concentration levels to which the human population could be exposed on a daily basis without appreciable risk of deleterious effect during a lifetime.

2. In reviewing media cleanup standards for approval, the cabinet may consider the following:

a. Multiple contaminants in the medium;

b. Exposure threats to sensitive environmental receptors;

c. Other site specific exposure or potential exposure to contaminated media; and

d. The reliability, effectiveness, practicability, or other relevant features of the remedy.

3. For groundwater and surface water that is a current or potential source of drinking water, the cabinet shall consider maximum contaminant levels promulgated under the Federal Safe Drinking Water Act, as amended, in reviewing media cleanup standards for approval.

4. Any cleanup level for a substance in a particular medium set forth in a federally issued document, including, but not limited to, a statute, regulation, guideline, published policy, or consent decree shall be deemed to protect human health and the environment.

5. If the potentially responsible party demonstrates to the satisfaction of the cabinet that a specific concentration of a hazardous substance in a medium at the facility is naturally occurring or from a source other than the facility, the potentially responsible party shall not be required to achieve a cleanup level for that hazardous substance below that specific concentration.

(g) The cabinet shall specify the area in which compliance with the cleanup standards or levels shall be achieved in accordance with the following:

1. For groundwater, the cleanup standard or level shall be achieved throughout the contaminated groundwater, or, when the substance is left in place, up to the boundary of the property encompassing the facility.

2. For surface water, the cleanup standards or level shall be achieved at the point where the release enters the surface water.

3. For soils, the cleanup standards shall be achieved at any point direct contact exposure to the soils may occur.

4. The cabinet shall specify, in the remedy, the length of time during which the owner or operator shall demonstrate that the concentrations of hazardous substances have not exceeded the standards.

(9) The cabinet may determine that remediation of a release of a hazardous substance from a facility to a media cleanup standard is not necessary if the potentially responsible party demonstrates that:

(a) The affected medium is also contaminated by substances that are naturally occurring or have originated from a source other than the facility, and remediation of the release from the facility would provide no significant reduction in risks to actual or probable receptors;

(b) The hazardous substance is present in groundwater that is not a current or probable source of drinking water and is not migrating to hydrologically connected waters or is unlikely to migrate in a concentration greater than an action level specified in subsection (6) of this section; or

(c) Remediation of the release to media cleanup standards is technically impracticable.

(10) The cabinet shall require the potentially responsible party to demonstrate financial assurance for completing the remedy. The demonstration shall be made no later than one hundred and twenty (120) days after the submission of the plan. If the remedy requires closure of a hazardous waste management unit, and the remedy supplants or modifies the unit's closure or post-closure plan, the cabinet may partially or fully release existing financial assurance for closure, post-closure, and third-party liability. The cabinet may modify the financial assurance requirement based upon a showing by the potentially responsible party that it is financially unable to comply with this requirement.

(11) The cabinet may require the potentially responsible party to prepare detailed construction plans and specifications to implement the approved remedy at the facility. The plan and specifications shall include, but shall not be limited to:

(a) Designs and specifications for units in which hazardous waste and nonhazardous solid waste will be managed, as specified in the approved remedy;

(b) Implementation and long-term maintenance plans;

(c) A project schedule; and

(d) A construction quality assurance program.

(12) (a) Upon approval of the plans and specifications for the remedy, the potentially responsible party shall:

1. Implement the remedy in accordance with the plans and specifications, and consistent with the objectives of the remedies selected;

2. Make available for inspection the approved plans and specifications for the remedy; and

3. Revise the cost estimate used to demonstrate financial assurance under this section, if necessary.

(b) The potentially responsible party may be required by the cabinet to provide progress reports during the design, construction, operation, and maintenance of any remedy.

(c) The cabinet shall periodically review the progress of the remedy. Based on the review, the cabinet may require the potentially responsible party to modify the plans to require additional remedial measures to ensure prompt completion, safety, effectiveness, protectiveness, or reliability of the remedy.

(d) Remedies specified pursuant to this section shall be considered complete when the cabinet determines that:

1. Compliance with all media cleanup standards as specified in the plan have been achieved, except as provided in subsections (8)(f)5. and (9) of this section.

2. All actions required by the plan to control the source of releases have been satisfied; and

3. The procedures specified for removal, decontamination, closure, or post-closure care of units, equipment, devices, or structures required to implement the remedy have been followed.

(e) Upon completion of the remedy, the potentially responsible party shall submit to the cabinet, by registered mail, a request for termination of the remedial action. The request shall include a certification that the remedy has been completed in accordance with the requirements of this section. The request must be signed by the potentially responsible party.

(f) When the remedial action has been completed in accordance with the requirements for remedy completion under this section, the cabinet shall:

1. Terminate the remedial action plan; and

2. Release the potentially responsible party from the requirements for financial assurance for the remedial action.

(13) All wastes which are managed pursuant to a remedy required under this section shall be managed in a manner that is necessary to the protection of human health and the environment and that complies with applicable federal, state, and local requirements.

(14) The following persons shall be liable for all costs of removal or remedial action incurred by the Commonwealth, or any other person, consistent with the contingency plan in subsection (4) of this section:

(a) The owner or operator of a facility;

(b) Any person who, at the time of disposal of any hazardous substance, owned or operated any facility at which the hazardous substances were disposed of;

(c) Any person who, by contract, agreement, or otherwise, arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment of hazardous substances owned or possessed by the person, by any other party or entity, at any facility or incineration vessel owned or operated by another party or entity and containing the hazardous substances; and

(d) Any person who accepts or accepted any hazardous substances for transport to disposal or treatment facilities, incineration vessels, or sites selected by the person from which there is a release of a hazardous substance which causes the incurrence of response costs.

(15) Defenses to liability, limitations to liability, and rights to contribution shall be determined in accordance with Sections 107(a) through (d), 113(f), and 122(h)(4) of the Federal Comprehensive Environmental Response Compensation and Liability Act, as amended.

(16) Whenever practicable and in the public interest, the cabinet shall, as promptly as possible, reach a final settlement with the potentially responsible party if the settlement involves only a minor portion of the response costs at the facility concerned.

(17) Reasonable settlement offers by potentially responsible parties are encouraged and shall not be ignored by the cabinet. A determination by the cabinet not to accept a reasonable settlement offer is subject to judicial review, if the litigation is eventually brought before a court.

(18) The cabinet shall have the authority to promulgate administrative regulations imposing standards which differ from those herein that relate to individual hazardous substances, but only for the purpose of:

(a) Protecting human health and the environment;

(b) Maintaining consistency with newly promulgated federal regulations; and

(c) Maintaining consistency with valid scientific development.

Section 2. KRS 224.60-135 is amended to read as follows:

(1) [~~As required under administrative regulations of the cabinet,~~] A petroleum storage tank owner or operator shall commence, or contract for, corrective action***, in accordance with administrative regulations of the cabinet,*** for a release into the environment from a petroleum storage tank ***upon exceeding the levels established in Section 1(6) of this Act, except that the level shall not be lower than one (1) part per million***.

(2) If a petroleum storage tank owner or operator fails or refuses to take corrective action, the cabinet may draw funds from the unobligated balance of the fund to initiate, or contract for, corrective action pursuant to KRS 224.60-105 to 224.60-160 in accordance with subsection (3) of the section.

(3) Except as provided in subsection (4) of this section, before initiating, or contracting for, corrective action, the cabinet shall make a reasonable effort to notify and provide to the petroleum storage tank owner or operator an opportunity to comply with the requirements of this section.

(4) The cabinet may draw funds from the unobligated balance of the fund to undertake, or contract for, corrective action necessary to prevent or remedy an emergency situation threatening public health, safety, or the environment, resulting from a release into the environment from a petroleum storage tank unless a petroleum storage tank owner or operator is taking appropriate action to abate emergency situations in accordance with administrative regulations of the cabinet.

(5) Within six (6) months from April 9, 1990, the state fire marshall shall promulgate administrative regulations which require any person or organization who installs, repairs, closes, or removes an underground storage tank for a petroleum storage tank owner or operator to demonstrate financial capability, including the maintenance of pollution liability insurance, and technical competency and proficiency.

Section 3. KRS 224.46-580 is amended to read as follows:

(1) The General Assembly declares that it is the purpose of this section to promote the development of statewide programs, under the responsibility of a single agency, which are intended to protect the health of the citizens and the environment of the Commonwealth from present and future threats associated with the management of hazardous wastes, including disposal, treatment, recycling, storage, and transportation. The intent of the General Assembly is to add to and coordinate, and not replace, existing efforts and responsibilities in the areas of hazardous waste management, and to leave the primary burden and responsibility for hazardous waste management on private industry; and further to finance assistance and coordination by imposing assessments on the generators of hazardous waste. The assessments are intended to produce a reduction in waste generated; to promote the use of new techniques in recycling, treatment, and alternatives other than land disposal; and to place the burden of financing additional hazardous waste management activities necessarily undertaken by state agencies on the users of those products associated with hazardous waste generation.

(2) The Natural Resources and Environmental Protection Cabinet is given the authority to administer the provisions and programs of this section and the responsibility to achieve the purposes of this section.

(3) In addition to all specific responsibilities contained elsewhere in this chapter, the cabinet shall:

(a) Respond effectively and in a timely manner to emergencies created by the release of hazardous substances, as defined in ***Section 1 of this Act*** [~~KRS 224.01-400~~], into the environment. The cabinet shall provide for adequate containment and removal of the hazardous substances in order that the threat of a release or actual release of the substance may be abated and resultant harm to the environment minimized. The provisions of KRS 45A.695 to 45A.725 may be suspended by the cabinet if necessary to respond to an environmental emergency.

(b) Provide for post-closure monitoring and maintenance of hazardous waste disposal sites upon termination of post-closure monitoring and maintenance responsibilities by persons permitted to operate the facility pursuant to this chapter.

(c) Identify, investigate, classify, contain, or clean up any release, threatened release, or disposal of a hazardous substance where responsible parties are economically or otherwise unavailable to properly address the problem and the problem represents an imminent danger to the health of the citizens and the environment of the Commonwealth.

(4) The cabinet shall have the authority to finance the nonfederal share of the cost for clean up of sites under the Comprehensive Environmental Response, Compensation and Liability Act of 1980 (Public Law 96-510).

(5) The cabinet shall recover, when possible, actual and necessary expenditures incurred in carrying out the duties under this section. Any expenditures recovered shall be placed in the hazardous waste management fund.

(6) It is the expressed purpose of this section to accomplish effective hazardous waste management that results in a reduction of the generation of hazardous wastes within the Commonwealth; further, it is a purpose of this chapter to allocate a portion of the cost of administering necessary governmental programs related to hazardous waste management to those industries whose products are reasonably related to the production of hazardous waste.

(7) There is hereby imposed upon every person engaged within this state in the generation of hazardous waste an annual hazardous waste management assessment to be determined pursuant to this section according to the quantity by volume of hazardous waste generated, except that no assessment shall be levied against generators for any quantity of "special wastes," waste oil, or spent material from air pollution control devices controlling emissions from coke manufacturing facilities. The assessment shall not be imposed upon any person for any quantities of hazardous waste generated by others for which that person is a secondary handler that stores, processes, or reclaims the waste. The assessment shall be reported and paid to the Natural Resources and Environmental Protection Cabinet on a biannual basis on January 1 and June 30 of each year. The payment shall be accompanied by a report or return in a form that the cabinet may prescribe. If a federal law is enacted which accomplishes or purports to accomplish the purposes set forth in this section and which levies an assessment or tax upon any business assessed pursuant to this section, the amount of the assessment to be levied upon the business under this section shall be reduced by the amount of the federal assessment or tax upon the business. The reduction shall only be authorized when funds raised by the federal assessment or tax are made available to the state for any of the activities to be funded under this section. If federal moneys are available to carry out the duties imposed by subsection (3) of this section, the assessment shall cease to be levied and collected until such time as federal moneys are no longer available to the Commonwealth for these purposes. The assessment shall be charged against generators of hazardous waste until June 30, 2000. After this date, no further hazardous waste management assessment shall be charged against generators.

(8) The assessment on generators shall be ten cents (10) per gallon if the waste is liquid, or five dollars ($5) per cubic yard if the waste is solid.

(a) Hazardous waste that is injected into a permitted underground injection well shall be assessed on a dry weight basis;

(b) Hazardous waste treated, detoxified, solidified, neutralized, recycled, incinerated, or disposed of on-site shall be assessed at one-half (1/2) of the appropriate rate, except for recycled waste used in the steel manufacturing process which shall be exempt; and

(c) Waste that is subject to regulation under Section 402 or 307B of the Federal Clean Water Act shall be exempt.

(9) Except for waste brought into the state by a company to an affiliated manufacturing facility of the company receiving the waste, any person who transports hazardous waste into the state for land disposal or treatment which is generated outside of the state shall pay an assessment to the hazardous waste facility which first receives the waste for storage, treatment, or land disposal. The assessment rate shall be identical to the rate described in subsection (8) of this section. The facility shall remit the assessment to the cabinet on a biannual basis on January 1 and June 30 of each year. The payment shall be accompanied by a return the cabinet shall prescribe.

(10) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails or refuses to file a return or furnish any information requested in writing by the cabinet,

the cabinet may, from any information in its possession, make an estimate and issue an assessment against the generator or hazardous waste facility and add a penalty of ten percent (10%) of the amount of the assessment so determined. This penalty shall be in addition to all other applicable penalties in this chapter.

(11) If any generator or hazardous waste facility subject to the provisions of subsection (8) or (9) of this section fails to make and file a return required by this chapter on or before the due date of the return or the due date as extended by the cabinet, unless it is shown to the satisfaction of the cabinet, that the failure is due to reasonable cause, five percent (5%) of the assessment found to be due by the cabinet shall be added to the assessment for each thirty (30) days or fraction thereof elapsing between the due date of the return and the date on which it is filed, but the total penalty shall not exceed twenty-five percent (25%) of the assessment.

(12) If the assessment imposed by this chapter, whether assessed by the cabinet, or the generator, or any installment or portion of the assessment is not paid on or before the date prescribed for its payment, there shall be collected, as a part of the assessment, interest upon the unpaid amount at the rate of eight percent (8%) per annum from the date prescribed for its payment until payment is actually made to the cabinet.

(13) There is hereby created within the State Treasury a trust and agency fund which shall not lapse to be known as the hazardous waste management fund. The fund shall be deposited in an interest-bearing account. The cabinet shall be responsible for collecting and receiving funds as provided in this section, and all such assessments collected or received by the State Treasury shall be deposited in the hazardous waste management fund. All interest earned on the money deposited in the fund shall be deposited to the fund. When the State Treasurer certifies to the cabinet that the uncommitted balance of the hazardous waste management fund exceeds six million dollars ($6,000,000), assessments shall not be collected until the State Treasurer certifies to the cabinet that the balance in the hazardous waste management fund is less than three million dollars ($3,000,000). The implementation of the cap on the fund shall be suspended from July 13, 1990, until July 1, 1991. he would have received had his period of university employment been covered by the county employees, Kentucky Employees Retirement System or State Police Retirement System. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer.

(9) (a) Effective August 1, 1980, any county participating in the County Employees Retirement System may purchase current service, between July 1, 1958, and participation date of the county, for present employees of the county who have obtained coverage under KRS 78.540(2);

(b) Effective July 1, 1973, any department participating in the Kentucky Employees Retirement System may purchase current service between July 1, 1956, and participation date of the department, for present employees of the department who were employees on the participation date of the department and elected coverage under KRS 61.525(2);

(c) Cost of the service credit purchased under this subsection shall be determined by computing the discounted value of the additional service credit based on an actuarial formula recommended by the board's consulting actuary and approved by the board. A department shall make payment for such service credit within the same fiscal year in which the option is elected. The county shall establish a payment schedule subject to approval by the board for payment of such service credit. The maximum period allowed in a payment schedule shall be ten (10) years with interest at the rate actuarially assumed by the board; however, a shorter period is desirable and the board may approve any schedule provided it is not longer than a ten (10) year period;

(d) If a county or department elects the provisions of this subsection, any present employee who would be eligible to receive service credit under the provisions of this subsection and has purchased service credit under subsection (4) or (5) of this section shall have his payment for such service credit refunded with interest at the rate paid under KRS 61.575 or 78.640;

(e) Any payments made by a county or department under this subsection shall be deposited to the retirement allowance account of the proper retirement system and these funds shall not be considered accumulated contributions of the individual members.

(10) Interest paid by a member of the Kentucky Employees Retirement System, County Employees Retirement System, or State Police Retirement System under this section or other similar statutes under KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 prior to June 19, 1976, shall be credited to the individual member's contribution account in the appropriate retirement system and considered as accumulated contributions of the member.

(11) Members who served as assistants to officers and employees of the General Assembly who were unable to acquire service under KRS 61.510(20) may purchase credit for such service performed after January 1, 1960, provided the service purchased when added to other accumulated service will total at least forty-eight (48) months. Service credit under this section shall be obtained by the payment of a delayed contribution which shall not be picked up by the employer as described in KRS 61.560(4).

(12) Effective August 1, 1988, any employee participating in one (1) of the state-administered retirement systems may purchase service credit for seasonal, emergency, or temporary employment or part-time employment averaging one hundred (100) or more hours of work per month on an annual or fiscal year basis. If the average number of hours of work is less than one hundred (100) per month, the member shall be allowed credit only for those months he receives creditable compensation for one hundred (100) hours of work. The cost will be determined by computing the member and employer contributions for the period of time involved plus interest compounded annually at the current actuarial rate, which shall not be picked up by the employer as described in KRS 61.560(4). Teacher aides, secretaries, custodial personnel, and cafeteria employees of a school district may purchase service credit for part-time employment prior to the 1990-91 school year which averaged eighty (80) or more hours of work per month on an annual or fiscal year basis by paying to the County Employees Retirement System a delayed contribution payment. The delayed contribution payment shall not be picked up, as described in KRS 78.610(4), by the employer. Payment shall be by lump sum, except that the employee may pay by increments. The minimum increment payment shall be for a full year of service unless there is a fraction remaining after all full years have been paid for.

(13) A retired member, who is contributing to one (1) of the state-administered retirement programs and purchases service credit under this section in the system or systems from which he is retired, will have his retirement allowance recomputed:

(a) Upon termination from employment, if the member is contributing to the same system or systems from which he was retired; or

(b) Upon completion of six (6) months' service credit as required under subsection (6) of this section, if the member is contributing to a system other than the system or systems from which he is retired.

(14) Any employee participating in one (1) of the state-administered retirement systems may obtain credit for prior or current service for any period of approved educational leave by paying to the respective retirement system a delayed contribution payment. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(15) Any employee participating in one (1) of the state-administered retirement systems may obtain credit for prior or current service for any period of approved maternity leave granted prior to January 1, 1972, or for any period of approved sick leave without pay, by paying to the respective retirement system a delayed contribution payment. The delayed contribution payment shall not be picked up, as described in KRS 61.560(4), by the employer, and shall be deposited to the individual member's account.

(16) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 by making installment payments in lieu of a lump sum payment.

(a) The cost of the service shall be computed in the same manner as for a lump-sum payment which shall be the principal; and interest, at the actuarial rate in effect at the time the member elects to make the purchase compounded annually, shall be added for the the period that the installments are to be made. Multiple service purchases may be combined under a single installment purchase; however, no employee may make more than one (1) installment purchase at the same time. The employee may elect to stop the installment payments by notifying the retirement system; or may have the installment purchase recalculated to add one (1) or more additional service purchases or may pay by lump sum the remaining principal.

(b) Twelve (12) consecutive monthly installment payments will be made for each one thousand dollars ($1,000) or any part thereof of the total cost, except that the total number of installments shall not be less than twelve (12) and shall not exceed sixty (60).

(c) The employee shall pay the installments by payroll deduction each pay period. Upon notification by the retirement system, the employer shall report the installment payments separate from regular employee contributions on the forms or by the computer format specified by the board. The payments made under this subsection shall be considered accumulated contributions of the member and shall not be picked up by the employer pursuant to KRS 61.560(4) and no employer contributions shall be paid on the installments.

(d) The retirement system shall determine how much of the total cost represents payment for one (1) month of the service to be purchased and shall credit one (1) month of service to the member's account each time this amount has been paid. The first service credited shall represent the first calendar month of the service to be purchased and each succeeding month of service credit shall represent the succeeding months of that service.

(e) If the employee dies, retires, terminates employment, or does not continue employment in a position required to participate in the retirement system, the member, or in the case of death, the beneficiary, shall have thirty (30) days to pay the remaining principal of the purchase by lump sum. If the member or beneficiary does not pay the remaining cost, the retirement system shall refund to the member or the beneficiary the payment, payments or portion of a payment that does not represent a full month of service purchased. ***An employee serving in the military reserves or National Guard who is called to active military duty may, during his absence from employment, continue his installment payments by a method other than payroll deduction, and the retirement system shall accept the absent employee's monthly payment.***

(f) If the employer does not report installment payments on an employee for sixty (60) days, the installment purchase shall cease and the retirement system shall refund to the employee the payment, payments, or portion of a payment that does not represent a full month of service purchased.

(g) If payments have ceased under subsection (15)(e) or (f) of this section and the member later becomes a participating employee in one (1) of the three (3) systems administered by Kentucky Retirement Systems, the employee may complete the adjusted original installment purchase by lump sum or installment payments. If the employee elects to renew the installment purchase, the cost of the remaining service shall be recalculated in accordance with paragraph (a) of this subsection. If the original installment purchase was for multiple service purchases, the employee may not separate those purchases under a new installment purchase.

(h) Any employee participating in one (1) of the retirement systems administered by Kentucky Retirement Systems may purchase service credit under any of the provisions of KRS 16.510 to 16.652, 61.515 to 61.705, or 78.520 to 78.852 by transferring funds directly from a retirement plan maintained by his employer which is a qualified plan pursuant to Section 401(a) of the Internal Revenue Code or by a rollover of funds from the plan pursuant to the rules specified in Section 402(a)(5) of the Internal Revenue Code and the Kentucky Retirement Systems shall accept the transfer or rollover. The amount shall be credited to the individual member's contribution account in the appropriate retirement system and shall be considered accumulated contributions of the member.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 211.952 is amended to read as follows:

The Cabinet for Human Resources shall maintain a program for the planning, development, improvement, and expansion of emergency medical services throughout the state utilizing, among other factors, the system components described in Public Law 93-154 (Emergency Medical Services Systems Act of 1973). This program shall include but need not be limited to:

(1) Delineation, by administrative order of the secretary, of the geographic boundaries of regional emergency medical services systems.

(2) Promulgation of administrative regulations providing for:

(a) [~~Administration of regional emergency medical services systems;~~

~~(b)~~] Composition of regional emergency medical services ***advisory*** [~~systems~~] boards ***to serve in an advisory capacity to the State Emergency Medical Services Advisory Committee***;

(b)[~~(c)~~] Terms of office of regional emergency medical services ***advisory*** [~~system~~] board members;

(c)[~~(d)~~] Appointment of regional emergency medical services ***advisory*** [~~system~~] board members; and

(d)[~~(e)~~] Such other [~~administrative~~] matters relating to [~~the operation of~~] regional emergency medical services systems as may be necessary.

(3) [~~Designation of regional emergency medical services system corporations as management authority for a regional emergency medical services system, upon due consideration of applications for such designation.~~

~~(4)~~] Provision of technical assistance to regional emergency medical services ***advisory*** [~~systems~~] boards, units of local government, and others in planning for the development, coordination, and monitoring of emergency medical services [~~or the provisions of emergency medical services by the board or by others~~].

(4)[~~(5)~~] Issuance of a format for [~~the application for~~] the development of regional emergency medical services plans [~~to be used to determine methods of appropriation and allocation of funds for emergency medical services programs, personnel, and equipment~~].

(5)[~~(6)~~] Application for, receipt of, and disposition of federal, state, or private funds by grant, appropriation, donation, or otherwise for emergency medical services programs, personnel and equipment.

(6)[~~(7)~~] Awarding of funds to [~~regional emergency medical services systems~~] to implement specific objectives delineated in regional emergency medical services [~~system~~] plans, including but not limited to, assistance to local governments for their provision of ambulance service; and

(7)[~~(8)~~] Development, monitoring, [~~operation,~~] and encouragement of such other projects and programs which may be of benefit to emergency medical services in the Commonwealth.

Section 2. KRS 211.954 is amended to read as follows:

A matching fund program is hereby created for the purpose of assisting local ambulance providers in the purchases of ambulances and equipment. The fund shall consist of such moneys as may be appropriated by the General Assembly or may be obtained from other sources for the fund as provided in this section and KRS 211.956:

(1) Application and justification of need for moneys from the fund shall be based upon the state emergency medical services plan's priorities;

(2) Application for moneys from the fund may be made to the Cabinet for Human Resources by any city or county [~~with the assistance of the applicable emergency medical services system~~] based upon guidelines established by the Cabinet for Human Resources;

(3) Moneys from the fund will be provided on a fifty percent (50%) state and fifty percent (50%) local funds matching basis for any ambulance or other item of equipment desired to be procured. No county, including all grants to cities within the county, shall receive more than ***twenty-five*** [~~twelve~~] thousand five hundred dollars ***($25,500)*** [~~($12,500)~~] from the fund per year;

(4) No funds awarded pursuant to this section shall be used for any other purpose than the purpose for which they were awarded. Funds remaining unexpended one year from the date of the award shall lapse and shall be returned to the fund by the recipient city or county;

(5) Funding periods shall coincide with the fiscal year as established by the Cabinet for Human Resources; ***and***

(6) Each ambulance or item of equipment purchased shall meet or exceed, if a standard has been set for the particular item of equipment, the standards set by the Cabinet for Human Resources.

Section 3. KRS 211.956 is amended to read as follows:

A matching fund program is hereby created for the purpose of assisting city and county governments in providing for an adequate number of trained emergency medical service personnel in those cities or counties where other personnel funding resources are unavailable or inadequate and where expenditures for ambulance services exceed five percent (5%) of the city or county general fund budget:

(1) Moneys from the fund may be provided to a city or county government for emergency medical services personnel only:

(a) When the number of personnel operating the ambulance service is consistent with the state emergency medical services plan;

(b) When the revenue of the city or county (as appropriate), including ambulance service district tax revenue and other income is insufficient to meet the personnel needs of the ambulance service; and

(c) When the provision of ambulance service meeting the personnel guidelines would require more than five percent (5%) of the general fund budget of the city or county***, excluding all revenue generated by the ambulance service which may be deposited into the general fund.***

(2) Moneys from the fund shall be used solely to match expenditures which exceed the five percent (5%) limit and may not be used to supplement expenditures below the five percent (5%) limit.

(3) If the city or county enacts an ambulance service district tax as provided for in KRS Chapter 108 then the revenues raised by that tax may be used as a set-off against the [~~five percent (5%) of the~~] general fund requirement on a one for one [~~direct reduction~~] basis. [~~Thus, if the ambulance service district tax raises revenues equalling one percent (1%) of the general fund budget then the amount necessary from the general fund budget shall be four percent (4%) and so forth up to the required limit of five percent (5%).~~]

(4) Application for money from the fund may be made to the Cabinet for Human Resources by any city or county [~~with the assistance of the regional emergency medical service system~~].

(5) Moneys from the fund will be provided on a fifty percent (50%) state and fifty percent (50%) local funds matching basis for emergency medical services personnel salaries. Local match shall be in money and in-kind matching is prohibited. No county, including all grants to cities within the county, shall receive more than forty thousand dollars ($40,000) from the fund per year.

(6) No funds awarded pursuant to this section shall be used for any other purpose than the purpose for which they were awarded. When the actual expenditures from the city or county general fund budget for ambulance service do not meet or exceed five percent (5%) of the general fund budget of the city or county for that year, then the matching money shall be refunded to the Cabinet for Human Resources. Funds remaining unexpended one (1) year from the date of the award shall lapse and shall be returned to the fund by the city or county.

(7) Funding periods shall coincide with the fiscal year as established by the Cabinet for Human Resources.

Section 4. KRS 211.958 is amended to read as follows:

In any [~~city or~~] county where at least fifty percent (50%) of ***emergency*** ambulance ***runs are performed by volunteers*** [~~personnel are volunteers or in which at least fifty percent (50%) of the ambulance services are operated by volunteers~~] the [~~city or~~] county ***or cities within the county*** may elect to apply up to forty thousand dollars ($40,000) of the amount for which they are eligible under KRS 211.956 to increase the amount of money available for purposes of KRS 211.954.

"Life-prolonging treatment" shall not include the administration of medication or the performance of any medical procedure deemed necessary to alleviate pain [~~or for nutrition or hydration~~].

(6) ***"Permanently unconscious" means a condition which, to a reasonable degree of medical probability, as determined solely by the qualified patients attending physician and one (1) other physician, is characterized by a total loss of cerebral cortical functions on clinical examination indicative of consciousness or behavioral interaction with the environment.***

Section 3. KRS 311.626 is amended to read as follows:

(1) An adult ***of sound mind*** may[~~, prior to or after having been diagnosed as having a terminal condition,~~] make a written declaration directing the withholding or withdrawal of life-prolonging treatment, ***nutrition, hydration, or other artificially provided nourishment or fluids.***

(e) Any person directly financially responsible for the declarant's health care.

Section 4. KRS 311.632 is amended to read as follows:

(1) A health care facility, physician, or other person acting under the direction of a physician shall not be subject to criminal prosecution or civil liability or be deemed to have engaged in unprofessional conduct as a result of the withholding or the withdrawal of life-prolonging treatment ***or artificially provided food, water, or other artificially provided nourishment or fluids*** from a patient in a terminal condition ***or who is permanently unconscious*** in accordance with KRS 311.622 to 311.644. A person who authorizes the withholding or withdrawal of life-prolonging treatment ***or artificially provided food, water, or other artificially provided nourishment or fluids*** from a patient in a terminal condition ***or who is permanently unconscious*** in accordance with a declaration shall not be subject to criminal prosecution or civil liability for such action.

(2) The provisions of this section shall apply unless it is shown by ***clear and convincing*** [~~a preponderance of the~~] evidence that the person authorizing or effectuating the withholding or withdrawal of life-prolonging treatment ***or artificially provided food, water, or other artificially provided nourishment or fluids*** did not, in good faith, comply with the provisions of KRS 311.622 to 311.644. A declaration made in accordance with KRS 311.626 shall be presumed to have been made voluntarily and validly executed unless the attending physician or health care facility has actual knowledge to the contrary.

Section 5. KRS 311.634 is amended to read as follows:

(1) Where an individual has been diagnosed as having a terminal condition ***or being permanently unconscious*** and has executed a declaration, prior to or at the time of admission to a health care facility, the individual or the family or guardian of the individual shall inform the attending physician and health care facility of the existence of a declaration. An attending physician or health care facility which refuses to comply with the declaration of a qualified patient shall immediately inform the patient and the family or guardian of the patient of such refusal. No physician or health care facility which refuses to comply with the declaration of a qualified patient shall impede the transfer of such patient to another physician or health care facility which will comply with the declaration. In cases where the patient, the family, or the guardian of the patient, has requested and authorized a transfer, the transferring attending physician and health care facility shall supply the patient's medical records and other information or assistance, as may be medically necessary for the continued care of the patient, to the receiving physician and health care facility.

(2) No physician, nurse, staff member, or employee of a public or private hospital, or employee of a public or private health care facility, who shall state in writing to such hospital or health care facility the person's objection to complying with the declaration of a qualified patient on moral, religious, or professional grounds, shall be required to or held liable for refusal to comply with the declaration of a qualified patient as long as the physician, nurse staff member, or employee complies with the requirements of subsection (1) of this section regarding patient notification and patient transfer.

(3) It shall be unlawful discriminatory practice for any person to impose penalties or take disciplinary action against or deny or limit licenses, certifications, degrees, or other approvals or documents of qualification to any physician, nurse staff member, or employee who refuses to comply with the declaration of a qualified patient and provided the person complies with the provisions of subsections (1) and (2) of this section.

(1) The withholding or withdrawal of life-prolonging treatment ***or artificially provided food, water, or other artificially provided nourishment or fluids*** from a qualified patient in accordance with the provisions of KRS 311.622 to 311.644 shall not, for any purpose, constitute a suicide. Nor shall the making of a declaration pursuant to KRS 311.626 affect the sale, procurement, or issuance of any policy of life insurance, nor shall it be deemed to modify the terms of an existing policy of life insurance. No policy of life insurance shall be legally impaired or invalidated by the withholding or withdrawal of life-prolonging treatment ***or artificially provided food, water, or other artificially provided nourishment or fluids*** from an insured qualified patient, notwithstanding any term of the policy to the contrary.

(2) No physician, health care facility, or other health care provider shall require any person to make a declaration as a condition of receiving health care services. No contract for health insurance, or disability insurance, or credit health insurance or insurance under any nonprofit hospital, medical-surgical, dental and health service corporation, or any self-insured private employer group plan, or any health maintenance organization as provided under KRS Chapter 304 shall require any person to make a declaration as a condition of being insured for health care services; neither shall any of the aforementioned health insurance contracts or plans be legally impaired or invalidated in any manner by the making of a declaration or the withholding or withdrawal of life-prolonging treatment ***or artificially provided food, water, or other artificially provided nourishment or fluids*** from an insured qualified patient, notwithstanding any term of the policy to the contrary.

Section 7. KRS 311.640 is amended to read as follows:

(1) KRS 311.622 to 311.644 creates no presumption concerning the intention of an adult who has revoked or has not executed a declaration with respect to the use, withholding, or withdrawal of life-prolonging treatment ***or artificially provided food, water, or other artificially provided nourishment or fluids*** in the event of a terminal condition ***or state of permanent unconsciousness***.

(2) KRS 311.622 to 311.644 shall not affect the common law or statutory right of an adult to make decisions regarding the use of life-prolonging treatment ***or artificially provided food, water, or other artificially provided nourishment or fluids***, so long as the adult is able to do so, or impair or supersede any common law or statutory right that an adult has to effect the withholding or withdrawal of medical care.

(7) "Health care facility" means any institution, place, building, agency or portion thereof, public or private, whether organized for profit or not, used, operated or designed to provide medical diagnosis, treatment, nursing, rehabilitative or preventive care, and licensed pursuant to KRS Chapter 216B.

(8) "Physician" means a person licensed to practice medicine in the Commonwealth of Kentucky.

(9) "Surrogate" means an adult who has been designated to make health care decisions in accordance with KRS 311.970 to 311.986.

Section 9. KRS 311.978 is amended to read as follows:

(1) Except as specifically limited in the designation or in KRS 311.970 to 311.986, the surrogate may make any health care decisions for the grantor which the grantor could make individually if he or she had decisional capacity, provided all such decisions shall be made in accordance with accepted medical practice. Whenever making any health care decision for the grantor, the surrogate shall consider the recommendation of the attending physician, the decision the grantor would have made if the grantor then had decisional capacity, if known, ***any living will executed by the declarant,*** and the decision that would be in the best interest of the grantor.

(2) The surrogate may not make a health care decision in any situation in which the grantor's attending physician has determined in good faith that the grantor has decisional capacity. The attending physician shall proceed as if there were no designation if the surrogate is unavailable or refuses to make a health care decision.

(3) [~~Notwithstanding the designation of a health care surrogate, nutrition and hydration shall always be provided to a person with the following exceptions: artificial nutrition and hydration may be withheld or withdrawn in the following circumstances:~~

~~(b) When the provision of artificial nutrition cannot be physically assimilated by the person; or~~

~~(c) When the burden of the provision of artificial nutrition and hydration itself shall outweigh its benefit, provided that the determination of burden shall refer to the provision itself and not to the quality of the continued life of the person.~~

~~Even in the exceptions listed in paragraphs (a), (b), and (c) of this subsection, artificial nutrition and hydration shall not be withheld or withdrawn if it is needed for comfort or the relief of pain.~~

~~(4)~~] Notwithstanding the designation of a health care surrogate, life sustaining treatment and artificial nutrition and hydration shall be provided to a pregnant woman unless, to a reasonable degree of medical certainty, as certified on the woman's medical chart by the attending physician and one (1) other physician who has examined the woman, such procedures will not maintain the woman in such a way as to permit the continuing development and live birth of the unborn child or will be physically harmful to the woman or prolong severe pain which cannot be alleviated by medication.

Section 10. KRS 311.980 is amended to read as follows:

The designation may be in substantially the following form. In addition, the designation may include other specific directions which are in accordance with accepted medical practice and not specifically prohibited by KRS 311.970 to 311.986 or any other statute.

________ Authorize my surrogate, designated above, to withhold or withdraw artificially provided nourishment or fluids, or other treatment if the surrogate determines that that withholding or withdrawing is in my best interest; but I do not mandate that withholding or withdrawing.

In the absence of my ability to give directions regarding the use of life-prolonging treatment and artificially provided nutrition and hydration, it is my intention that this directive shall be honored by my attending physician, my family, and any surrogate designated pursuant to this directive as the final expression of my legal right to refuse medical or surgical treatment and I accept the consequences of the refusal.

(4) Notwithstanding the execution of an advance directive, life sustaining treatment and artificially provided nutrition and hydration shall be provided to a pregnant woman unless, to a reasonable degree of medical certainty, as certified on the woman's medical chart by the attending physician and one (1) other physician who has examined the woman, the procedures will not maintain the woman in a way to permit the continuing development and live birth of the unborn child, will be physically harmful to the woman, or prolong severe pain which cannot be alleviated by medication.

(2) The secretary shall, upon the recommendation of the state registrar, designate a local registrar in each registration district to aid in the efficient administration of the system of vital statistics. The local registrar shall be an employee of the local health department. The designation may be revoked by the secretary.

(3) The local registrar may designate one (1) or more employees of the local health department as deputy registrar. The local registrar may also appoint persons as deputy registrars who are not employees of the local health department if, in the opinion of the cabinet, the appointments are necessary. All appointments shall be subject to the approval of the state registrar.

(4) The local registrar shall supply blank forms of certificates to persons who require them. The local registrar shall carefully examine each certificate of birth or fetal death when presented for filing, to ensure the record has been properly completed. The local registrar shall also make a complete and accurate copy of each certificate to be filed and permanently preserved in the local registrar's office as the local record, in the manner directed by the Cabinet for Human Resources. The local registrar shall transmit original certificates ***and affidavits of paternity*** to the Office of Vital Statistics as directed by the state registrar. When a birth or fetal death certificate filed with a local registrar indicates the residence of the mother or the deceased to be in another county, the registrar shall mail a copy of the certificate to the local registrar of the county of residence.

Section 2. KRS 213.046 is amended to read as follows:

(1) A certificate of birth for each live birth which occurs in the Commonwealth shall be filed with the local registrar within ten (10) days after such birth and shall be registered if it has been completed and filed in accordance with this section. (c) In any case in which paternity of a child is determined by a court order, the name of the father and surname of the child shall be entered on the certificate of birth in accordance with the finding and order of the court.

(d) In all other cases, the surname of the child shall be any name chosen by the mother.

"Section 29. KRS 422A.0412 is amended to read as follows:

422A.0412 (KRE 412) (EFFECTIVE JULY 1, 1992, IF ADOPTED BY THE KENTUCKY SUPREME COURT) Rape and similar cases — Admissibility of victim's character and behavior.

(1) Reputation or opinion. Notwithstanding any other provision of law, in a criminal prosecution under KRS Chapter 510 or for attempt or conspiracy to commit an offense defined in KRS Chapter 510, ***or KRS 530.020,*** reputation or opinion evidence related to the sexual behavior of an alleged victim is not admissible.

(2) Particular acts and other evidence. Notwithstanding any other provision of law, in a criminal prosecution under KRS Chapter 510***, or KRS 530.020,*** or for attempt or conspiracy to commit an offense defined in KRS Chapter 510, evidence of a victim's past sexual behavior other than reputation or opinion evidence is also not admissible, unless such evidence is admitted in accordance with subsection (3) and is:

(a) Evidence of past sexual behavior with persons other than the accused, offered by the accused upon the issue of whether the accused was or was not, with respect to the alleged victim, the source of semen or injury;

(b) Evidence of past sexual behavior with the accused and is offered by the accused upon the issue of whether the alleged victim consented to the sexual behavior with respect to which an offense is alleged; or

(c) Any other evidence directly pertaining to the offense charged.

(3) (a) Motion to offer evidence. If the person accused of committing an offense described above intends to offer under subsection (2) evidence of specific instances of the alleged victim's past sexual behavior, the accused shall make a written motion to offer such evidence not later than fifteen (15) days before the date on which the trial in which such evidence is to be offered is scheduled to begin, except that the court may allow the motion to be made at a later date, including during trial, if the court determines either that the evidence is newly discovered and could not have been obtained earlier through the exercise of due diligence or that the issue to which such evidence relates has newly arisen in the case.

(b) Hearing on motion. The motion described in the preceding paragraph shall be accompanied by a written offer of proof. If the court determines that the offer of proof contains evidence described in subsection (2), the court shall order a hearing in chambers to determine if such evidence is admissible. At such hearing the parties may call witnesses, including the alleged victim, and offer relevant evidence. Notwithstanding subsection (2) of KRS 422A.0104 (KRE 104), if the relevancy of the evidence which the accused seeks to offer in the trial depends upon the fulfillment of a condition of fact, the court, at the hearing in chambers or at a subsequent hearing in chambers scheduled for such purpose, shall accept evidence on the issue of whether such condition of fact is fulfilled and shall determine such issue.

(c) Findings and order. If the court determines on the basis of the hearing described in the preceding paragraph that the evidence which the accused seeks to offer is relevant and that the probative value of such evidence outweighs the danger of unfair prejudice, such evidence shall be admissible in the trial to the extent an order made by the court specifies evidence which may be offered and areas with respect to which the alleged victim may be examined or cross-examined.

(4) Definition. For purposes of this rule, the term "past sexual behavior" means sexual behavior other than the sexual behavior with respect to which the offense being tried is alleged to have occurred.

~~(a)~~] the crime was punishable by death or imprisonment for one (1) year or more under the law under which the witness was convicted[~~, or the crime involved dishonesty or false statement, regardless of the punishment; and~~

~~(b) The court determines that the probative value of admitting this evidence on the issue of credibility outweighs its prejudicial effect on the opposing party~~].

The identity of the crime upon which conviction was based may not be disclosed upon cross-examination unless the witness has denied the existence of the conviction. However, a witness against whom a conviction is admitted under this provision may choose to disclose the identity of the crime upon which the conviction is based.

(2) Time limit. Evidence of a conviction under this rule is not admissible if a period of more than ten (10) years has elapsed since the date of the conviction unless the court determines that the probative value of the conviction substantially outweighs its prejudicial effect.

(3) Effect of pardon, annulment, or certificate of rehabilitation. Evidence of a conviction is not admissible under this rule if[~~:~~

~~(a) The conviction has been the subject of a pardon, annulment, certificate of rehabilitation, or other equivalent procedure based on a finding of the rehabilitation of the person convicted, and that person has not been convicted of a subsequent crime which was punishable by death or imprisonment of one (1) year or more; or~~

~~(b)~~] the conviction has been the subject of a pardon, annulment, or other equivalent procedure based on a finding of innocence.

[~~(4) Juvenile adjudications. Evidence of juvenile adjudications is generally not admissible under this rule. The court may, however, in a criminal case allow evidence of a juvenile adjudication of a witness other than the accused if conviction of the offense would be admissible to attack the credibility of an adult and the court is satisfied that admission in evidence is necessary for a fair determination of the issue of guilt or innocence.~~

~~(5) Pendency of appeal. The pendency of an appeal therefrom does not render evidence of a conviction inadmissible. Evidence of the pendency of an appeal is admissible.~~]".

The Auditor of Public Accounts shall report in writing each sixty (60) days to the Interim Joint Committee on Appropriations and Revenue the progress of all state audits, together with copies of all completed audits.

No state agency shall enter into any contract with a non-governmental entity for an audit unless the Auditor of Public Accounts has declined in writing to perform the audit or has failed to respond within thirty (30) days of receipt of a written request. The agency requesting the audit shall furnish the Auditor of Public Accounts a comprehensive statement of the scope and nature of the proposed audit.

There is hereby appropriated to the Auditor of Public Accounts funds which are required in the auditing of federal disaster relief funds, subject to the conditions and procedures provided in this Act.

The Auditor shall maintain a record of all time and expenses for each audit or investigation.

Any additional expense incurred by the Auditor of Public Accounts for auditing federal funds, when such audits are mandated by a cognizant federal audit agency, shall be charged to the audited agency, when such costs may be charged against federal funds. The Auditor of Public Accounts is hereby authorized to receive these federal funds in a separate account to be established for this purpose. The Auditor shall maintain a record of all costs and expenditures associated with this provision.

Each quarter, the Auditor of Public Accounts shall notify the Finance and Administration Cabinet concerning the collection status of the fees charged for county audits. If a county government is delinquent in its payment to the Auditor of Public Accounts, the Finance and Administration Cabinet shall withhold any moneys due that county government for the term of one hundred and twenty (120) days or until the Auditor of Public Accounts has received full payment from the county. The Auditor of Public Accounts is authorized to increase the audit fees for conducting county audits if additional revenues are needed to continue the operation of the office.

The "Single Audit Act of 1984" (OMB Circular No.A-128) has changed the method by which federal moneys to state agencies are audited. As a result of this federal change, the Auditor of Public Accounts is budgeted to receive additional agency receipts which shall be allotted by the Governor's Office for Policy and Management for programs authorized in the enacted budget for the Auditor of Public Accounts by the 1992 General

Assembly, subject to the conditions and procedures provided in this Act. Notwithstanding the provisions of KRS 43.200, no funding is provided for auditor's scholarships.

The cabinet shall then determine whether there has, in fact, been a decline in local tax resources of such district, and, if so, the amount of such decline. The Revenue Cabinet shall then certify its determination to the State Board for Elementary and Secondary Education, and the board shall accept such certified determination as final.

The State Board for Elementary and Secondary Education shall not approve any working budgets or salary schedule summaries for local boards of education for the school years 1992-93 and 1993-94 in which the total amount for 185 days on the salary schedule summary for teachers' instructional salaries is not equal to the amount for 185 days on the salary schedule summary for teachers' instructional salaries in the preceding year, plus the additional amount for teachers' salaries under this appropriation for a 185-day school term by assuming the same rank and experience of teachers in the current year as in the preceding year in each local school district.

In the event that any authorized capital construction and/or major equipment projects are canceled it is the intent of the General Assembly that any General Fund appropriated debt service for those same projects shall lapse to the credit of the General Fund. The Council on Higher Education subheading in this section includes projects entitled "Life Safety Projects Bond Pool" and "University Agency Fund Bond Projects Pool." For the Life Safety Projects Bond Pool, $10 million in projects are authorized to be funded from General Fund-supported bonds. For the University Agency Fund Bond Projects Pool, $23 million in projects are authorized to be funded from Restricted Funds-supported bonds. These two pools provide funding for individual projects to be recommended by the Council on Higher Education to the Secretary of the Finance and Administration Cabinet from the respective project listings previously identified and recommended by the Council for funding in the 1992-94 biennium. The provisions of KRS 45.750 through 45.992 notwithstanding, it is the intent of the General Assembly that capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between regular sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Projects and Bond Oversight Committee receives prior notification.

Pursuant to the provisions of KRS 45.760(12), the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for future projects.

Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440-56.720. Administration of the Economic Development Bond program by the Secretary of Economic Development Cabinet is subject to the guidelines contained herein: 1) Project selection criteria are to be developed by the Secretary of Economic Development Cabinet. The criteria shall include, but not be limited to, such issues as: a project's job creation and/or job retention potential, degree of public and/or private local involvement, and potential project payback and/or contribution in retiring the associated debt obligation. 2) Projects of state agencies are not eligible for funding from this source unless expressly provided for in the Appropriation Act. 3) Project selection shall be documented when presented to the Secretary of Finance. Included in the documentation shall be the rationale for selection and expected economic development impact. 4) Following approval by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission, the project shall be presented by the Economic Development Cabinet to the next regularly scheduled Capital Projects and Bond Oversight Committee meeting for information and review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development projects, Infrastructure Projects, Asbestos Abatement projects, Tourism Development projects, the Life Safety Projects Bond Pool for Higher Education, the University Agency Fund Bond Projects Pool, as well as certain computer acquisitions or improvements related to the implementation of the expansion of the Council on Higher Education's Accountability Enhancement Program. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $100,000 shall be reported to the Capital Projects and Bond Oversight Committee. All moneys transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

The provisions of KRS 56.870(1) shall not be applicable to the financing of any project where the project is certified by the Secretary of Finance to be of such type as to independently produce revenue sufficient to fully meet debt service, issuance costs, reserve fund requirements, insurance premiums and any other expenditures necessary for financing so that no appropriation of state funds will be required. Such certification shall be made in writing by the Secretary of the Finance and Administration Cabinet to the statutory head of the issuing agency or authority with a copy to the Governor and the Legislative Research Commission.

Repayments of revolving funds established with bond issues for which debt service, issuance costs, reserve fund requirements, insurance premiums or any other expenditures associated with the issuance of such bonds is appropriated by the General Assembly shall not be deemed independently produced revenue.

Prior to the issuance of the revenue bonds or notes authorized by this Act, the agency authorized to issue the bonds or notes shall furnish to the Capital Projects and Bond Oversight Committee and the Interim Joint Committee on Appropriations and Revenue, and make available to the public, a listing of all costs associated, either directly or indirectly, with the issuance of the revenue bonds or notes. The costs shall be itemized as to amount and name of payee, and shall include fees or commissions paid to, or anticipated to be paid to, issuers, underwriters, placement agents and advisors, financial advisors, remarketing agents, credit enhancers, trustees, accountants, and the counsel of all such persons, bond counsel and special tax counsel, and shall include the economic benefits received or anticipated to be received by any other persons from any source in return for services performed relating to the issuance of the bonds or notes. Changes in amounts or names of payees or recipients, or additions of amounts or names of payees or recipients, to the listing furnished and made available pursuant to this section, shall be furnished to the Capital Projects and Bond Oversight Committee and the Interim Joint Committee on Appropriations and Revenue and made available to the public within three (3) days following the change.

PART III

GENERAL PROVISIONS

1. Restricted funds designated in the biennial appropriations acts are classified in the state financial records and reports as the Agency Revenue Funds, State Enterprise Funds (State Parks, State Fair Board, Industries for the Blind, and Kentucky Horse Park), Internal Services Funds (Computer Services, Central Stores, Telecommunications, Prison Industries, Central Printing and Property Management) and selected Fiduciary Funds (Unemployment Compensation and Other Expendable Trust). Separate funds records and reports shall be maintained in a manner consistent with the appropriations acts. Appropriations out of restricted

funds in this Act shall include all fees (which include fees for board and room, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by an agency or budget unit of the state government, except as otherwise specifically provided, for the use and benefit of each agency or budget unit for the purposes for which each restricted agency fund or account is authorized. Restricted funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made as provided in Part I. All receipts of restricted funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45 and 48. Appropriations out of federal funds in this Act shall include federal subventions, grants, contracts or other federal funds received, income from investments and other miscellaneous federal receipts received by an agency or budget unit of the state government, except as otherwise provided, for the use and benefit of each agency or budget unit for the purposes for which each fund account is authorized. Federal funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made as provided in Part I. All federal funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45 and 48. If receipts received or credited to any restricted funds account or federal funds account during fiscal year 1992-93 or fiscal year 1993-94, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed the appropriation made by specific sum to said account as provided in Part I of this Act for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said fiscal year only upon compliance with the conditions and procedures specified in this Act and with the authorization of the State Budget Director of the Governor's Office for Policy and Management and approval of the Secretary of the Finance and Administration Cabinet. No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use and source, and such documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with the provisions of this Act. Except as otherwise provided in this Act, the appropriate agency or budget unit may requisition for expenditure from the restricted funds account or the federal funds account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1993, and during the fiscal year ending June 30, 1994, all receipts placed to the credit of respective funds accounts for such year, out of which has been established a restricted funds account or federal funds account for each separate agency or budget unit during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, and, if applicable, during each fiscal year, each agency or budget unit, shall submit to the Finance and Administration Cabinet, the Governor's Office for Policy and Management and the Legislative Research Commission documentation of restricted funds and federal funds for each budget unit showing estimated receipts and estimated expenditures, a comparative statement of any revised estimated receipts and proposed expenditures with sums specified in the enacted Budget of the Commonwealth and statements which explain the necessity, use and purpose for the occurrence of such variances. No unbudgeted appropriation shall be allotted without prior review and action by the Interim Joint Committee on Appropriations and Revenue. Any request for allotment of unbudgeted appropriations from any fund source shall be documented in written detail by the head of the budget unit and transmitted simultaneously to the State Budget Director and the Interim Joint Committee on Appropriations and Revenue. Proposed revisions to the specified appropriations sums in this Act to be authorized by the State Budget Director, or designee, shall be transmitted to the Interim Joint Committee on Appropriations and Revenue at least twenty (20) days prior to the next regular committee meeting date. The Committee shall then review the proposed expenditure of unbudgeted appropriations for conformance with the purposes of the appropriations and enacted budget, the provisions of this Act or statutes, and the statutory budget memorandum. If the Committee disapproves of the proposed revision of the enacted appropriated sum, the budget adjustment shall be invalid unless the proposed appropriation level is revised to comply with the Committee's objections, or the Committee is informed, in written detail, within 30 days by the State Budget Director that a determination has been made not to comply with the objections of the Committee. The Legislative Research Commission shall maintain records of the Committee's findings, determinations and reports of actions by the State Budget Director, and transmit these records to the General Assembly when next convened. If an emergency unbudgeted appropriation revision is required due to a declared natural disaster, calamity or impending deficit in an enacted appropriation sum as certified by the Governor, the State Budget Director is empowered to effect an emergency revised appropriation, with the approval of the Secretary of the Finance and Administration Cabinet and with concurrent notification to the Interim Joint Committee on Appropriations and Revenue of the action and its justification. Allotments within appropriated sums for the activities and purposes contained in the enacted Budget of the Commonwealth may be revised upon authorization of the State Budget Director at the request of the head of a budget unit. A copy of the request and the determinations of the State Budget Director shall be transmitted to the Interim Joint Committee on Appropriations and Revenue prior to the implementation of the revision of the allotment. If a budget unit not listed in Part I of this Act receives unanticipated restricted fund or federal fund money, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such moneys, may authorize, upon recommendation of the State Budget Director and review and action by the Interim Joint Committee on Appropriations and Revenue, the credit and expenditure of such funds for statutory purposes. The Secretary of the Finance and Administration Cabinet shall cause to be established a separate discrete restricted funds or federal funds account, as appropriate for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. The Secretary of the Finance and Administration Cabinet shall provide appropriate notice pursuant to this event to the Interim Joint Committee on Appropriations and Revenue.

No state agency entitled to federal funds which would represent one hundred percent (100%) of the cost of a program in which the state participates shall decline to accept or receive such entitlement without notification to the Interim Joint Committee on Appropriations and Revenue of the Legislative Research Commission and the State Budget Director.

2. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1992, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration Cabinet except as otherwise provided in this Act. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500 and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

3. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection and each appropriation sum by specified fund or funds accounts thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

4. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs. The receipts and allotments under this Section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

5. All statutory continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 42, 96A, 164, 183, 278, and 441 of the Kentucky Revised Statutes. All statutes and portions of statutes in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed, unless otherwise provided by this Act.

6. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation, legislative and executive records and the statutory budget memorandum.

7. Any General Fund or Road Fund appropriation made herein in anticipation of a lack, loss, or reduction of federal funds shall lapse to the General Fund or Road Fund respectively to the extent such federal funds otherwise become available.

8. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within sixty days upon adjournment of the 1992 General Assembly, to publish a final budget document, the Budget of the Commonwealth, based upon the proposed Executive Budget as enacted by the 1992 General Assembly as well as other acts which provide appropriations for the 1992-94 biennium and based upon supporting documentation and legislative records as considered by the 1992 General Assembly and the statutory budget memorandum. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each part of this Act or by law, and upon review and action by the Interim Joint Committee on Appropriations and Revenue.

9. In the event that any authorized capital construction and/or equipment purchase projects are cancelled or if conditions imposed by this Act are not met, it is the intent of the General Assembly that any appropriated General Fund or Road Fund debt service for those same projects shall remain unallotted and lapse to the

credit of the respective General Fund or Road Fund Surplus Account. In the event that General Fund or Road Fund appropriated debt service is less than required due to favorable interest rates, refinancing, or timing variances, the excess debt service in each fiscal year shall remain unallotted and lapse to the credit of the respective surplus account.

10. It is the intent of the General Assembly that the Secretary of the Transportation Cabinet shall use road fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, in the event that road fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

11. No funds appropriated in this Act may be expended for any purpose not specifically authorized by the General Assembly in this Act nor may funds appropriated in this Act be transferred to or between any cabinet, department, board, commission, institution, agency or budget unit of state government unless specifically authorized by the General Assembly in this Act. Compliance with the provisions of this subsection shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

12. Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless such executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in another Act of the 1992 General Assembly. If any executive reorganization order issued from sine die adjournment of the 1990 Regular Session to sine die adjournment of the 1992 Regular Session is not confirmed by the 1992 General Assembly, the Secretary of the Finance and Administration Cabinet is empowered and directed, in consultation with agency heads and with notification to the Legislative Research Commission, to transfer the balance of funds for any affected program or function for fiscal year 1991-92 and any related appropriations and funds for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which the program or function resided prior to such reorganization action or in which it was placed by action of the 1992 General Assembly. The Legislative Research Commission shall forward the documentation to the appropriate committees.

13. Any appropriation in this Act and any other enactment by the 1992 General Assembly which contains an appropriations provision for the same purpose and amount shall be construed as duplicate sums and no additional moneys shall be provided for the duplicate appropriations. Questions of interpretation of such duplicate appropriations shall be determined as provided in this Act.

14. A Budget Reserve Trust Fund is hereby established. There is appropriated from the General Fund, $5,000,000 for fiscal year 1992-93 and $5,000,000 for fiscal year 1993-94 to the Budget Reserve Trust Fund.

These funds shall be used in the event actual General Fund receipts during the 1992-93 fiscal year or the 1993-94 fiscal year are not sufficient to meet the General Fund appropriation levels authorized by this Act or other general biennial appropriations bills. In addition, allotments from the Budget Reserve Trust Fund may be made for items deemed to be emergency or mandated expenditures elsewhere provided for in this Act if there be insufficient moneys in the General Fund Surplus Account.

No allotment or expenditure from the Budget Reserve Trust Fund shall be made except upon approval of the Governor of the Commonwealth. The Secretary of the Finance and Administration Cabinet shall, before authorizing any allotment or expenditure from the Budget Reserve Trust Fund, provide written notice to the Interim Joint Committee on Appropriations and Revenue.

Any expended balance remaining at the close of the 1991-92 fiscal year shall not lapse, but shall continue into the 1992-93 fiscal year and any unexpended balance remaining at the close of the 1992-93 fiscal year shall not lapse, but shall continue into the 1993-94 fiscal year.

15. The General Assembly recognizes that during the 1991-92 fiscal year the General Fund and Road Fund revenues of the Commonwealth were less than the estimates upon which appropriations for those fiscal years were made by the 1990 General Assembly under KRS Chapter 47. The General Assembly acknowledges that, as a result of shortfalls in the revenues during the biennium for which funds were appropriated by the 1990 General Assembly, the Secretary of the Finance and Administration Cabinet, as directed by KRS Chapter 47, took action to prevent an overdraft or deficit in the finances of the Commonwealth through the reduction of appropriations made under authority conferred pursuant to KRS Chapter 47 and by various other actions, all as set forth in and provided by Order 92-484 of the Secretary of the Finance and Administration Cabinet, which Orders are permanent records of the Commonwealth, on file with the State Budget Director in the Governor's Office for Policy and Management.

It is the intent of the General Assembly herein to ratify and confirm the appropriation levels appearing in Order 92-484 of the Secretary of the Finance and Administration Cabinet as the General Fund and Road Fund appropriations for fiscal year 1991-92 for the offices, boards, commissions, institutions, subdivisions and agencies of the Government of the Commonwealth of Kentucky, except so much thereof as relates to the appropriation to the Local Government Economic Assistance Fund, which sum shall be determined as provided by KRS 42.450; it is the further intent of the General Assembly herein, the provisions of any other law of the Commonwealth to the contrary notwithstanding, to ratify and confirm the advances, transfers and lapse to the General Fund and to the Road Fund of all non-General Fund and all non-Road Fund money, respectively, as identified in Order 92-484 of the Secretary of the Finance and Administration Cabinet, and to that end, the General Assembly hereby expressly ratifies, confirms, adopts, and enacts the appropriation levels contained in Order 92-484, as the appropriations for the offices, boards, commissions, institutions, subdivisions, and agencies of the Government of the Commonwealth for fiscal year 1991-92, and to the extent in conflict therewith the appropriation levels set forth in KRS Chapter 47 shall be read as conforming to the levels of appropriation hereby enacted, except that the following appropriation amounts are hereby reinstated as follows to the appropriation units identified:

Cabinet for Human Resources	
Department for Health Services	$2,143,500
Department for Mental Health/Mental Retardation Services	$2,837,100
Legislative Branch	$ 372,200
Judicial Branch	$1,855,700

16. Notwithstanding KRS 61.565, it is the intent of the General Assembly that, from July 1, 1992 through June 30, 1994, the employer contribution rate for the Kentucky Employees Retirement System shall be no more than 7.65 percent for nonhazardous duty employees and 15.05 percent for hazardous duty employees; for the same period, the employer contribution for employees of the State Police Retirement System shall be no more than 19.57 percent.

PART IV

STATE SALARY/COMPENSATION AND EMPLOYMENT POLICY

1. It is the finding of the General Assembly of the Commonwealth of Kentucky that the financial condition of state government requires the following action.

2. Notwithstanding the provisions of KRS 15.755, 15.765, 18A.355, 64.055, 64.480, 64.485, and 151B.035(7)(e), the salaries of the various state officers, officials, and employees for fiscal year 1992-93 shall not be incremented over fiscal year 1991-92 except as specifically provided for in this Act.

3. Notwithstanding the provisions of KRS 15.755, 15.765, 18A.355, 64.055, 64.480, 64.485, and 151B.035(7)(e), the salaries of the various state officers, officials, and employees for fiscal year 1993-94 shall be incremented by three percent (3%) over fiscal year 1992-93.

4. It is the intent of the General Assembly that a state employee compensation increase program, the Salary Enhancement Fund, be established to provide salary increases to permanent, full-time classified employees whose salaries, on July 1, 1992, are $20,000 or less per annum. Compensation increases amounting to two percent (2%) of salary in fiscal year 1992-93 shall be provided to those employees and those increases shall become a part of the regular salary or compensation of those employees.

It is the intent of the General Assembly that these compensation increases may be paid from those sources of funds contained in the Operating Budget, Part I of this Act, as may be available, excluding debt service appropriations, in addition to the specific appropriation designated for this purpose as contained in this Act.

5. Notwithstanding the provisions of KRS 18A.110(3)(a), it is the intent of the General Assembly that all non-elected Executive Branch officers, officials, and employees, whose salary on July 1, 1992 exceeds $50,000 per annum, shall have their salary reduced by two percent (2%).

6. It is the intent of the General Assembly that a bonus payment program be established to provide financial rewards for those employees meeting certain performance standards. Bonus payments made pursuant to this program, as defined and administered by the Department of Personnel, may be provided in fiscal

year 1992-93 and in fiscal year 1993-94 to permanent, full-time classified employees. Such bonus payments shall be in lump-sum form and shall not become part of the regular salary or compensation of the employee.

The bonus payments may be paid from all sources of funds in the Operating Budget, Part I of this Act, excluding debt service appropriations. It is the intent of the General Assembly that such funds as are available due to productivity savings or management efficiencies shall be used for these payments.

7. Notwithstanding the provisions of KRS 18A.113, 18A.1131 and 18A.1132, it is the intent of the General Assembly to provide the Commissioner of Personnel authority to approve layoff plans developed by the agencies of the Executive Branch pursuant to and in conformity with the enacted 1992-94 Budget of the Commonwealth. It is further the intent of the General Assembly that all layoff plans approved by the Commissioner of Personnel pursuant to these provisions shall be transmitted to the Interim Joint Committees on Appropriations and Revenue.

A. In the event of a reduction (revenue shortfall) in the estimated General Fund revenue receipts of $4,587,126,800 fiscal year 1992-93 and $4,863,891,200 for fiscal year 1992-94, the heads of the executive, judicial, and legislative branches shall implement pro-rata reductions for their respective branches in the following sequence:

1. The Local Government Economic Assistance Fund shall be adjusted to equal revised estimates of receipts pursuant to KRS 42.450.

2. Funds available in the General Fund Surplus Account, created by KRS 48.700, shall be applied toward the revenue shortfall.

3. Funds in the Budget Reserve Trust Fund in an amount not to exceed $23,500,000 shall be applied.

This Road Fund Surplus Expenditure Plan provides for additional money for nonrecurring expenditures for which an appropriation was not made in this Appropriations Act, or for a program or service authorized by law for which an appropriation was not made or which program was not fully funded.

The Secretary of the Finance and Administration Cabinet shall determine, after the close of fiscal year 1991-92 and fiscal year 1992-93, based on the official financial records of the Commonwealth, and in accordance with KRS 48.120, the amount of excess Road Fund tax receipts available for expenditure through this Road Fund Surplus Expenditure Plan. The amount of excess receipts available shall be determined after all allocations required by statutory Road Fund revenue sharing programs have been adjusted pursuant to the applicable statutes. The Secretary of the Finance and Administration Cabinet shall communicate this information to the Secretary of the Transportation in a timely manner.

The Secretary of Transportation is hereby authorized to expend these excess tax receipts, up to the amount reported by the Secretary of the Finance and Administration Cabinet, for the purpose stated herein: fifty percent (50%) of the available receipts shall be deposited to the Highway Construction Contingency account for use in accordance with KRS Chapter 45 and fifty percent (50%) of the available receipts shall be deposited to the Secretary's Emergency Fund for use in accordance with this Act.

In the event that any authorized capital construction and/or major equipment projects are canceled, any General Fund appropriated debt service for those same projects shall lapse to the credit of the General Fund. The Council on Higher Education subheading in this section includes projects entitled "Life Safety Projects Bond Pool" and "University Agency Fund Bond Projects Pool." For the Life Safety Projects Bond Pool, $10 million in projects are authorized to be funded from General Fund-supported bonds. For the University Agency Fund Bond Projects Pool, $23 million in projects are authorized to be funded from Restricted Funds-supported bonds. These two pools provide funding for individual projects to be recommended by the Council on Higher Education to the Secretary of the Finance and Administration Cabinet from the respective project listings previously identified and recommended by the Council for funding in the 1992-94 biennium. The provisions of KRS 45.750 through 45.992 notwithstanding, capital construction projects at institutions of higher education involving no state or federal funds, may be authorized between regular sessions of the General Assembly, providing that such projects receive prior approval from both the Council on Higher Education and the Secretary of the Finance and Administration Cabinet, and that the Capital Projects and Bond Oversight Committee receives prior notification.

Pursuant to the provisions of KRS 45.760(12), the Capital Construction and Equipment Purchase Contingency Fund may be used to advance funds to projects authorized to be financed by bonds and may be used to finance feasibility studies for future projects.

Roof repair or replacement projects shall be eligible for Emergency Repair, Maintenance, and Replacement Fund allotments, subject to the provisions of KRS 45.780.

Before any economic development bonds are issued, the proposed bond issue shall be approved by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission under the provisions of KRS 56.440-56.720. Administration of the Economic Development Bond program by the Secretary of Economic Development Cabinet is subject to the guidelines contained herein: 1) Project selection criteria are to be developed by the Secretary of Economic Development Cabinet. The criteria shall include, but not be limited to, such issues as: a project's job creation and/or job retention potential, degree of public and/or private local involvement, and potential project payback and/or contribution in retiring the associated debt obligation. 2) Projects of state agencies are not eligible for funding from this source unless expressly provided for in the Appropriation Act. 3) Project selection shall be documented when presented to the Secretary of Finance. Included in the documentation shall be the rationale for selection and expected economic development impact. 4) Following approval by the Secretary of the Finance and Administration Cabinet and the State Property and Buildings Commission, the project shall be presented by the Economic Development Cabinet to the next regularly scheduled Capital Projects and Bond Oversight Committee meeting for information and review under the provisions of KRS 45.750-45.800.

Inasmuch as the identification of specific projects in a variety of areas of the state government cannot be ascertained with absolute certainty at this time, it is the purpose and intent of the General Assembly to appropriate amounts for specific purposes to projects which are not individually identified herein in the following areas: Repair of State-Owned Dams, Economic Development projects, Infrastructure Projects, Asbestos Abatement projects, Parks Revitalization projects, the Life Safety Projects Bond Pool for Higher Education, the University Agency Fund Bond Projects Pool, as well as certain computer acquisitions or improvements related to the implementation of the Council on Higher Education's Accountability Enhancement Program. Any such projects estimated to cost over $200,000 and equipment estimated to cost over $100,000 shall be reported to the Capital Projects and Bond Oversight Committee. All moneys transferred to the Finance and Administration Cabinet for capital construction from any appropriations, including income from investments, shall be expended, accounted for, and otherwise treated in the same manner as funds appropriated directly to the Finance and Administration Cabinet for capital construction.

The provisions of KRS 56.870(1) shall not be applicable to the financing of any project where the project is certified by the Secretary of Finance to be of such type as to independently produce revenue sufficient to fully meet debt service, issuance costs, reserve fund requirements, insurance premiums and any other expenditures necessary for financing so that no appropriation of state funds will be required. Such certification shall be made in writing by the Secretary of the Finance and Administration Cabinet to the statutory head of the issuing agency or authority with a copy to the Governor and the Legislative Research Commission.

Repayments of revolving funds established with bond issues for which debt service, issuance costs, reserve fund requirements, insurance premiums or any other expenditures associated with the issuance of such bonds is appropriated by the General Assembly shall not be deemed independently produced revenue.

Prior to the issuance of the revenue bonds or notes authorized by this Act, the agency authorized to issue the bonds or notes shall furnish to the Capital Projects and Bond Oversight Committee and the Interim Joint Committee on Appropriations and Revenue, and make available to the public, a listing of all costs associated, either directly or indirectly, with the issuance of the revenue bonds or notes. The costs shall be itemized as to amount and name of payee, and shall include fees or commissions paid to, or anticipated to be paid to, issuers, underwriters, placement agents and advisors, financial advisors, remarketing agents, credit enhancers, trustees, accountants, and the counsel of all such persons, bond counsel and special tax counsel, and shall include the economic benefits received or anticipated to be received by any other persons from any source in return for services performed relating to the issuance of the bonds or notes. Changes in amounts or names of payees or recipients, or additions of amounts or names of payees or recipients, to the listing furnished and made available pursuant to this section, shall be furnished to the Capital Projects and Bond Oversight Committee and the Interim Joint Committee on Appropriations and Revenue and made available to the public within three (3) days following the change.

PART III

GENERAL PROVISIONS

1. Restricted funds designated in the biennial appropriations acts are classified in the state financial records and reports as the Agency Revenue Funds, State Enterprise Funds (State Parks, State Fair Board, Industries for the Blind, Insurance Administration, and Kentucky Horse Park), Internal Services Funds (Computer Services, Central Stores, Telecommunications, Prison Industries, Central Printing, Risk Management and Property Management) and selected Fiduciary Funds (Unemployment Compensation and Other Expendable Trust). Separate funds records and reports shall be maintained in a manner consistent with the appropriations acts. Appropriations out of restricted funds in this Act shall include all fees (which include fees for board and room, athletics, and student activities) and rentals, admittances, sales, bond proceeds, licenses collected by law, gifts, subventions, contributions, income from investments, and other miscellaneous receipts produced or received by an agency or budget unit of the state government, except as otherwise specifically provided, for the use and benefit of each agency or budget unit for the purposes for which each restricted agency fund or account is authorized. Restricted funds receipts shall be credited and allotted to the respective fund or account out of which a specified appropriation is made as provided in Part I. All receipts of restricted funds shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45 and 48.

Appropriations out of federal funds in this Act shall include federal subventions, grants, contracts or other federal funds received, income from investments and other miscellaneous federal receipts received by an agency or budget unit of the state government, except as otherwise provided, for the use and benefit of each agency or budget unit for the purposes for which each fund account is authorized. Federal funds receipts shall be credited and allotted to the respective fund account out of which a specified appropriation is made as provided in Part I. All federal funds receipts shall be deposited in the State Treasury and credited to the proper account as provided in KRS Chapters 12, 42, 45 and 48.

If receipts received or credited to any restricted funds account or federal funds account during fiscal year 1992-93 or fiscal year 1993-94, and any balance forwarded to the credit of any such account from the previous fiscal year, exceed the appropriation made by specific sum to said account as provided in Part I of this Act for the fiscal year in which the excess occurs, said excess shall become available for expenditure for the purpose of the account during said fiscal year only upon compliance with the conditions and procedures specified in this Act and with the authorization of the State Budget Director of the Governor's Office for Policy and Management and approval of the Secretary of the Finance and Administration Cabinet. No appropriation from any fund source shall exceed the sum specified in this Act until the agency has documented the necessity, purpose, use and source, and such documentation has been submitted to the Interim Joint Committee on Appropriations and Revenue for its review and action in accordance with the provisions of this Act.

Except as otherwise provided in this Act, the appropriate agency or budget unit may requisition for expenditure from the restricted funds account or the federal funds account, through the Finance and Administration Cabinet, during the fiscal year ending June 30, 1993, and during the fiscal year ending June 30, 1994, all receipts placed to the credit of respective funds accounts for such year, out of which has been established a restricted funds account or federal funds account for each separate agency or budget unit during such fiscal year, in addition to any balance which said agency may have had forwarded from the preceding year on or before August 31, of the then current fiscal year, by the Finance and Administration Cabinet. On or before the beginning of each fiscal year, and, if applicable, during each fiscal year, each agency or budget unit, shall submit to the Finance and Administration Cabinet, the Governor's Office for Policy and Management and the Legislative Research Commission documentation of restricted funds and federal funds for each budget unit showing estimated receipts and estimated expenditures, a comparative statement of any revised estimated receipts and proposed expenditures with sums specified in the enacted Budget of the Commonwealth and statements which explain the necessity, use and purpose for the occurrence of such variances.

No unbudgeted appropriation shall be allotted without prior review and action by the Interim Joint Committee on Appropriations and Revenue as provided in this section. Any request for allotment of unbudgeted appropriations from any fund source shall be documented in written detail by the head of the budget unit and transmitted simultaneously to the State Budget Director and the Interim Joint Committee on Appropriations and Revenue. Proposed revisions to the specified appropriations sums in this Act to be authorized by the State Budget Director, or designee, shall be transmitted to the Interim Joint Committee on Appropriations and Revenue by the seventh work day of each month. Within forty-five (45) days after receipt, the Committee shall then review the proposed expenditure of unbudgeted appropriations for conformance with the purposes of the appropriations and enacted budget, the provisions of this Act or statutes, and the statutory budget memorandum. If the Committee disapproves of the proposed revision of the enacted appropriated sum, the budget adjustment shall be invalid unless the proposed appropriation level is revised to comply with the Committee's objections, or the Committee is informed, in written detail, within 30 days by the State Budget Director that a determination has been made not to comply with the objections of the Committee. Where the committee fails to review the proposed expenditure of unbudgeted appropriations within forty-five (45) days of receipt, the proposed expenditure shall be deemed to have been revised unless its subcommittee has recommended disapproval. The Legislative Research Commission shall maintain records of the Committee's findings, determinations and reports of actions by the State Budget Director, and transmit these records to the General Assembly when next convened. If an emergency unbudgeted appropriation revision is required due to a declared natural disaster, calamity or impending deficit in an enacted appropriation sum as certified by the Governor, the State Budget Director is empowered to effect an emergency revised appropriation, with the approval of the Secretary of the Finance and Administration Cabinet and with concurrent notification to the Interim Joint Committee on Appropriations and Revenue of the action and its justification.

Allotments within appropriated sums for the activities and purposes contained in the enacted Executive Budget may be revised upon authorization of the State Budget Director at the request of the head of a budget unit. A copy of the request and the determinations of the State Budget Director shall be transmitted to the Interim Joint Committee on Appropriations and Revenue prior to the implementation of the revision of the allotment.

If a budget unit not listed in Part I of this Act receives unanticipated restricted fund or federal fund money, the Secretary of the Finance and Administration Cabinet, upon written request from the agency head with appropriate documentation of the amount, source, purpose, necessity and use of such moneys, may authorize, upon recommendation of the State Budget Director and review and action by the Interim Joint Committee on Appropriations and Revenue, the credit and expenditure of such funds for statutory purposes. The Secretary of the Finance and Administration Cabinet shall cause to be established a separate discrete restricted funds or federal funds account, as appropriate for the receipt and disbursement of such funds and shall establish the maximum sum which may be credited and expended from the authorized account. The Secretary of the Finance and Administration Cabinet shall provide appropriate notice pursuant to this event to the Interim Joint Committee on Appropriations and Revenue.

Institutions of higher education shall be exempt from all conditions and procedures in this section and Section 8 of Part III with the respect to the authority of the state budget director and the Finance and Administration Cabinet to review or approve unbudgeted restricted funds or federal funds receipts or appropriations in excess of the enacted budget; provided however, in the event of this occurrence, an institution of higher education must report excess unbudgeted restricted funds and federal funds receipts to the Interim Joint Committee on Appropriations and to the state budget director prior to the obligation of funds for expenditure.

No state agency entitled to federal funds which would represent one hundred percent (100%) of the cost of a program in which the state participates shall decline to accept or receive such entitlement without notification to the Interim Joint Committee on Appropriations and Revenue of the Legislative Research Commission and the State Budget Director.

2. Except as otherwise explicitly authorized by this Act, nothing in this Act shall be construed to repeal any appropriation made hereinbefore or hereinafter for the fiscal year ending June 30, 1992, and nothing in this Act is to be construed as amending or altering the provisions of Chapters 42, 45, and 48 of the Kentucky Revised Statutes pertaining to the duties and powers of the Secretary of the Finance and Administration

Cabinet except as otherwise provided in this Act. All questions that arise in interpreting any appropriation in this Act as to the purpose or manner for which such appropriation may be expended shall be decided by the Secretary of the Finance and Administration Cabinet pursuant to KRS 48.500 and the decision of the Secretary of the Finance and Administration Cabinet shall be final and conclusive.

3. In enacting this Appropriation Act, it is the deliberate intention of the General Assembly to enact each section, and each subsection and each appropriation sum by specified fund or funds accounts thereof as a separate and/or specific appropriation and law, and if any section, any subsection, or any provision thereof shall be held invalid or unconstitutional, the decision of the courts shall not affect or impair any of the remaining sections, subsections, or provisions contained herein.

4. The Secretary of the Finance and Administration Cabinet is authorized to establish a system or formula or a combination of both for pro-rating the administrative costs of the Finance and Administration Cabinet, and the Departments of Treasury and Law relative to the administration of programs in which there is joint participation by the state and federal governments for the purpose of receiving the maximum amount of participation permitted under the appropriate Federal laws and regulations governing such programs. The receipts and allotments under this Section shall be reported to the Interim Joint Committee on Appropriations and Revenue prior to any transfer of funds.

5. All statutory continuing appropriations in existence at the time this Act takes effect are discontinued and repealed by this Act except as provided by Chapters 42, 96A, 164, 183, 278, and 441 of the Kentucky Revised Statutes. All statutes and portions of statutes in conflict with any of the provisions of this Section, to the extent of such conflict, are hereby repealed, unless otherwise provided by this Act.

6. No state agency, cabinet, department, office, or program shall incur any obligation against the General Fund or Road Fund appropriations contained herein unless such obligation may be reasonably determined to have been contemplated in the enacted budget and is based upon supporting documentation, legislative and executive records and the statutory budget memorandum.

7. Any General Fund or Road Fund appropriation made herein in anticipation of a lack, loss, or reduction of federal funds shall lapse to the General Fund or Road Fund respectively to the extent such federal funds otherwise become available.

8. The Secretary of the Finance and Administration Cabinet shall cause the Governor's Office for Policy and Management, within sixty days upon adjournment of the 1992 General Assembly, to publish a final budget document, the Budget of the Commonwealth, based upon the proposed Executive Budget as enacted by the 1992 General Assembly as well as other acts which provide appropriations for the 1992-94 biennium and based upon supporting documentation and legislative records as considered by the 1992 General Assembly and the statutory budget memorandum. This document shall include for each agency and budget unit a consolidated budget summary statement of available regular and continuing appropriated revenue by fund source, corresponding appropriation allocations by program or subprogram as appropriate, budget expenditures by principal budget class and such other fiscal data and commentary considered necessary for budget execution by the Governor's Office for Policy and Management and oversight by the Interim Joint Committee on Appropriations and Revenue. The enacted budget shall be revised or adjusted only upon approval by the Governor's Office for Policy and Management as provided in each part of this Act or by law, and upon review and action by the Interim Joint Committee on Appropriations and Revenue.

9. In the event that any authorized capital construction and/or equipment purchase projects are cancelled or if conditions imposed by this Act are not met, any appropriated General Fund or Road Fund debt service for those same projects shall remain unallotted and lapse to the credit of the respective General Fund or Road Fund Surplus Account; however the debt service appropriation to the School Facilities Construction Commission is exempted. In the event that General Fund or Road Fund appropriated debt service is less than required due to favorable interest rates, refinancing, or timing variances, the excess debt service in each fiscal year shall remain unallotted and lapse to the credit of the respective surplus account. Funds appropriated to the School Facilities Construction Commission in fiscal year 1992-93 beyond those necessary to meet debt service requirements shall be retained in the account of the School Facilities Construction Commission and reallocated to eligible school districts in fiscal year 1993-94.

10. The Secretary of the Transportation Cabinet shall use road fund resources to meet the lease rental payments to the Kentucky Turnpike Authority for Resource Recovery Road projects in the amount certified by the Secretary of the Transportation Cabinet. However, in the event that road fund resources are not sufficient to meet lease rental payments, the additional amount required for meeting lease rental payments as certified by the Secretary of the Transportation Cabinet under KRS 143.090 shall be transferred from coal severance tax receipts to meet the obligation.

11. No funds appropriated in this Act may be expended for any purpose not specifically authorized by the General Assembly in this Act nor may funds appropriated in this Act be transferred to or between any cabinet, department, board, commission, institution, agency or budget unit of state government unless specifically authorized by the General Assembly in this Act. Compliance with the provisions of this subsection shall be reviewed and determined by the Interim Joint Committee on Appropriations and Revenue.

12. Nothing in this Act shall be construed to confirm or ratify, under KRS 12.027 or 12.028, any executive reorganization order unless such executive order was confirmed or ratified by appropriate amendment to the Kentucky Revised Statutes in another Act of the 1992 General Assembly. If any executive reorganization order issued from sine die adjournment of the 1990 Regular Session to sine die adjournment of the 1992 Regular Session is not confirmed by the 1992 General Assembly, the Secretary of the Finance and Administration Cabinet is empowered and directed, in consultation with agency heads and with notification to the Legislative Research Commission, to transfer the balance of funds for any affected program or function for fiscal year 1991-92 and any related appropriations and funds for each of the next two fiscal years from the budget unit in which the program or function was placed by the executive reorganization order to the budget unit in which the program or function resided prior to such reorganization action or in which it was placed by action of the 1992 General Assembly. The Legislative Research Commission shall forward the documentation to the appropriate committees.

13. Any appropriation in this Act and any other enactment by the 1992 General Assembly which contains an appropriations provision for the same purpose and amount shall be construed as duplicate sums and no additional moneys shall be provided for the duplicate appropriations. Questions of interpretation of such duplicate appropriations shall be determined as provided in this Act.

14. A Budget Reserve Trust Fund is hereby established. There is appropriated from the General Fund, $5,000,000 for fiscal year 1992-93 and $5,000,000 for fiscal year 1993-94 to the Budget Reserve Trust Fund.

These funds shall be used in the event actual General Fund receipts during the 1992-93 fiscal year or the 1993-94 fiscal year are not sufficient to meet the General Fund appropriation levels authorized by this Act or other general biennial appropriations bills. In addition, allotments from the Budget Reserve Trust Fund may be made for items deemed to be emergency or mandated expenditures elsewhere provided for in this Act if there be insufficient moneys in the General Fund Surplus Account.

No allotment or expenditure from the Budget Reserve Trust Fund shall be made except upon approval of the Governor of the Commonwealth. The Secretary of the Finance and Administration Cabinet shall, before authorizing any allotment or expenditure from the Budget Reserve Trust Fund, provide written notice to the Interim Joint Committee on Appropriations and Revenue.

Any expended balance remaining at the close of the 1991-92 fiscal year shall not lapse, but shall continue into the 1992-93 fiscal year and any unexpended balance remaining at the close of the 1992-93 fiscal year shall not lapse, but shall continue into the 1993-94 fiscal year.

15. The General Assembly acknowledges that during fiscal year 1991-92 the General Fund and Road Fund revenues are less than the enacted estimates pursuant to KRS 48.120(3) and that the 1990 General Assembly had enacted the general appropriations bills in 1990 Acts Chapters 514, 511 and 444 as contained in KRS Chapter 47 based upon the anticipated revenue estimates.

The 1990 General Assembly enacted the 1990-92 General Fund Budget Reduction Plan in 1990 Acts Chapter 514, Part V, for state government pursuant to KRS 48.130(1) and (3). The Plan contained in Chapter 514, KRS 48.130 and 48.600 constitutes the statutory scheme and guidelines for resolving a General Fund and Road Fund revenue shortfall of five percent (5%) or less for the 1990-92 biennium under KRS 48.120(3). These statutes and Acts provide direction and authority by which the heads of the executive, judicial and legislative branches shall revise and reduce appropriations and allotments and other deficit alleviation actions for their respective branch budget units under KRS 48.130(4).

The General Assembly finds that the provisions set forth in, and provided by, Order 92-484 by the Secretary of Finance and Administration as certified by the Governor and Secretary of Transportation are invalid as to any authority with regard to the judicial and legislative branches, and as to the revised appropriation levels set forth in the Order 92-484 for the judicial and legislative appropriations acts for the 1990-92 biennium.

The General Assembly confirms, adopts and enacts the revised General Fund appropriations levels for budget units of the executive branch contained in Order 92-484 except that the following appropriation amounts are hereby reinstated for budget units of the Cabinet for Human Resources:

Department for Health Services - $2,143,500.

Department for Mental Health and Mental Retardation Services - $2,837,100.

The General Assembly confirms and enacts the advances, transfers and lapses to the General Fund of non-General Fund money identified in Order 92-484.

The General Assembly confirms, adopts and enacts the allotment reductions and revised appropriations levels for budget units of the judicial branch as implemented and certified by the Administrative Office of the Courts pursuant to KRS Chapter 48. The General Assembly ratifies, confirms, adopts and enacts the allotment reductions and revised appropriations levels for the budget units of the legislative branch as implemented and certified by the Legislative Research Commission pursuant to KRS Chapter 48.

The General Assembly acknowledges that the Road Fund revenue shortfall in fiscal year 1991-92 exceeds five percent (5%) of the enacted Road Fund Revenue estimates pursuant to KRS 48.120(3). The General Assembly acknowledges further that the provisions set forth in, and provided by, Order 92-484 exceed the authority granted in KRS 48.130 and 48.160 to implement budget deficit related actions. Notwithstanding KRS 48.130 and 48.160, the General Assembly confirms, adopts and enacts the Road Fund allotment reductions and revised appropriation levels contained in Order 29-484, and confirms and enacts the advances, transfers and lapses to the Road Fund identified in Order 92-484.

16. Notwithstanding KRS 61.565, it is the intent of the General Assembly that, from July 1, 1992 through June 30, 1994, the employer contribution rate for the Kentucky Employees Retirement System shall be no more than 7.65 percent for nonhazardous duty employees and 15.05 percent for hazardous duty employees; for the same period, the employer contribution for employees of the State Police Retirement System shall be no more than 19.57 percent.

17. Notwithstanding the provisions of KRS 23A.200, 23A.210, 24A.170, and 24A.180 to the contrary, there shall be added to the filing fee in all civil actions filed in the Circuit and District Courts, except small claims and neglect and dependency actions filed in District Court, the sum of five dollars ($5), designated as the Access to Justice fee, to be charged at the time of filing of the first papers in the action, and all fees collected pursuant to these actions shall be deposited in the State Treasury and credited to a restricted fund revolving account in the judicial branch.

For each judicial district, the Chief Justice of the Commonwealth, in consultation with the Chief Circuit Judge of the district, the president of the local bar association within the county or judicial district, and agencies providing legal services to indigent clients in civil matters within the district, shall designate a nonprofit agency, or local bar association, to develop, operate and administer programs for the provision of legal services to indigent clients involved in civil matters within the district. The agency, or local bar association, may serve more than one (1) county, and shall be incorporated under the law of the Commonwealth, be an organization within the meaning of Section 501(c)(3) of the Internal Revenue Code of 1986, and ensure that all persons providing legal services to agency clients do so without any fee to the client.

The Administrative Office of the Courts, as recommended by the Chief Justice of the Kentucky Supreme Court, shall distribute monthly, the fees collected pursuant to this Act according to a pro rata allocation formula that distributes funds to each agency according to the number of residents in the judicial districts or counties served whose incomes do not exceed the official U.S. federal poverty guidelines. Any attorney providing pro bono services through the designated agency shall, upon request, receive reimbursement from the agency exclusively for out-of-pocket expenses incident thereto, including, transcription costs, photocopy costs, long distance phone expenses, expert witnesses, and other similar direct out-of-pocket expenses.

At the close of the state fiscal year, all unused or uncommitted funds received by a designated agency shall be returned by the designated agency to the restricted fund revolving account, to be redistributed in the following calendar quarter to operating designated agencies in accordance with guidelines established by the Administrative Office of the Courts.

PART IV

STATE SALARY/COMPENSATION AND EMPLOYMENT POLICY

1. It is the finding of the General Assembly of the Commonwealth of Kentucky that the financial condition of state government requires the following action.

2. Notwithstanding the provisions of KRS 15.755, 15.765, 16.050, 18A.355, 64.055, 64.480, 64.485, and 151B.035(7)(e), the salaries of the various state officers, officials, and employees in the classified and unclassified service including contractual or otherwise paid employees, for fiscal year 1992-93 shall not be incremented over fiscal year 1991-92 except as specifically provided for in this Act.

3. Notwithstanding the provisions of KRS 15.755, 15.765, 16.050, 18A.355, 64.055, 64.480, 64.485, and 151B.035(7)(e), the salaries of the various state officers, officials, and employees in the classified and unclassified service including contractual or otherwise paid employees for fiscal year 1993-94 shall be incremented by three percent (3%) over fiscal year 1992-93, except as provided in this Part.

4. It is the intent of the General Assembly that a state employee compensation increase program, the Salary Enhancement Fund, be established to provide salary increases to permanent, full-time classified employees whose salaries, on July 1, 1992, are $20,000 or less per annum. Compensation increases amounting to two percent (2%) of salary in fiscal year 1992-93 shall be provided to those employees and those increases shall become a part of the regular salary or compensation of those employees.

It is the intent of the General Assembly that these compensation increases may be paid from those sources of funds contained in the Operating Budget, Part I of this Act, as may be available, excluding debt service appropriations, in addition to the specific appropriation designated for this purpose as contained in this Act.

5. BUDGET MODIFICATION REPORT

BRANCH BUDGET

The Branch Budget recommends reduced funding for existing services and programs in FB 1992-94 with the following exceptions:
$25,000 is provided in each year to fund an Equal Employment Opportunity Coordinator position.
$4,800,000 in FY 1992-93 and $5,000,000 in FY 1993-94 is provided to pay a 2% pay increment to permanent full time employees in the classified service making $20,000 or less per year on July 1, 1992.

Specific reductions include: $200,000 per year in computer services, elimination of all capital outlay expenditures, elimination of all seasonal positions, and elimination of tuition assistance. The House concurs with the Branch Budget recommendation with the exception of adding an additional $15,000 each year for the EEO Coordinator position. $10,000 is also added in FY 1993-94 to cover the costs of the Personnel Board election. If cost of the election exceeds $10,000, the House directs that the Department of Personnel may recover the additional costs up to $10,000 from the Personnel Board

SENATE REPORT

BRANCH BUDGET

The branch budget maintains or expands all components of the Support Education Excellence in Kentucky (SEEK) program and SEEK-related programs with one exception. Funding for the vocational supplement that provides additional funds for those students enrolled in vocational education program in the local school is eliminated. The base funding level is set at the current level of $2,420 for FY 1992-93 and increased by 3 percent to $2,495 in FY 1993-94. Appropriations for the SEEK program are based on a projected average daily attendance of 572,480. Sufficient funds are included to fully fund the Tier I component of the SEEK program with the equalization level being $280,000. Funding for the Facilities Support Program is maintained at the current level. This program is also equalized at $280,000 in the branch budget. Funds for pupil transportation and exceptional children are maintained at the current level. The branch budget proposes a .7 deduct factor to be applied against the base pupil guarantee in those instances where a student spends a portion of the school day at a state-operated vocational center. This would be applied to the portion of the school day the students attends the vocational center. The branch budget also proposes that a per pupil holdharmless provision be included in the SEEK calculation for each year of the biennium. The branch budget includes funding for the Kentucky Teachers' Retirement System (KTRS) employer match on behalf of local school district personnel. These funds will be remitted to KTRS on behalf of the local school districts.

HOUSE REPORT

The House concurs with the Branch Budget recommendations and adds the following: Included in the appropriation for SEEK and SEEK related program is $92,860,000 in FY 1992-93 and $104,100,000 in FY 1993-94 in General Fund-Lottery proceeds.

SENATE REPORT

The Senate concurs with the House recommendations with one exception. The .7 deduct factor to be applied against the base per pupil guarantee in those instances where a student spends a portion of the school day at a state-operated vocational center is changed to .3.

CONFERENCE REPORT

The Conference concurs with the Senate.

BUDGET MODIFICATION REPORT

BRANCH BUDGET

The branch budget recommends reduced funding for existing services and programs in several areas. Administrative/operational funds are reduced by 6 percent in FY 1992-93 and funding for the principal/superintendent assessment centers and extended school services is reduced. Four programs - experimental school psychologists, experimental school counselors, remediation and certified personnel evaluation - are eliminated. Additional funding is provided for pre-kindergarten, family resource/youth service centers, staff development, regional service centers and the education professional standards board.

HOUSE REPORT

The House concurs with the Branch Budget recommendations with the following exceptions: All funding for the regional service centers is deleted in each year of the biennium; funding for the Family Resource/Youth Service Centers is reduced by $3,000,000 in each year of the biennium. In addition, the House increases funding for the Extended School Services Program by $8,057,000 in FY 1992-93 and $7,599,000 in FY 1993-94. Included in the above General Fund appropriation is $39,000 in each year of the biennium to continue the statewide information service relative to alcohol/drug abuse among Kentucky's coal mining workforce. This project relating to drug abuse shall be conducted by the Kentucky Department of Education through Kentucky State University in accord with the Kentucky State University proposal dated January 2, 1992.

SENATE REPORT

The Senate concurs with the Branch Budget recommendations with the following exceptions: Funding for the Family Resource/Youth Service Centers is reduced by $3,000,000 in each year of the biennium. Included in the General Fund appropriation is $39,000 in each year of the biennium to continue the statewide information service relative to alcohol/drug abuse among Kentucky's coal mining workforce. This project relating to drug abuse shall be conducted by the Kentucky Department of Education through Kentucky State University in accord with the Kentucky State University proposal dated January 2, 1992. No grants to local school districts for the Extended School Services program shall be approved unless the application includes the following: a complete description of the program; the manner in which the program will operate; the projected number of students to be served and the criteria to be used in selecting students for participation; and the number of certified and non-certified staff necessary for program operations and the criteria to be used in selecting staff. Instructional supplies shall only be authorized if a need is demonstrated and the district does not have the supplies and materials available. In addition, if a local school district uses funds from the Extended School Services program to provide transportation services, students not enrolled in the Extended School Services program may use these services provided their use does not increase the cost of providing the transportation. Included in the General Fund appropriation is $400,000 in each year of the biennium for the minority teacher recruitment and training program.

CONFERENCE REPORT

The Conference concurs with the Senate with the following exceptions: No additional funds are provided for the regional service center in either year of the biennium. Funding for the Extended School Services program is increased by $6,957,700 in FY 1992-93 and $4,099,500 in FY 1993-94. Any funds appropriated for the Extended School Services program that are not expended in the first year of the biennium shall not lapse to the General Fund but shall continue into the second year for the purposes designated. Eligible school districts shall receive funds for developmentally appropriate preschool programs required by KRS 157.226 and 157.3175 based on guidelines and procedures established by the State Board for Elementary and Secondary Education. These districts must work with existing preschool programs to: (1) coordinate the recruitment of eligible children to avoid duplication of programs and services to children who are eligible for preschool programs through other sources of public funds and, (2) maximize the use of Head Start funds to serve as many four (4) year old children as possible, including certification by the Head Start director that the program is fully utilized.
